# PASTOR PLEADS FOR **EDUCATION OF YOUTH**

Segregation of Children in Schools Deciared Need.

#### LIFE'S DANGERS ARE TOLD

Rev. George Campbell Urges Parochial School in Address Before Graduation Class.

A plea for the parochial school and also for segregration of children in boys' and girls' schools was made by Rev. George Campbell who addressed the graduating class of St. Mary's Academy and College at high mass at St. Mary's cathedral yesterday morning. The purpose of education is to fit men for life, said Father Campbell. "Man was fashioned by the creative hand of God not merely to exist, but to live.

The Catholic church, true to her divinely appointed mission as the teacher of humanity, has, in virtue of a heaven born guidance, ever recog-nized that Christ the Savior, is the light that enlighteneth every man, that He is the physician who dispenses the remedies for man's inherited weak-nesses. This is the conviction that informs the church's educational effort from the humblest village achool to the most ambitious of her universities. It is the conviction, I repeat, that what man needs, and cannot be without is God.

Tou are the products of a distinctive agency known as 'the convent school.' As such you must always regard your selves, and as such you will in turn be regarded.

"If the convent school has, as I say, that about it which differentiates it from all institutions of education, we must find the reason for it in the very needs to which it ministers. Education that is true to its purposes and responsibilities must develop the individual true to type. The boy must be schooled in all that is manly and honorable, in everything that should fit him to fill with credit, and even with distinction, the important part he must play upon the stage of life.

Tragedy of Life Made Plain by Pres byterian Pastor.

Tector of Trinity Episcopal church, in his sermon yesterday morning. He entered into a disconsion of psychology, taking as his text Proverbs xvii.7: "A marry heart doeth good like medicine: but a broken spirit drieth the bones."

"Psychology is the acience of the fenant of the body," asserted Dr. Morrison. "To do the hidding of God who loves you is to radiate life, joy, hap-

"We must keep our mental house in good order. If we do not we will smash the furniture in it, just as wreckers destroy the furniture in an earthly house for the mere pleasure of wrecking and destroying. Some people take life too seriously and themselves too seriously. They love to suread abroad life too seriously and themselves too seriously. They love to spread abroad harmful ideas. They like to be filippant and silly. Fear, hate, anger have a chemical effect that is exceedingly detrimental. Every thought is reflected in physical changes in the body. Think of God as a loving father. No child will respect or love an earthly father if he has to grovel in fear or terror before that father. Remember, you make your own hell, if you so choose.

"Let us cheer up. The weary world today needs the counsel of Solomon when he said long ago: 'A merry heart doeth good, like medicine."

human may descend or rise. It was a leve who probably rose to the highest sheer human experience of all time. It knew a man caught up into the third heaven, said Paul. Theologians have contended as to the "where of that heaven, forgetting that Paul waves aside matters of place when he says that the inner sense was that of one "at home" in paradise.

"The heart of his assertion you will find in his statement. I knew a man in Christ." The man was himself. To be in Christ. Was a maral, emotional, epiritual or even mental alignment of himself with Christ's approximate viewpoint. It matters little then where he was; the where must wait upon the what he was; seeing must wait upon feeling, knowing upon first trusting.

# PROPERTY LOSS IS FEARED

FESTIVAL EQUIPMENT MAY BE SOLD TO MEET DEFICIT.

Directors of Association Say Subscriptions Necessary to Prevent Sacrifice Sale.

Pesterday morning at St. Mark's Episcopal church. Rev. John Hatton, rector, took the explanation of the trinity as the center theme of his sermon in the support of more rigid orthodoxy.

"Orthodoxy teaches us the divine revelations through 200 approved years" said Rev. Mr. Hatton. "Men have tried to find God through other paths but they have all gone in different directions and have gotten nowhere. All facts have come down to us in manifestations. All history brings us facts of self-manifestation.

"God the father, God the son and God the body ghost are all the same being."

Portland residents who want the Rose Festival association to retain possession of decorations used during the annual event, now have an opportunity to make such action possible, according to members of the board of directors. Subscriptions are needed, if the board is to meet its obligations, and if residents of the city do not respond, it will be necessary to dispose of the large vases, street decorations and 1000-wait lamps to the highest bidder.

At its meeting Saturday afternoon, the board of directors ordered that bids the body ghost are all the same being.

"God the father, God the son and God the holy ghost are all the same being. The holy ghost or spirit is the sweet voice in our hearts urging us to do God the father's or God the son's will. It makes religion a conscious state and through it our bodies, which are temporal, are enlivened by holy communion.

"Religion is not all how we feed, as the Methodists believe. It includes our emotions, our intellects and our wills. God took the human form and came himself into human suffering. It is not just a mere man who had paid for our sins, but God himself, God, the father, is our, creator who called us into exitation, with authority to look after details of the celebration from year to year, and to retain control of all materials used to make the event a success. FUND DRIVE IS OUTLINED

Plans for Building Are Approved by Congregation and Actual Work Will Start Soon.

On Sunday morning at the First Christian church the congregation voted manimously to start at once preparations for the erection of a new house of worship. The pastor, Rev. H. H. Griffis, devoted his sermon period to a discussion of the need of a new building and the inadequacy of the present equipment. It was shown that the various departments of the church have reached their limits of efficiency under present conditions.
