type as you would expect the original Standard Oil company to run. It has no facts or figures concerning the Standard Oil company of Texas, makes no endeavor to show prospects or any other fact which might induce the public to buy their stock, except the name of the name, Standard Oil company.

This company has its headquarters at 1108 Preston avenue, Houston, Tex. Their advertising announces that they are selling their first installment of 100,000 shares. They do not say how much the shares are selling for, what the par value of the stock is, in fact they tell you nothing about the company.

FIREMAN TELLS ABOUT TROUBLES

John P. Walsh Suffered Ten Years—Gains Fifteen Pounds on Tanlac.

"You will have to go a long way to find a medicine to equal this Tanlac," said John P. Walsh, a well-known fireman on the Oregon-Washington Railroad & Navigation company and whose residence is 974 Union ave., Portland, while in the Owl Drug Store a few days ago.

"I suffered more or less with indigestion and stomach troubles for about ten years," he continued, "but this never gave me any very serious trouble until after I got under a spell of flu last winter. I was in a very weak, run-down condition, and it just seemed impossible for me to get started up hill again. My appetite was no good, and what little I did eat would sour on my stomach and cause me to be bloated up with gas for hours at a time. I was so restless and nervous at night that I slept very much, and would just be 'all in' when time came to get up in the mornings. Then I got rheumatism in my shoulders, and from that time on I simply suffered more than I am able to express in words.

"I had been reading the different statements about Tanlac, and had heard several people say they had been greatly benefited by it, so I decided to give it a trial. The first bottle didn't seem to do me very much good, but before I had finished the second bottle I began to feel a whole lot better. My appetite came back and I soon noticed that my food agreed with me, and that I didn't have indigestion and sour stomach like I had been having. Well, I just continued to take Tanlac until I am now on my sixth bottle, and I don't believe there is a man in this country who is more robust now as I ever was in my life, and I speak a good word for Tanlac every time I have a chance to do so."

The medicine is sold in Portland by the Owl Drug Co.—Adv.
