

NON-STOP OCEAN FLIGHT SUCCESS

Newfoundland-to-Ireland Air Trip Accomplished.

BRITISH PLANE VICTORIOUS

Captain Alcock and Lieutenant Brown Land Vickers-Vimy at Clifden.

FLIERS STAND VOYAGE WELL

Run From St. Johns Across Atlantic Made in 16 Hours and 12 Minutes.

LONDON, June 15.—(By the Associated Press.)—The final goal of all the ambitions which flying men have ventured to dream about since the Wright brothers first rose from the earth in a heavier-than-air machine was realized this morning when the young British officers, Captain John Alcock and Lieutenant Arthur Brown, landed on the Irish coast after the first non-stop flight across the Atlantic.

Their voyage was without accident and without unforeseen incident, so far as could be learned. It was a straightaway clean-cut flight achieved in 16 hours and 12 minutes—from St. Johns, N. F., to Clifden, Ireland, more than 1900 miles.

Run Amazingly Hazardous. But the brief and modest description which comes from the airman at Clifden tells of an adventurous and amazingly hazardous enterprise. Fog and mists hung over the north Atlantic and the Vickers-Vimy biplane climbed and dove, struggling to extricate herself from the folds of the air-plane's worst enemy.

She rose to 11,000 feet, swooped down almost to the surface of the sea and at times the two navigators found themselves flying upside down only 10 feet above the water.

Before coming to earth near the Clifden wireless station, Alcock circled the wireless aerials, seeking the best spot. But no suitable ground was found, so he chanced it in a bog.

"Best Way to Cross"—Brown. The wireless staff rushed to the aid of the aviators. They found Brown dazed and Alcock temporarily deafened by the force of the impact. As soon as they were able to be escorted to the wireless station they telegraphed the news to their friends; then had breakfast.

"That is the best way to cross the Atlantic," said Lieutenant Brown after he had eaten. Describing the experiences of himself and Lieutenant Brown, Captain Alcock in a message from Galway to the Daily Mail says: "We had a terrible journey. The wonder is that we are here at all. We scarcely saw the sun or moon or stars. For hours we saw none of them. The fog was very dense and at times we had to descend within 300 feet of the sea.

Machine Covered With Ice. "For four hours our machine was covered with a sheet of ice caused by frozen sleet. At another time the fog was so dense that my speed indicator did not work and for a few minutes it was very alarming. "We encountered no unforeseen conditions. We did not suffer from cold or exhaustion, except when looking over the side; then the sheet chewed bits out of our faces. We drank coffee and ate sandwiches and chocolate.

"Our flight has shown that the Atlantic flight is practicable, but I think it should be done not with an airplane or sea plane but with flying boats. "We had plenty of reserve fuel left, using only two-thirds of our supply. "Lovely Field" Proves Bog. "The only thing that upset me was to see the machine at the end get damaged. From above, the bog looked like a lovely field but the machine sank into it to the axle and fell over onto her side."

Captain Alcock explained the silence of his radio instruments during the trip by saying that the wireless propeller blew off soon after the airplane left Newfoundland.

MEAT-PACKING PLANT NEAR ALBANY BURNS

BLAZE STARTS IN BOILER-ROOM; LOSS \$40,000.

Flames Envelop Structure Before Fire Engines Arrive; Nebergall Company to Rebuild.

ALBANY, Or., June 15.—(Special.)—The big packing plant of the D. E. Nebergall Meat company, situated one-half mile northeast of Albany, was almost entirely destroyed by fire this morning. The loss is approximately \$40,000, with \$22,000 insurance.

The packing plant was one of Albany's largest industries. Roy O. Bushong, secretary of the company, said that the plant will be rebuilt at once. The fire, which started in the boiler room, was discovered shortly before 7 o'clock this morning and when first seen had made considerable headway. The Albany fire department arrived promptly, but as the plant was located beyond the city limits, the only water available was from Cox creek.

The walls of the main building were of cement construction and these remained standing. All of the motors and machinery apparently are ruined. Two truckloads of fresh meat were saved, but all other stock and supplies in the building were lost.

The plant was erected in 1915 and had become one of the largest institutions of the kind in the valley. Only last winter the company spent \$10,000 for new machinery and equipment and had a thoroughly modern and complete plant. The company also conducts retail meat markets in Albany, Corvallis and Lebanon. The plant was situated adjoining the Oregon Electric railroad and near the Southern Pacific track, where both lines enter this city from the north.

