

ONE CONCESSION WOMAN ON EVE OF WALKOUT

Federal Telegraph Company Is Ready to Lift Wages.

KEYMEN MUCH ENCOURAGED

Strike Instructions Sent Out and at 8 o'Clock Tomorrow Operators Arc to Leave Their Keys.

Word that the Federal Telegraph company will sign a contract with the Commercial Telegraphers' union, granting a 20 per cent increase in salary, dating from June 1, and recognition of the union, was received yesterday afternoon by C. H. Preston, deputy international president of the commercial telegraphers' organization, and occasioned much satisfaction among the men who are to go out on strike at 8 o'clock Wednesday morning.

The message came from H. L. Burrows, superintendent of the Federal company, with headquarters in San Francisco, and said that the agreement now is being drawn and would be signed when presented. Mr. Preston now expects that the walkout will be declared off the threatened strike so far as the Federal company is concerned.

Commercial telegraphers in Portland regard the action of the Federal company as a most hopeful sign. It was reported yesterday that Clarence Mackay of the Postal company had agreed to sign a wage agreement with the operators, but this was not confirmed up to last night. The Federal company is said to be operated by thoroughly organized men, who probably will be permitted to continue their work, now that an agreement is reached.

Strike Injunctions Issued.

Strike injunctions have been sent out to employers of the Western Union company and promptly at 8 o'clock tomorrow morning the men will leave their keys. Union men say 154 employees of the Western Union company are affected, while officials of the Western Union declare there will be no tie-up because of the strike. J. W. Mitchell, general chairman of the railroad telegraphers, is mailing copies of resolutions adopted at the grand convention in St. Louis recently, and the convention on record against handling business of commercial telegraphers during the strike. The prediction is made that 25 per cent of the railroad men will refuse to handle commercial messages.

Charges the local officials have violated house bill No. 295, passed by the legislature yesterday by officials of the telegraphers' union, who have called upon the state labor commissioner to conduct an investigation. It is asserted that two members of the union were discharged because of their announced intention of complying with the strike order, and that this action by Western Union officials is in violation of the status legalizing labor unions and permitting orderly picketing.

Union Officials Confident.

Mr. Preston yesterday sent the following telegram to S. J. Koenenkamp, international president of the Western Union, vice-president of the telegraphers' union: "Everyone confident of outcome. Carlton has challenged every loyal American telegraph worker by calling war workers undesirable. Individual notices mailed to entire northwest. Dictate handbills. My districts covered to the man. Railroad telegraphers declare nothing will be left undone to win strike. Leonard M. Davis and James Campbell dismissed by Western Union as example. Their co-workers much gratified."
