

12 FARMER JURORS WILL TRY TOWNLEY

Non-Partisan League Leader and Aide Ready for Case.

SEPARATE HEARING DENIED

Judge Holds Both Defendants Must Appear in Court at the Same Time.

JACKSON, Minn., June 24.—A jury of 12 farmers was obtained in Jackson county district court late today to try President A. C. Townley of the Non-Partisan League and Joseph Gilbert, a former organizer for the league, on the charge of conspiracy to teach disloyalty.

Selection of the jury began this morning and only a few men on the panel were challenged or dismissed for cause.

Townley, who has been campaigning in North Dakota, is expected to arrive in Jackson tomorrow. Taking of testimony will begin tomorrow forenoon.

Judge E. C. Dean, ordered Townley's attorneys to have him in court Wednesday noon, saying an election campaign was no excuse. The defense also failed to secure a separate trial for Townley, Judge Dean ruling that in a conspiracy trial, the two men indicted must be tried at the same time.

Three jurors were selected at the forenoon session. The three jurors—all of them farmers—said they had not discussed the case against the two Non-Partisan league leaders.

Townley's attorneys questioned the prospective jurors as to whether they understood that Non-Partisan league issues were not to be discussed, but involved only alleged acts of the two men.

NURSE SENT NORTHCOTT

Physician Testifies in Redwood City Murder Case.

San Francisco Doctor Swears He Directed Girl to Defendant for Treatment.

REDWOOD CITY, Cal., June 24.—Dr. F. R. Jordan of San Francisco, in the trial here of Dr. Ephraim Northcott, of the same city, charged with the murder of Inez Reed, an army nurse, testified today that he had sent Miss Reed to Dr. Northcott's office in this county for treatment in the latter part of last February.

Miss Reed's body was found in a ravine several miles from Dr. Northcott's sanitarium on March 8. Death, the prosecution contends, had been caused by a criminal operation. The authorities charge her body was cast into the ravine after she had died from the result of the operation.

"She wrote the name and address of Dr. Northcott down on a card, and I directed her minutely how to reach his office," Dr. Jordan said.

Dr. Jordan testified Miss Reed had asked him to perform an operation and that he had told her he did not handle such cases and had referred her to Dr. Northcott.

FAST TRAIN TRAVELS WILD

Burlington Passenger Runs Five Miles Without Driver.

LINCOLN, Neb., June 24.—Burlington passenger train No. 6 from Lincoln to Chicago ran five miles without an engineer today when Edward James Edgar Johnson of Lincoln fell from the cab a mile east of Waverly after being hit by a mail crane. The train ran from Waverly to Greenwood before an engineer was missed. Fireman Karl J. Zimmerman stopped the train at Greenwood and ran the engine back to Waverly. There the engineer was found dead beside the tracks.

Zimmerman declares that Johnson left his seat and stood on the gangway between the engine and the tender.

DIETZ HELD HALF INDIAN

Courtroom Is Crowded.

Spectators, who occupied all available sitting and standing room in the federal court, were well repaid for their visit to the courtroom, for one dramatic incident followed another in rapid succession.

William White Bear, full-blooded Sioux Indian, was recalled by the government. He testified that at no time had he ever seen Dietz on the Indian reservation and that he spoke only one Sioux word, "colak," meaning "friend."

"When did he use this word?" asked Assistant District Attorney Leavy.

"Yesterday afternoon, after court adjourned, Dietz came to me in the corridor and struck his hand and said 'colak,' replied the witness. "I tried to talk with him, but he could not understand me and could say nothing else in Sioux."

Dates Showed Discrepancy.

Another government witness who testified he had never seen Dietz on the Pine Ridge reservation was William Garnet, a half-breed and interpreter for Sally Estie Horse, who testified that he had spent all of his life on the reservation.

The government emphasized the fact

Reliable Method of Hair Care

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthox (which you can get at any drugist's) in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After canthox shampoo, arranging the hair in a pleasing—Ad.

that the defendant, "Lonestar," not having been born until 1884, obviously could not have been the One Star, 18 years old, who left the Pine Ridge reservation in 1884.