The fire today was the most serious and destructive in Albany in years. It was the second big fire here in three days, as a sawmill on the Willamette river, owned by Dr. J. L. Hill and operated by the Albany Hardware Lumber company, burned early Friday morning.

MEXICO SHIES AT LEAGUE

Belief Held That Scheme Will Not Be on Solid Basis for Time.

WASHINGTON, June 15.—Mexico will not seek admission to the league of nations "for the present," General Candido Aguilar, son-in-law of President Carranza and head of a special mission to the United States, said today in reply to a question as to the attitude of Mexico toward the Monroe doctrine.

Mexico, General Aguilar said, will not attempt to obtain admission to the league of nations "for the present as it is the opinion of the Mexican government that the league of nations should not be formed upon solid and conclusive bases until after peace is adjusted and consummated between the belligerent powers."

CAPTAIN JOHN ROTH DEAD

First Noncommissioned Officer at Camp Lewis Passes.

TACOMA, Wash., June 15.—(Special.)—Captain John O. Roth, the first noncommissioned officer to come to Camp Lewis as assistant to the camp quartermaster, died at the base hospital there last night. He had been in charge of all the camp warehouses up to the time of his admission to the hospital last March. He was a graduate of the University of Ohio and had been in the regular army for 30 years. For part of that time he was instructor in the post school at Fort Stevens, Or. When Madame Ernestine Schumann-Heink sang at the base hospital Thursday afternoon, Captain Roth requested that she sing in his ward. He asked that she sing something simple for him and she complied with "Danny Boy," an old Irish love song.

YANKS MAY GO TO SILESIA

Americans May Occupy Country While Plebiscite Is Taken.

PARIS, June 15.—(By the Associated Press.)—The Poles have become somewhat reconciled to the proposed plebiscite in Silesia by informal assurances which they have received that American troops will, if possible, be assigned to occupy the contested and disputed area pending the vote, to assure a fair and unimpeded expression of the people's wishes.

NATION LEAGUE SOON TO ADMIT GERMANY

HUNS GET FOUR MONTHS TO SUBMIT REPARATION PLANS.

Change in Peace Terms Allows Defeated Nation Army of 200,000 for Three Years.

PARIS, June 15.—(By the Associated Press.)—Germany is to be allowed an army of 200,000 men for three years. This is one of the changes in the peace terms which has been sedulously kept secret.

The reason given for this doubling of the previous number of effectives is the impossibility of adjusting the armies of Austria, Poland, Czechoslovakia and other new states proportionately to the previously arranged 100,000 men for Germany.

A general reduction of armaments is to be negotiated immediately. Germany's admission to the league of nations is fixed for "the near future." Her admission will enable Germany to bring up for discussion her economic propositions. Germany will be given four months to submit to the allied proposals dealing with her total indebtedness through reparations, and methods for the payment thereof. She may propose merchandise and labor. The allies are to reply within two months.

A plebiscite for upper Silesia will be taken within six to 18 months.

A clause deals with the protection by the league of nations of German minorities inhabiting the districts taken from Germany. Another deals with the inter-allied civil commission, which will administer the left bank of the Rhine, occupied by the allied troops, to which the existing military commission will be subordinated.

TREATY 'PEACE OF MIGHT,' HUNS AVER

Allies Held to Have Forsaken Justice.

PARIS, June 15.—According to the Temps Count von Brockdorff-Rantau, the chief German plenipotentiary, will receive tomorrow a covering letter with appendices dealing with each question raised by the German counter-proposals and amendments to such articles of the preliminaries of May 7 which the council of four have rectified.

These amendments will remain confidential as did the text itself of the preliminaries of May 7. The covering letter and appendices will be published Tuesday.

PARIS, June 15.—The German reply to the peace treaty submitted at Versailles on May 7 maintains that the enemies of Germany have forsaken the peace of justice to which they had pledged themselves in the armistice negotiations for a peace of might.

The reply, an official summary of which was made public here today, protests against the proposed terms individually and collectively and demands a return to the original agreements. It presses for verbal negotiations, and states that Germany expects justice on a basis of equality and reciprocity.

The reply follows the lines of the summary of the German counter-proposals given out in Berlin about the time they were presented.

GERMAN PROTEST IS ISSUED

The casualties in the disturbances at Zurich are given officially at two persons killed and 17 wounded. One policeman was mortally hurt. Among the rioters were many German anarchists and communists.

