

2000 WAR VETERANS TO GUARD WINNIPEG

City Takes Over Milk Supply and Pledges Protection.

STRIKERS SAID WEAKENING

Canadian Government Expected to Arrest Ringleaders in Labor Movement Within Few Days.

WINNIPEG, June 5.—The fourth week of the Winnipeg general strike began this afternoon with hundreds of returned soldiers pledged to assist the city authorities in maintaining law and order, and in providing free flow of foodstuffs.

More than 4000 war veterans assembled today and passed resolutions denouncing some of the strike leaders as anarchists and agents of revolution, and promised Mayor Gray his appeal for 2000 special constables would be filled from the ranks of loyal returned soldiers.

The meeting demanded the government bring men responsible for the Winnipeg upheaval to justice; urged the immediate deportation of all undesirable aliens, and declared "the only one big union which Canadian soldiers would recognize was the union jack."

While the mass meeting was being held a parade of strikers and strike sympathizers passed within a block of the auditorium where the soldiers were gathered.

Mayor Gray announced that he was informed today by a government official from Ottawa that the machinery of the federal government is in action, and that the arrest of several persons alleged to have fomented the Winnipeg labor upheaval for the purpose of causing a dominion revolution, "may be expected within a short time."

The mass meeting adjourned this afternoon until 11 o'clock tomorrow forenoon. A parade to the city hall was then started. Acceptance of returned soldiers as constables during the strike period followed at the city hall.

City to Supply Milk. The city today took over the distribution of milk and was arranging to provide for bread distribution if necessary. It was reported that strike leaders were preparing to rescind their order of yesterday ordering all union handlers of foodstuffs to go on strike.

Mayor Gray made the following statement at the soldiers' meeting: "The strike leaders have publicly announced that they intend to run the city of Winnipeg like they would run a hotel, and that they would eat and who would not, and they have intimated they were powerful enough to bring about a change of government. I know that the men who fought for the old flag in France have had enough of Hunism and bolshevism and I'll be damned if we're going to stand for it."

Rumors were current on the streets and in local newspaper offices that the strike committee had decided to consider the advisability of calling off the sympathetic strike in view of the impending action by war veterans.

VANCOUVER CARMEN STRIKE

Sympathetic Walkout in Northern City Grows in Force.

VANCOUVER, B. C., June 5.—Van-cou-ver walkout today, which started last night to join the general strike called here in sympathy with the Winnipeg walkout. The strike of the carmen came as a surprise, for last week they rejected the strike proposal by a five-to-one vote.

It seems, which have been barred by law from operating on the streets, appeared in large numbers today and handled much of the traffic toward the business section.

Dance halls and cabarets closed last night, when the strike committee informed union musicians that the permit given them to remain at work in theaters did not include other places of amusement or hotels and restaurants.

The Vancouver Morning Sun appeared today with a bold-face front-page declaration that it would not permit the typographical union to censor the strike news printed in its columns. Yesterday the union printers and linotype operators notified the paper that they would not set up or handle any news or editorial matter which reflected in the least upon the moves of Canadian labor unions.

Ranks of Vancouver's strikers were swelled today when the metal trades workers, carpenters, sugar refinery employes and a number of small local unions walked out. The telephone operators are to take another strike vote tonight.

The "labor defense committee," known throughout Vancouver as "the red guard" is reported distributing strike propaganda among union workers who have not walked out.

Coastwise shipping has been almost completely paralyzed by the strike, and rapidly as the coast steamers arrive the union men walk off and join the strikers.

turn. I feel it my duty to now return the actual control of operations to the company.

"Some days ago I directed the necessary orders to be prepared to accomplish this and have today issued same. These orders do not affect questions of rates and finance with which the congress may determine to deal. The rates now in force had the financial relations between the government and the companies and the order of October 2, 1918, prohibiting discrimination because of union affiliation will continue, unless the congress in its wisdom may decide to change them or the emergency is terminated by the proclamation of peace.

POSTAL COMPANY IS RAPPED

Conduct During War Enough to Justify U. S. Control, Says Koons.

WASHINGTON, June 5.—The conduct of the Postal Telegraph company in handling government business at Washington in the trying period of war was enough to justify the taking over of telegraph and telephone systems, Assistant Postmaster-General Koons told the house interstate commerce committee today at a hearing which closed just before a session of the postmaster-general relinquishing operation of the wire properties.

Mr. Koons declared if other wire companies had adopted the same policy as the Postal it would have strangled the government in the conduct of the war.

"I do not know what was in the mind of the president, or what facts were before him," Mr. Koons said, "at the time the properties were taken over, but the country was engaged in war and because of some facts recently come to us as the result of an investigation by postoffice inspectors and the actions, in my opinion, of the Postal Telegraph company alone in handling government business out of the capital at other places in the United States at a crucial period through which this country was passing, would have justified the taking of these properties."

Mr. Koons charged the Postal avoided government business, made no special effort to expedite it, and transferred to the Western Union large numbers of government messages filed with it for delivery at places at which it maintained offices.

UNION DEMAND REITERATED

Private Ownership Declared to Have No Effect on Strike Planned.

SAN FRANCISCO, June 5.—Return of the wire utilities to private ownership will have no effect on the general strike planned for June 16 unless the private companies renege on the policy of collective bargaining, labor leaders announced here today.

All of the day district electrical workers met here tonight to perfect strike plans, it was announced.

Ratification by Wisconsin Legislature Soon Expected—Progress Elsewhere Yet Uncertain.

WASHINGTON, June 5.—Vice-president Marshall today signed the woman suffrage constitutional amendment resolution in the presence of Chairman Watson of the senate woman suffrage committee and other senators and representatives of women's organizations. The vice-president's signature was the last act on the resolution at the capitol, Speaker Gillett having attached his signature yesterday.

