Vernal Brice of Richmond school finished 10 seconds behind the winning youngster, taking second prize. Brice took the lead at the start of the race and held it until the distance was about half covered. Then he took the lead with Leigh Melton of Couch following a close third throughout the remainder of the race.

Eight Boys Shatter Record.

The remarkable feature of the race was the time checked up by the contestants, the first eight boys to break the tape all registering the course in better time than the former record. Eric MacLeary, representing Shattuck school, took fourth place, covering the course in 12 minutes 44 seconds. He was closely followed by Frederick Templeton of Couch school. Both of these lads were neck and neck all the way and it was not until they reached two blocks from the finish that MacLeary was able to forge ahead and beat out his rival.

HAGEN IS GOLF CHAMPION

MICHAEL BRADY LOSES EVENT BY SINGLE STROKE.

Winner Scores Second Best, Having Turned Similar Trick in Chicago in 1914.

NEWTON, Mass., June 12.—Walter C. Hagen of the Oakland Country club, Detroit, won the open golf championship of the United States at Braeburn today, defeating Michael J. Brady of Oakley by a single stroke in an 18-hole play for the title. It was the second time Hagen has won the championship, as he led the field in the same event in Chicago in 1914. Hagen shot the 18 holes today in 77.

Mike started badly in the play-off. He was 41 at the turn to Hagen's 28. At the tenth he dropped another stroke by taking a six.

Then he began to put up a real fight. After half catching his tee shot at the eleventh he pulled out a brassie and the ball came down seven feet to the right of the pin. Hagen pitched to the green and put, cutting Hagen's lead to three strokes. At the twelfth Brady sank another long putt for a three.

This cut Hagen's lead to two strokes. The short thirteenth was shot in uninteresting form. The fourteenth is 559 yards. Both slammed out long drives. The second was well up the slope guarding the green and the approaches on. Hagen rolled his putt up for a sure five.

Hagen recovered with a clean hit to just short of the green. Mike failed to get on in two, but ran his third up dead. Hagen's chip left him a three-foot putt to halve Brady and win the championship. He looked the ground over from both sides and rapped the ball confidently. It went down.

LENIENCY SHOWN DUNDORE

U. of O. Faculty Reduces Penalty Imposed on Portlander.

UNIVERSITY OF OREGON, Eugene, June 12.—(Special).—New evidence in the University of Oregon today to change the penalty placed against John G. Dundore of Portland, for participation in the publication of the "scarlet sheet," from expulsion to suspension for one term. This will make it possible for Dundore to re-enter the university next term.

This action was taken on the unanimous recommendation of the faculty committee on discipline, which two months ago recommended the expulsion of Dundore and three other students for their part in the publication of the objectionable paper during spring vacation.

Advocates by Dundore and the three others denying Dundore's authorship of articles whose preparation he had previously admitted, he says, to save

another student whose identity has not yet been learned, were considered by the committee and the faculty in reaching the decision to grant leniency. It was decided that Dundore's part in the affair was sufficient to warrant suspension, but not the full penalty of expulsion.

RAIN PLAYS WINNING HAND

STREET CROWDS COMPELLED TO FIND RECREATION INDOORS.

'Showers, Gentle Winds, Mostly Southerly,' Is Weather Prediction for Portland Today.

'Showers, gentle winds, mostly southerly.'

Faced by this prediction for the weather of today, the climax of the Rose Festival parade and its thousands of guests were one last night in the earnest petition that the weatherman might be mistaken.

"Once in a while he slips up," was the assertion of those who follow the forecasts, "and it might as well be now as any other time."

Late yesterday afternoon, when the military and naval parade of returned service men had traced its triumphant way to the end of the march, the fluffy clouds of mid-afternoon deepened and darkened into a climatic conspiracy, and shook down some tons of rain on the unappreciative town. Turning to drizzle, the rain continued at night, and when the last festival frolicer sought slumber the city was soaked and dripping.

The immediate result of the weather reversal was a stampede to the theaters, though that didn't make a great deal of difference, as every show house had been playing to capacity for several days. Hotel lobbies and cafes were crowded with refugees from the rain.

Fans of the weather forecast, strenuously playing their hunch against the weatherman, recall that he predicted smiling, sunny hours for Tuesday. And it rained.

International Situation. (By the Associated Press.)

THE peace conference barometer, which for some time has been vacillating between pessimism and optimism as to the probability of an early agreement by the council of four on the answer to the German counter-proposals to the peace treaty, again registers optimism.

From Paris comes the almost definite statement that the reply of the allied and associated governments to the Germans is complete and all that is now required to end the tense situation is to draft the answer, present it to the Germans and await five days for their final reply whether they accept or reject it.

According to a statement made in a "responsible quarter" in Paris, agreements in principle on all the disputed points have been reached by the council, even on the question whether Germany is to become a member of the league of nations and as regards the holding of a plebiscite in upper Silesia.

Saturday has been set unofficially as the date for presentation of the reply to the Germans.

In Austria-Hungary the political situation is considered serious. Reports are that a communist government is to be set up in Austria Sunday, and that the Austrian communists will ally themselves with the communist faction in Hungary.

In Germany Gustav Noske, minister of defense, has thrown down the gauntlet to the radical majority socialists, who have been attempting to force his resignation and that of Premier

the refusal, some time before June 21. This course was decided on by the central labor council today after numerous delegates had pointed out that such a sale would be unlawful and would render the sellers of the tags liable to arrest. Others declared that the mayor was discriminating against the labor council.