Garnet said he knew One Star well and that the lad had a scar on his nose, pierced ears and an axe scar on his forehead. Garnet testified he never saw the defendant, "Lonestar," until two or three days ago, and that when they spoke in the courtroom yesterday that it was in "American."

"He tried to talk Sioux, but I could not understand a word he said," continued the half-breed. "He did tell me in English that his father and mother both were Indians."

Birth Statement Made.

Dietz told in detail in court about how he was persecuted from his boyhood days with the suggestion that he was an Indian, until he finally was obliged to demand an explanation from his parents. They demurred and put him off from time to time, he said, until one night when it was hot and he could not sleep he overheard a conversation between his foster-mother and his father in which his birth was discussed.

He testified that the next day and subsequently he went to his father, who reluctantly admitted that his mother was an Indian of the Sioux tribe, but that that should make no difference, as "he was as good as any other child."

HIGH PRICES ANTICIPATED

NO REDUCTION IN FOOD COSTS IS FORESEEN.

President of Specialty Manufacturers' Association Recommends Purchases in Large Quantities.

SALT LAKE CITY, June 24.—Manufacturers do not anticipate any reduction in food prices, according to William L. Sweet, president of the American Specialty Manufacturers' association, whose address was read before the annual convention of the National Retail Grocers' association here today.

Sweet was unable to attend the convention and sent his paper on to be read. Mr. Sweet recommended the purchasing by retailers in large quantities, declaring that a reduction in the size of stocks means curtailment of manufacture and a continuance of high prices.

Sunday closing of retail stores brought about considerable debate at the morning session of the grocers, but the consensus of opinion seemed to be in favor of strict observance of Sunday. F. H. Connolly, San Francisco, past president of the association, spoke during the morning session, urging a larger and more efficient organization.

Arjay Davison, president of the National Wholesale Grocers' association, was the principal speaker at the afternoon session. The convention adjourned early and went in a body to Saltair, a bathing resort on Great Salt Lake, where a plunge and dance kept them until late tonight. Tomorrow the delegates will go to Ogden at noon.

SCHOOL SYSTEM ATTACKED

Secular Plan Denounced as Germanic by Catholics.

ST. LOUIS, Mo., June 24.—The secular system of education in the United States was denounced as "patterning after the German idea" and as "materialistic" by speakers at the Catholic Educational association in annual convention here today.

The Right Rev. Thomas J. Shahn, president of the Catholic university at Washington and president of the association, declared present day education resulted from modern materialistic philosophy and that such philosophical systems had brought "Europe into ruin and misery from which it would not recover for centuries."

In a paper written by Cardinal William O'Connor it was declared state monopoly of education had made Prussia what it is today.

GERMANS TO SIGN FRIDAY

to the actual belligerents during the war.

All sums delivered from Austrian, Hungarian and Bulgarian reparations will be pooled with the proceeds of the German reparations for division among the interested states in proportion to proved claims. This is a departure from the plan contemplated in the German instrument, which provided for a division according to prearranged quotas, the original apportionment assigning 55 per cent to France and 25 per cent to England, the other states receiving smaller percentages.

COUNCIL CONSIDERS AUSTRIA

Next Peace Treaty and German Problems Are Taken Up.

PARIS, June 24.—The council of the peace conference today received a note from the Austrian delegation protesting against the approval in the peace terms for the liquidation of private properties in certain parts of the old Austro-Hungarian empire.

Work on the Austrian peace treaty was resumed by the council of three today. The completion of the document is desired as speedily as possible. Financial experts were called before the council at today's session.

The supreme blockade council met today to decide on a date when the blockade of Germany should be lifted. One element, it is understood, favors the day when the treaty is lifted, but it is believed the council will probably decide to lift the blockade with the signing of the treaty.

FLAG BURNING IS VIOLATION

Paris Peacemakers to Probe Expression of Hun Resentment.

PARIS, June 24.—Word of the burning of certain French battle flags by the Germans has been received here. Peace conference opinion is apparently unanimous that this is a distinct violation of the peace treaty, inasmuch as that document stipulated that the flags should be returned to France by Germany.