According to advices received here this morning the local workmen's union of Zurich, which has a number of extremist members, was holding a meeting in memory of Rosa Luxemburg when the news was circulated that the secretary of the union, Conrad Wyss, had been arrested on Wednesday. A furious crowd marched to the prefecture, stoned the windows, broke down doors and after a half hour of battering looted the hall of justice and burned the archives in the principal corridor of the building. A guard fired on the crowds, his shots being answered.

A number of casualties are reported, but details are lacking, as telephone and telegraph lines appear to have been impeded with. There are large foreign colonies of anarchists, bolshevik and revolutionaries in Zurich.

FEDERALS REPULSE REBELS IN JUAREZ

Carranza Commander Is Five Times Wounded.

EL PASO, Tex., June 15.—The 24th infantry, fourth battalion, crossed the international border to Juarez at 11 o'clock tonight. The fifth and seventh cavalry regiments crossed at Three P.M., east of El Paso.

CAVALRY CHARGES IN STREETS

150 Villa Men Killed, 10 Wounded, 60 Captured.

A battalion of the 82d artillery crossed east of the stock yards. There were approximately 3000 American troops on Mexican soil 10 minutes after they were ordered to make the crossing.

Colonel S. R. H. Tompkins of the seventh cavalry was in command of the cavalry brigade which crossed at the ford and Colonel Hadsell was in command of the infantry. Two armored motor cars rumbled over the bridge at 10:55 P. M., going to Juarez.

The reason given at military headquarters for ordering the troops to cross was "to prevent firing from the Mexican side on El Paso."

Brigadier General Erwin refused comment at the time of crossing.

RIFLE FIRE IS INCREASED

Two American Soldiers at El Paso Injured by Stray Bullets; International Bridge Seized.

JUAREZ, June 15.—Fighting was resumed in Juarez at 4:40 P. M. By 6 o'clock the rifle fire was more general than at any time last night. Federal troops charged the rebels as they advanced down Calle Comercio, the principal business street, repulsing them as they did last night.

This dashing cavalry charge was costly to the federals, however, as Colonel J. Gonzalez Escobar, garrison commander and hero of the early morning battle today, was wounded five times and hurried to El Paso for medical treatment.

EL PASO, June 15.—Following the wounding of Corporal Edward Reilly, of a motor transport company, and Corporal Earl Smith, of the 24th infantry, by stray bullets, General Erwin ordered this port closed and the international bridge was taken over by the military.

Bullets Hit El Paso Buildings.

No one is permitted to cross to Juarez without a military pass. The Villa forces rode to the south end of the international bridge before retiring this morning.

A Mexican girl was struck in the leg near her home in the Mexican quarter, where bullets fell during the fighting. Bullets also struck hotels and buildings down town in El Paso.

El Paso troops are patrolling the entire river front to prevent Villa raids. Villa was reported to have obtained two field pieces from the American side early today, these having been smuggled over at the Zaragoza ford.

JUAREZ, June 15.—After six hours of fighting since midnight, Villa's forces were slowly withdrawing from Juarez at 6 o'clock this morning.

Shortage of ammunition on the part of Villa's forces, coupled with a dashing cavalry charge down Comercio street by Colonel Escobar's forces, is believed to have caused the Villa withdrawal toward the eastern suburbs of the town.

Cavalry Pursues Villa.

Carranza troops controlled the center of the city early today with cavalry still pursuing Villa.

The tide of battle followed for Villa until 3 o'clock this morning. When the rebel firing died away, retirement was begun with the federals in pursuit.

At daylight the firing became desultory on both sides, with an occasional shot from Fort Hidalgo.

Villa troops looted a number of stores and houses.

150 Villa Reported Dead.

The federals early claimed to have 150 Villa dead, 50 prisoners, ten wounded.

The number of Villa prisoners increased to 60 as the day wore on. Rumors persisted that many of these had been executed. Only two known executions were seen by the Associated Press correspondent.

EL PASO, Tex., June 15.—An unidentified woman was shot and instantly killed at 3 o'clock tonight four blocks from the Rio Grande, on the American side of the border. This was the first fatality on the American side.

Anastacio Madrid was shot in the head by a bullet from the Juarez battle tonight at his home in the Mexican quarter here. He is expected to recover. This was the second casualty on the American side tonight and the fifth since the fighting started last night.

An additional battalion and two companies of the 19th infantry were ordered to entrain at once at Douglas, Ariz., and proceed to El Paso for duty in the patrol district along the river front. The reinforcements are expected to arrive tomorrow. One battalion of the 19th is now here.
