BERRY PICKERS IN DEMAND

WORK IN MANY YARDS WILL BEGIN ABOUT JUNE 20. Mrs. Bruce Scott Declares Camp Conditions Will Be Better This Year Than Before.

In order that they may take advantage of the opportunities offered by growers of loganberries and raspberries, Mrs. Bruce Scott, head of the women's division of the U. S. employment service, wants 200 women and girls to register with her at once.

Picking in some of the yards will begin about June 20 and growers are already sending in calls for help. Mrs. Scott has taken pains to encourage growers to provide better accommodations for their help and has met with good success.

At least three growers, located in Yamhill and Washington counties, are so anxious to make conditions agreeable for their help that they are going to supply cooking utensils and place articles necessary in regular camp equipment.

Most employers are furnishing wood, water, spring cots, straw for bedding and in some cases vegetables. In many of the camps it will be necessary for the pickers to take only light bedding, a few dishes and personal necessities instead of a complete household.

SPOKANE HUNTS COUPLE

Chinese and White Girl Issued Marriage License.

SPOKANE, Wash., June 16.—(Special.)—Somewhere in Spokane is a Chinese swain, Tan Dye, age 24, and his American fiancée, Ann Hefferon, age 22, to whom a marriage license was issued at Coeur d'Alene Thursday. All efforts to locate the pair here were frustrated by members of the Chinese colony in Spokane, none of whom would admit knowledge of the whereabouts of the young couple.

According to those versed in some of the Chinese rites of marriage a certain period must elapse between the issuance of the license and the wedding. Until that time has expired the couple are believed to be keeping under cover.
