Students of Six Institutions Receive Diplomas.

ORATORS URGE PATRIOTISM

Loyalty to Country and Duty During Reconstruction Topics of Addresses.

From platforms in six of the city's secondary schools last night six different speakers impressed upon members of the graduating classes the importance of the part they are to play in the country's reconstruction work.

Among scholarship awards announced was one of \$150 which was given Edward Myers at Washington and another of \$250 to Mildred Penimore of the same school.

Ex-Mayor H. R. Albee, in honor of whose son the Jefferson scholarship was established, delivered the address to the class, pointing out the value of an education.

Professor Coleman speaks. At the James Johns high school Professor Norman F. Coleman of Reed college told of the changes the war had brought about in industries, thus giving from opportunities and more variety for men.

Particularly did he emphasize the responsibility to be assumed in this age and urged the younger boys to get up and work as did their older brothers during the war.

Principal W. T. Fleicher presented the diplomas to 37 graduates and the high school orchestra, senior girls' chorus and a double quartet supplied music. Blue lupine formed the principal decorations for the hall.

The programme at Lincoln high tonight will include an address by Rabbi John B. Wise, a violin selection by Jane O'Reilly and a piano number by Gordon Soule. One hundred and seven students are to be given diplomas.

DEGREES GIVEN FOUR AT PACIFIC COLLEGE

Dr. Walter Woodward, Quaker Officer, Delivers Address.

ACADEMY GRADUATES 12

Pauline Terrell and Harriett Hodgkin Win Scholarships; Athletics Commencement Feature.

NEWBERG, Or., June 12.—(Special.)—With the annual banquet of the Alumni association last evening the 26th annual commencement of the Pacific college came to a close.

Four graduates received their degrees. Miss Olive L. Johnson of Medford took both the B. S. and A. B. degrees. Miss Edith Louise Hodgkin of Newberg and Ralph Knight of Sherwood received A. B. degrees, and Lieutenant Sewell O. Newhouse of Springfield received the B. S. degree.

Class honors went to Miss Johnson, while the Junior prize, the highest honor in that class, was won by Miss Frances Elliott of Newberg.

A class of twelve graduated from the academy. They were: Vernon Bush, Clara V. Calkins, Walter C. Cook, Francis E. Clark, T. George Upton, Harriett Hodgkin, Pauline Terrell, Flora E. Campbell, Carroll Tamplin, Richard Haworth, Mary S. Mills and Clinton Eason.

Every year Pacific college awards a scholarship to the graduate of the Academy who is deemed worthy from the standpoint of scholarship and character. This year there were two young women of exceptionally high standing, Miss Pauline Terrell and Miss Harriett Hodgkin.

Two athletic events characterized the commencement time. The first was a tennis tournament, the Junior class against the rest of the college. The tournament was not completed, but the Juniors had a bit the advantage when it was forced to close.

Howard Elliott and Alfred Haworth had been defeated by Lowell Edwards and Walter Cook in the men's doubles, but Mary Pennington and Margaret Rodson of the Juniors had won from Margaret Gill and Anna Mills by a score almost as decisive.

Elliott had won the first set of the women's singles from Lowell Edwards, after a fast and hard set, by a score of 6-4.

The college students won the baseball game from the alumni by a score of 23 to 3.

The commencement exercises were well attended.

IDAHO MINERS OPTIMISTIC

Strike in Coeur d'Alene District Counted Unlikely.

SPOKANE, June 12.—No plans are being made for a strike of miners in the Coeur d'Alene district of Idaho, E. W. Muir, organizer for the International Union of Mine, Mill and Smelter Workers, declared over the long-distance telephone from Wallace, Idaho, today, after a conference here.

He said the miners were confident that the operators would grant their request for a conference before a strike became necessary. Organization meetings are being held daily in various parts of the district, he declared. The mine owners have made no new statement concerning the men's request for union recognition, increased wages and an eight-hour day.

HAD SUFFERED FORTY YEARS

Mrs. Brown Lost Hope of Ever Being Well Again—Tanlac Restores Her.

Mrs. Olive M. Brown, a highly esteemed resident of California, California, called at an Owl Drug Store in Los Angeles, recently, and made the statement that Tanlac had completely relieved her of a case of stomach trouble from which she had suffered for forty years.

"For the first time in years," said Mrs. Brown, "I am able to eat what I want without any bad after effects, and I must say Tanlac is a perfectly grand medicine. I suffered with indigestion and constipation all the time, often had severe pains in my stomach and was seldom free from headache. I had suffered so long that my nerves were all shattered and I had lost about all my strength."

"I have tried every kind of medicine and have been under treatment many times, but get relief for a little while at a time, and then feel worse than ever. In fact the older I got the worse I suffered and I had long since lost hope of ever getting relief. Finally a lady friend of mine who had taken Tanlac, persuaded me to try it, and, as I said, for the first time in all these years I can eat what I want and never suffer any whatever from gas and pains in my stomach. My headaches are gone, too, and my general health is better than for years. I have also gained several pounds in weight. I am only too glad to recommend Tanlac for I firmly believe it is the best medicine ever made."

Tanlac is sold in Portland by the Owl Drug Co.—Adv.

that his government must be given an opportunity for full concurrence if full adherence is expected. His entry into the council meeting today necessitated rearranging the entire reply, article by article.

The conditions for the admission of Germany to the league of nations, embodied in the report of Lord Cecil and E. M. House, are:

First—Establishment of a stable government.

Second—Signing of the treaty of peace.

Third—Loyal execution of the peace treaty.

A proposed fourth condition, relative to Germany's abolishing compulsory military service, was finally omitted on Premier Clemenceau's suggestion.

It was considered that the treaty sufficiently provided for Germany's disarmament.

Marshall Poch and General Weygand had two conferences yesterday with Premier Clemenceau at which they discussed the question of an immediate resumption of hostilities and a concerted advance by the allies, says Marcel Hutin in the Echo de Paris.

The general opinion is, the writer adds, that Count von Brockhoff-Rantzau has committed himself too far to be able to sign the treaty. It also is believed that the Scheidemann ministry will be swept away to make room for a ministry of modern independent socialists which will be joined by the Czech-Slovak army have been replaced by Frenchmen.

Information reached peace conference circles today that the Italian officers serving with the Czech-Slovak army have been replaced by Frenchmen.

A Practical Suggestion

Many of my patrons have found it both convenient and time-saving to have an extra pair of glasses on hand in case they break the ones they are wearing.

The extra pair enables you to continue your work or pleasure without the loss of time, or the discomfort of poor or painful vision while waiting for repairs.

Especially while away on your vacation will your enjoyment be more keen if you have the feeling of security an extra pair of glasses will give you.
