### Sentiment Against Amended Peace Terms Grows.

## EAST GERMANY EXCITED

### Cabinet Is Silent on Allied Reply, but All Members Are Reported Opposed to Signing.

WEIMAR, June 18.—(By the Associated Press.)—The cabinet today debated the peace terms of the allied and associated powers. It was officially announced that no decision had been arrived at. The cabinet probably is awaiting the result of a conference of the south German premiers with the government. There will be no further cabinet sitting until Thursday.

The full original text of the peace terms, including the covering notes, was finished this morning by the printers and will be distributed this afternoon.

The government today received Premier Clemenceau's apology for its standing of the members of the German peace delegation at Versailles.

No statement has been issued by the German cabinet on the allied reply to the German counter proposal, but the Associated Press learns that sentiment in the cabinet is almost unanimously against signing the treaty, the only objection being the possibility of bolshevism and chaos in Germany.

### Intervention Held Inevitable.

Indignation is said to be increasing in Weimar.

COPENHAGEN, June 18.—The amended peace terms have aroused a sentiment of growing implacability in Germany and armed intervention by the allies is regarded as inevitable, according to the Berlin correspondent of the Politikon. It is reported that Count von Brockdorff-Rantzau, head of the peace delegation, and Matthias Erzberger, chairman of the armistice commission, have reconciled their differences. The correspondent said that if the report in true the reconciliation will have an important bearing on the acceptance or non-acceptance of the terms.

### Reopening of War Expected.

The socialist Vorwaerts of Berlin says it expects a reopening of hostilities as soon as the seven days given Germany to make reply have expired. The Fremdenblatt of Hamburg says it learns that the allied terms have caused great excitement in eastern Germany, where the population is ready to reopen the fight.

BERLIN, June 17.—Commenting on the allied reply to the German counter-proposals to the terms of peace, the Frankfurter Gazette says: "Whatever we do will be terrible. Germany is in no position to refuse to sign the treaty when the signature is forced by an ultimatum. Let us resign ourselves to the inevitable and hope for a better future."

WEIMAR, June 17.—(By the Associated Press.)—Philip Scheidemann, the head of the German cabinet, in speaking to the peace commission of the national assembly here today, declared that the allied reply to the German counter-proposals "without the complete text did not yet permit of final judgment and that premature judgment would be unjustified."

### Tribunal Rejection Regretted.

"There is nothing new in the general accusation made against the German people," said the premier, "but we must not let regret that the allied reply has rejected the proposal for the establishment of a neutral tribunal, which alone could impartially examine these accusations. It is also lamentable that the whole nation should be identified with the offenses and crimes alleged."

"This charge is to constitute justification for the heavy conditions which, according to the second section of the covering note, are to be imposed on the German people."

"The justification put forward for the projected settlement of affairs in the east permits of little hope that we can reckon for substantial conciliations in the detailed memorandum. That also holds good for the mining territories. Questions, many points regarding which and also those regarding financial and economic questions referred to in the covering note are still outstanding."

### Decision Declared Momentous.

"In view of the obscurities at present," the premier said, "and the fact that all the material is not yet to hand, a decision on the final and complete text of the enemy's answer can furnish a basis for deliberations between the government and the peace commission."

"The German nation, the national assembly and the government are confronted with the most momentous decision. It is, therefore, their duty, whatever as individuals they may think of the peace question, to approach this decision with an entirely open mind. No nation must have any doubts that the nation is confronted with very hard times."

### Prisoners Attack Castles.

Herr Scheidemann deplored the absence of adequate protection for the German delegates on their departure from Versailles. He said a protest had been made, but that the government would reserve its attitude until an official report had been received.

WEIMAR, June 18.—(By the Associated Press.)—Fifty spartan and communist prisoners recently released from the Weimar jail shortly after midnight this morning attacked the castle, where the members of the government live. They were repulsed by a lone guard, who stood by a machine gun until he had driven off the mob. The attacking party made a surprise descent upon the castle and disarmed the guards at the entrance. They included in firing through the windows, however, and this aroused the castle troops. It was apparently the intention of the party to seize President Ebert, Premier Scheidemann and Gustav Noske, minister of defense.

From German-Austria. He is reported to have declared that the new German-Austrian state would "form a second Alsace-Lorraine, doubly greater in size."

Dr. Renner is said to have declared that the incorporation of territory of German-Austria in the Czechoslovak state is in contradiction to the principles proclaimed by the allies, and he pointed out that the German-Austrian state and the organization of the province was effected on the principle that the sovereign will of the people is the creative force of a state. Complaint is made that German states near the Alps would be deprived of defense and means of existence.

