

PRESIDENT-ELECT OF BRAZIL VISITS UNITED STATES.

WASHINGTON HONORS
BRAZIL'S CHIEF-ELECTDinner Is Given Dr. Pessoa by
Secretary Glass.

NATIONS CLOSELY UNITED

Senate and House Recess to Hear
Brief Address of Visitor From
South American Republic.

WASHINGTON, June 23.—Necessity for the United States and Brazil to work together for the building up of the world in an age in which isolation is fatal to nationalities was pointed out by Dr. Epitacio Pessoa, president-elect of Brazil, in an address tonight at a dinner given in his honor by Secretary of the Treasury Glass.

"The simplicity of this course and the advantage to be derived from it," the Brazilian president-elect added, "are clear when it is a question of two such countries as Brazil and the United States, united by so many moral affinities and such close bonds of sympathy and friendship."

The dinner came at the close of the busiest day spent by the distinguished visitor since he arrived in New York last Friday from France, where he represented his nation at the peace conference. At noon a luncheon was given in his honor at the Pan-American union by the Brazilian charge d'affaires.

Congress Honors Visitor.
During the afternoon he visited the senate and house of representatives, both of which recessed while Dr. Pessoa was present. Later he was the guest at a reception attended by members of the Latin-American diplomatic corps.

Referring to an address by Secretary Glass at a dinner tonight, President Pessoa said Brazil could not remain indifferent to the compliments paid that nation by the United States.

"In them," he said, "I see the cordial expression of the sincere friendship and of the political communion of interests of every kind, which unite our two countries. I thank you in the name of the nation that I have at the present moment the honor of representing, the nation which through all the vicissitudes of your political life, in war as in peace, has always been a devoted friend of the United States and has received from them unforgettable proofs of the same consideration and the same affection."

Nations Closely Bound.
On his visit to the capital, Dr. Pessoa was introduced personally to many members of the house. Speaker Gillett, in presenting Dr. Pessoa, said his visit would strengthen the friendly relations between the United States and Brazil and that "a peculiar warmth of sentiment is felt by Americans because Brazil so quickly followed the United States in declaring war on the common enemy."

Responding to a welcoming outburst of applause from the members, Dr. Pessoa declared that "Brazil would not forget the honor to her representative." The senate recessed 15 minutes to receive the Brazilian president-elect, who made a brief address in English.

In addressing the senate, Dr. Pessoa said:

"I have no words to express all my thanks for the honor you tender to me by receiving me in this house. It is not remarkable that I have no words to express my thanks, because my thanks are very great and very extensive and my English is very short. But I can assure you that Brazil is a true friend in the life of the United States; will keep in her heart the memory of this cordial reception."

Dr. Pessoa planned to leave Washington Wednesday morning. It was said tonight, arriving in New York that afternoon and leaving Thursday for a visit to Canada.

BOCHE SAULERS ARE SHOT
OFFICERS KILL MEN ATTEMPTING TO OBEY BRITISH.

Sinking of German Fleet Is Declared a Fresh Example of German Faithlessness.

THURSO, Scotland, June 23.—(By the Associated Press.)—German sailors were shot by their own officers when they attempted to obey the commands of the British officers to return to their ships and about the sea.

This statement was made by Lieutenant Nuttall of the steamer Alouette, who reached here today from Scapa Flow, where the German ships were sunk.

LONDON, June 23.—The sinking of the German fleet at Scapa Flow is regarded by most editorial writers here as a fresh example of German faithlessness.

It is contended that the carrying out of Admiral Von Reuter's order automatically annuls the armistice and renders the admiral liable to the death penalty.

Some newspapers demand that the allies exact fullest penalties, including immediate payment of £75,000,000 gold as the value of the fleet.

PARIS, June 23.—The German ships at Scapa Flow did not have red flags flying when they went down, according to advice received today by the American peace delegation. The ships carried the old imperial German ensign.

WORK ON PROJECT ASSURED
Outlook Bright for Irrigation Enterprise in Jefferson County.

BEND, Or., June 23.—(Special.)—Work on the long-deferred Butte Lake irrigation project in Jefferson county is to be started at once. Harry Chenoweth, secretary for the irrigation district, announced today in a letter to the forest service.

A deal has been made with the Standard Shipbuilding company of Vancouver, Wash., to handle the district's bonds. Mr. Chenoweth says, and construction machinery is already on the way to the lake.

Fifteen thousand acres of land are included in the project.

Lane County Chooses Assessor.

EUGENE, Or., June 23.—(Special.)—Herbert Walker of Springfield, was today appointed by the county court as assessor of Lane county to succeed Dixon P. Burton, who died a week ago today.