WASHINGTON, June 5.—With the fight in congress won after nearly 40 years of effort, advocates of woman suffrage today turned their attention to the various state legislatures, three-fourths of which must ratify the constitutional amendment before victory can be won.

MADISON, Wis., June 5.—The Wisconsin legislature will ratify the federal suffrage amendment as soon as it is received here. Secretary of State Merin Hill today telegraphed to Senator Lusk asking when it might be expected.

HARTFORD, Conn., June 5.—Governor Marcus B. Holcomb does not expect to call a special session of the Connecticut legislature to act upon the suffrage amendment. The general assembly will not meet in regular session until 1921.

SPRINGFIELD, Ill., June 5.—A resolution seeking to put Illinois on record as ratifying the federal suffrage amendment was introduced today by Senator Cornwell, republican, of Chicago.

MEXICO ASKS FAIR DEAL

PROTECTION FOR FOREIGN INVESTMENTS PROMISED.

Nations and Creditors Urged to Be Patient; Southern Republic Also Has Reconstruction Task.

WASHINGTON, June 5.—Mexico will protect all foreign investments in that country and if other countries only are patient, Mexico will pay all her debts, Dr. Juan B. Rojo, counsellor and charge d'affaires ad interim of the Mexican embassy, today told the pan-American commercial congress. His words "I assure you all foreign investments in Mexico are safe and will be protected" brought a storm of applause.

"Mexico is now in the reconstruction period," Dr. Rojo said. "All that she wants is that, rather than handicapping her at every moment, outsiders may be a little patient, as Mexico has always paid what she owed."

"If countries as strong as Great Britain and the United States are experiencing a difficult social and economic condition, it is not fair to expect from Mexico the conditions that prevailed there in 1918. The state of affairs created by the social movements of my country is as impossible to eliminate as the conditions created here and in Europe by the war."

CITIES SWAP POLICE TO HUNT DOWN REDS

Members of New York "Bomb Squad" Scattered Far.

ALIENS WILL BE DEPORTED

Pittsburg Arrests of I. W. W. Declared to Shed Light on Explosions in City.

NEW YORK, June 5.—The eight cities in which bomb outrages were perpetrated Monday night have arranged for an interchange of police officers to facilitate co-operation of all the agencies at work running down the radicals responsible for the explosions, it was announced at police headquarters here tonight.

The statement came at the close of a conference between federal agents and representatives of the municipal police departments of various cities. It was said that detachments of the New York bomb squad have been sent to Pittsburg, Philadelphia, Philadelphia, Boston and other cities in the hope that they may be of assistance in rounding up anarchists and other radicals who are familiar figures on the exclusive red society of New York.

Collar May Give Clue. In an effort to obtain clues that might lead to the establishing of the identity of the anarchist who was torn to pieces by the bomb explosion which wrecked the residence of Attorney-General Mitchell Palmer, in Washington, D. C., last Monday night, detectives today were visiting all laundries in the greater city with photographic reproductions of the collar found near the spot in Washington where the man was killed.

Federal representatives brought with them pieces of cloth found near the home of Attorney-General A. Mitchell Palmer after it had been wrecked by a bomb Monday night, and what was believed to be fragments of garments worn by the anarchist who was blown to pieces by the explosion.

Officers connected with the police departments of several of the cities in which there were bomb outrages Monday night will come to New York to give the police here whatever help they can. The belief was expressed that the anarchists in several of the cities have fled to New York in an effort to avoid arrest.

Many to Be Deported. Deportation of at least 50 alien agitators is understood to be pending.

PITTSBURG, June 5.—With the arrest of George Oliver, 23, of Cleveland, police today believed they were on the trail of the anarchists responsible for Monday night's bomb explosions here. Oliver, who had been sought since shortly after the blasts at the homes of Federal Judge W. H. S. Thompson and Immigration Inspector W. W. Slrby, was taken into custody last night.

According to the police, literature of a radical nature was found on Oliver, who came to this city the day of the explosions.

I. W. W. Are Questioned. John Johnson, president of the local I. W. W., and 14 other alleged anarchists, were examined today by agents of the department of justice.

E. J. McGurty of Brookline, near here, was arrested after being hunted by detectives since the bomb explosions Monday. A search of the house, the police declare, revealed a quantity of I. W. W. literature and a map of West Virginia bearing a number of mysterious pencil dots. McGurty admitted to

Dr. C. H. Young has been elected as chairman of the new organization and immediate steps have been taken to interest all the property owners in the project before the matter is placed before the Portland city officials.

Under tentative estimates, members of the organization believe they can obtain water at a cost not to exceed \$2 per acre. A meeting of the organization will be held Thursday night in the West Portland schoolhouse.

THE AFTER-SMART OF SHAVING IS ALLAYED BY SANTISEPTIC. MANY men who would like to shave themselves, dread the after-smart caused by using the razor daily on tender skin. To all such we recommend Santiseptic Lotion; it not only allays the smarting and soreness, but it acts as well as a disinfectant to protect the face. The sense of security from infection that you enjoy from the use of Santiseptic is especially reassuring. Santiseptic, too, is delightfully cooling and refreshing; it leaves the skin with that soft, velvety finish which bespeaks the healthy, well-groomed man. There is no shave "too close" when Santiseptic is used. The odor of Santiseptic is wholesome and clean. Unlike many preparations, it is not sticky. To use it in your daily shave, let it enjoy a real luxury. Santiseptic is easily procured at most drug and department stores. If you cannot see it, send 50 cents, with dealer's name, to the Eschenbott Laboratories, Portland, Or., for a full-size bottle, postpaid—Adv.
