Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent. or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Children Cry For Fletcher's CASTORIA. Let's Think It Over. There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul. Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

RANCHER WILL FLY HOME

WALLA WALLA WILL SOAR IN EXHIBITION FLIGHT TODAY.

Machine Used Was Purchased from Canadian Government for Service in Wheat Country.

Portlanders and Victory Rose Festival guests are to be treated to an additional aeroplane feature today by W. H. Hutchenson, recently instructor in the navy, who landed a private plane of the Curtiss type from the Victory Rose city yesterday, and plans to fly over the city this afternoon as a preliminary to sailing for Walla Walla.

The plane was used by the Canadian forces for training purposes and was purchased in California by Mr. Hutchenson. He made a flight yesterday from Astoria to Eastmoreland, so that the army mechanics there could assist in getting them together, later making the machine there for final assembling.

The airman informed the steamship representatives yesterday that he purchased the machine principally so that he and his two brothers could keep in closer touch on two large ranches—one in the Walla Walla country, which is devoted to wheat, and another 200 miles distant, where stock is raised. The plane has a maximum speed of 75 miles an hour, weighs 1800 pounds and is valued at about \$3000. To date Mr. Hutchenson says he has received more than 1000 letters from residents of the inland Empire, who wish to fly with him for the experience, and a minimum charge of \$10, which is for 10 minutes in the promise to repay some of the expense of getting the plane here.

The use of an airplane for communication between ranches is an innovation in the northwest, and Mr. Hutchenson says he prefers that manner of traveling to an automobile, counting the risks less.

HARVEST QUEEN TO SPRUCE UP

O-W-R. & N. Company Plans to Handle Beach Travel.

In preparing for the North Beach season the O-W-R. & N. is contemplating an early overhauling on the steamer Harvey Queen, on the Portland-Astoria route, and as the steamer Hassalo will not be ready for about 10 days some consideration has been given to bringing either the steamer or Lewiston or Spokane here from Snake river. At the same time it is deemed more desirable to charter one of the local fleet, as the Snake river boat would have to be taken back in the fall, in order to be on hand to move wheat.

The steamer Joseph Kellogg may take the Queen's place, if the latter is withdrawn before the Hassalo is ready. The Queen is to be hauled out at the Fulton plant of the Portland Shipbuilding company and the work will be hurried so she can take care of summer traffic between Astoria and Megler, the Hassalo being placed on the Portland-Astoria run.

HOOD RIVER GETS TROUT FRY

State Game Commission Plans Liberal Distribution.

HOOD RIVER, Or., June 11.—(Special.)—The Oregon game and fish commission's car, "The Rainbow," will make six trips here this summer to distribute trout fry. H. Fredrick, vice-president of the Hood River County State Game Protective association, has notified the organization's members that three carloads of fish will be hauled over the Mt. Hood company's line to Parkdale, where they will be received by ranchers for distribution in headwaters of the middle and east forks of Hood river.

Two cars will go to Dee for Lost Lake and upper west fork distribution. Lower valley orchardists will handle a carload.

SCHOONER MAY BE FLOATED

Plans Made to Tow Janet Caruthers to Seattle Drydock.

HOQUIAM, Wash., June 11.—(Special.)—Preparations are being made for