Mr. Walker is a native of Lane county and has lived at Springfield most of his life. He is ex-city recorder and school clerk of that place and later returned from Eugene, where he has been engaged in shipbuilding. Mr. Burton died after an operation for cancer of the stomach.

FIRES MENACE FORESTS

DRY SEASON MAKES TINDER OF
NORTHWEST WOODS.

Flames Jump Control Lines Driving
Rangers and Crews in Flight
to Safety.

MISSOULA, Mont., June 23.—With scores of fires both great and small blazing in all parts of the forest service is threatened with a situation which a week ago was not thought possible. Extremely high temperatures throughout the northwest in the last seven days have reduced the woods almost to the condition of tinder and the fires are "popping" over a large territory.

The most serious fire is in the Flathead forest, in northwestern Montana, where there is one raging on White river over an area three miles by two miles in extent. This fire is spreading rapidly over the continental divide. A crew is working in on it from Great Falls to the westward.

Another fire is causing anxiety. This fire, which was caused by lightning, jumped the control lines during last night and drove before it the small crews, who were fighting it. Fifty-four men were on this fire last night and 26 more were sent in today.

Two smaller fires were reported today from Salmon mountain, Idaho, west of Darby, Mont. The blaze discovered two days ago near Bonner, a small suburb, is burning in slippings on land owned by the Anaconda Copper company and is reported unchecked. A large force of company employees have gone up the Blackfoot valley to fight it.

Fifty men went today to Superior to fight the fire on Black Tail mountain, which has assumed dangerous proportions, while as many more left tonight for Haugan to start work against the disastrous Big creek fire which has done considerable damage to the property of a lumber company.

Three fires are burning on the borders of the Beaverhead forest, southeast Montana, and crews on them have been doubled. The nearest fire to Missoula is one in O'Keefe canyon, northwest of the city. This is considered a serious blaze.

WINNIPEG RIOTERS FREED

THOUSAND DOLLARS EACH SECURITY IN 44 CASES.

Back to Work Movement Continues
and Demonstrating Aliens Will
Be Interned.

WINNIPEG, June 23.—Of the 100 or more strike demonstrators arraigned in special session of the police court today, 44 were released on \$1000 bail each and the remainder remanded until next week.

General authorities stated today all efforts leading to a settlement of the general sympathetic strike have been suspended.

"The riot act has been read and the federal government has turned its attention to maintaining law and order in this city," said Minister of Labor G. D. Robertson. "The preservation of the peace will continue until such time as the strike committee decides to call off the sympathetic strike."

The back to work movement continued today with renewed impetus. Railway officials reported a large number of their switchmen and trainmen reported for duty. Express employees returned to work, as did a small percentage of the striking coal workers.

It was officially announced today that all aliens heretofore caught participating in demonstrations in slippings on land owned by the Anaconda Copper company and is reported unchecked. A large force of company employees have gone up the Blackfoot valley to fight it.

REDS THREATEN REPRISALS

MINATORY MESSAGE SENT TO
U. S. AUTHORITIES.

Communication Demands Release of
Bolshevik Representative Who
Was Never Arrested.

LONDON, June 23.—The Russian soviet government has demanded the release of L. C. A. K. Martens, the bolshevik representative arrested in New York, a wireless message from Petrograd declares. Reprisals are threatened against Americans in Russia.

NEW YORK, June 23.—Apparently the Russian soviet government has been misinformed regarding the status of L. C. A. K. Martens, its representative in New York, whose "release" it has demanded. Martens was not taken into custody when state troopers raided the bolshevik mission's headquarters here early this month, but was served with a subpoena calling for his appearance as a witness before the Lusk state legislative committee investigating reported seditious activities in New York.

Under this subpoena Martens went to the city hall here on the day after the raid and was questioned in secret by the committee regarding the alleged endeavors by the soviet organization in New York to circulate propaganda intended to justify the soviet form of government as established in Russia. Shortly after the raid persons subpoenaed with Martens made threats of reprisals, declaring that the soviet rulers in Russia would retaliate against Americans there.

State troops acting for the Lusk joint legislative committee investigating alleged seditious activities in this state raided the Rand school for social science this afternoon and the instance of the state attorney-general and opened a safe believed to contain "written and printed matter of a revolutionary and seditious nature."

Japanese Competition Feared.
WASHINGTON, June 23.—In urging a tariff for the protection of the industry, pearl button manufacturers told the house ways and means committee today that Japanese competition threatened to wipe out the industry in this country.

This Is Better Than Laxatives
One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and consequent weakness. Indigestion, constipation, flatulence, liver troubles, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, shallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but, lasting benefit, can only come through use of medicine that tones up and strengthens the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days again you need not take any more. Every day—an occasional NR Tablet will then keep your system in good condition and you will always feel as well as the eliminative organs.