### Special Board of Inquiry to Begin Proceedings at Winnipeg Under Immigration Act.

WINNIPEG, June 18.—Deportation proceedings will be started tomorrow against the 10 strike leaders arrested yesterday and whisked off to Stony Mountain penitentiary. Their trial will be by a special board of inquiry appointed under the immigration act. The board, now on its way from Ottawa, is expected to reach Winnipeg tonight.

"Under the amended order in council, they can be dealt with under the criminal code."

For the first time in nearly five weeks, a limited street car service was in operation today. Regular employees in response to an ultimatum issued by Manager McLimont yesterday, manned 13 cars.

Despite the presence of a strong force of pickets about the Main street barn, no aggressive action was taken when the cars came out, and there was no disturbance throughout the day.

Striking railway carmen have sent a formal communication to the central strike committee, urging settlement of the sympathetic strike.

## MAN WITH GOLD DROWNS

### Ex-Convict Strangled When Strings of Money Sack Become Tangled.

HONOLULU, T. H., June 18.—(Special.)—With a sack of gold amounting to \$3600 tied to his back, Bert Bowers, ex-convict and former baseball player, lost his life in an attempt to swim from one pier to another in Honolulu harbor last night while on a smuggling venture.

Bowers planned to pass the gold up to the steerage of an oriental liner and receive, in return, the opium which is selling at a high price here. The strings, which held the bag to his shoulders, became tangled and the gold slipped around and it is believed tightened the cord around his neck and strangled him. His body was found near the pier. The money will be turned over to his widow. It is believed that a Chinese combine furnished Bowers the money with which it was intended to secure opium.

President Wilson rode to the palace in an automobile amid the acclamations of an enormous crowd.

ADRIKERKE, Belgium, June 18.—President and Mrs. Wilson and their party arrived here from Paris at 8:45 o'clock this morning. They were met by King Albert and Queen Elizabeth of Belgium and at 9:00 o'clock left by motor for a trip over the Belgian front.

Minister Whitlock remained on the station platform while the king and queen were greeting the presidential party on board the train. When the president left the train with his royal hosts he received a hearty cheer.

The party immediately entered motor cars for the trip to Zebrugge.

### 'FLAG OF HUMANITY' VAGUE

Ford Employee Cannot Remember Just What Emblem Was.

MOUNT CLEMENS, Mich., June 18.—A shadow of Henry Ford's "flag of humanity" was unfurled in Judge Tucker's court today in the course of the hearing of Mr. Ford's libel suit against the Chicago Daily Tribune.

Evidence in the case had quoted Mr. Ford as opposing flags of nations as obsolete—"something to rally around," or as "the refuge of scoundrels"—and as advocating a "flag of humanity," the creation of which he was said to have referred to in a fugitive remark in 1915.

Today Irving Bacon, an illustrator in the photographic and advertising departments of the Ford Motor company, was called to the stand.

"It was quite a long time ago and I do not recall clearly the incident," said the witness. "I think, however, that the idea of designing such a flag was put to me either by Dean Marquis, head of the educational department, or Mr. Brownell, the advertising manager. I made some sort of a sketch in water color. I believe the field was purple and the world was shown, and symbols of universal brotherhood, fraternity, peace and industry—things like that."

## RULING REDUCES TAXES

### LEVY HELD APPLICABLE TO SEPARATE LEGACIES ONLY.

### Washington Supreme Court Declares Right to Receive Property Should Be Taxed.

OLYMPIA, Wash., June 18.—(Special.)—Tax commissioner Jackson's estimates on inheritance tax collections from estates are reduced approximately \$30,000 by a ruling of the supreme court today that the graduated statutory scale, adopted by the legislature in 1917, is applicable to separate legacies and not to the total of the whole estate before division. The point was decided in an appeal taken by the commissioner from a Spokane county ruling in favor of the executors of the D. G. Corbin estate of \$74,425, distributed to a widow, son and daughter.

The graduated scale ranges from 1 per cent on \$5,000 to 5 per cent on excess of \$25,000 and today's decision applies the maximum per cent of collection rate to the lower totals of separate legacies rather than to the high total of the whole estate, entirely avoiding legacies in many instances.

The supreme court holds the right to receive legacies to be taxed rather than the property or right to transmit upon which theory one legatee cannot be held to pay upon the tax of another, and each amount must be determined separately.