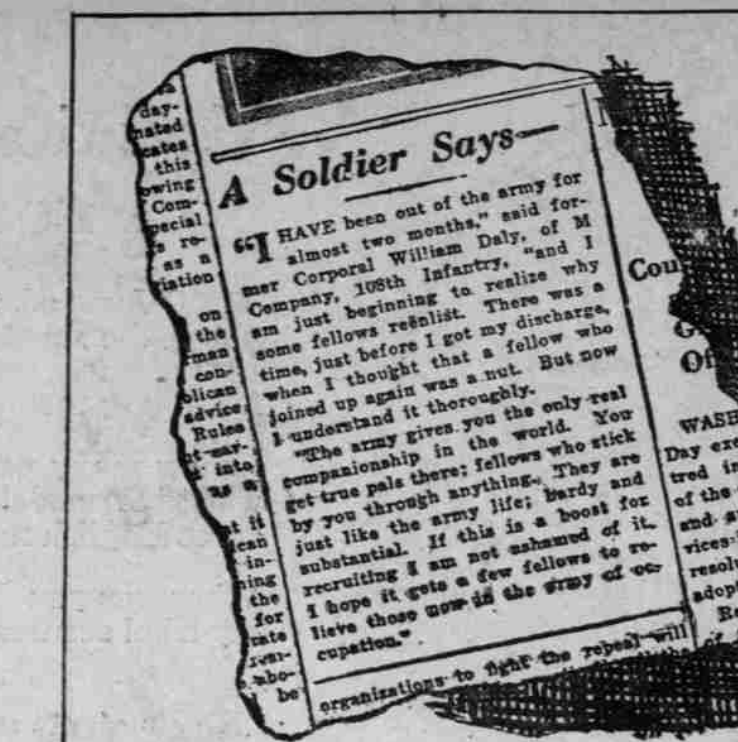

It is probable that a commission will be appointed to consider taking action in the matter.

Prisoner Seeks Freedom.

SPOKANE, Wash., June 24.—A petition for a writ of habeas corpus on behalf of Fred Lowrey, serving sentence in the state penitentiary at Walla Walla on a charge of criminal anarchy, was filed in the United States district court here today. Lowrey was sentenced from Pacific county in 1918 to a term of two years in the penitentiary.

Beloit College Class Graduates.

BELOIT, Wis., June 24.—Beloit college gave certificates to 53 graduates today. Twelve men of the class had received either American or French decorations for bravery. Justice William Beawick Riddell of the supreme court of Ontario, Canada, delivered the commencement address.

Good Pay—Foreign Service—Free Education

When you're in the Army, Uncle Sam pays your bills—food, clothing, living quarters, everything of the best quality. He furnishes medical attention, care of the teeth, all the necessities. In addition, at the present rate of pay, you receive \$30 a month and upward—all "velvet." It means money in the bank if you are thrifty. Does your present job show you \$30 a month profit?

Our flag flies in France, on the Rhine, in the Philippines, Porto Rico, Alaska, China, Panama, Hawaii, etc. What part of the world would you rather see? Wherever the flag floats, there Uncle Sam's boys will be found guarding its honor. Extra pay for service in Europe, Asia, Philippines and Alaska. This means experience most people gladly pay for. Uncle Sam pays you.

And when you are in the Army, Uncle Sam offers you an education—a good one. You can study almost anything, right up to college and technical subjects. You can learn a skilled trade. When you enlist, you actually go into training for SUCCESS in after life, laying a firm foundation to build on.

U.S. ARMY

50,000 Red-Blooded Men Going to Serve in France and on the Rhine—Now

If you want to see the battlefields of France, and the historic Rhine which the Germans thought impassable, enlist today. You will be sent across the Atlantic to join the Army of Occupation of the A. E. F. This is the chance of a lifetime. Many veterans are re-enlisting to go back there. You may be too late unless you act at once.

YOUR OPPORTUNITY—WILL YOU GO?

- Healthy, Out-Door Life**
In the Army, you live mostly out-of-doors. Your work builds you up physically, makes you strong, healthy, alert and masterful. Skilled physicians look after you. Your military duties keep you fit. You eat well, sleep well, feel like a king all the time. Most men gain weight when in the Army, and it's all sound muscle—no fat. Military life makes you courageous, builds up will-power and self-control, gives you mastery over yourself. It broadens your mind, and stiffens your backbone. It makes you the kind of chap that gets the best sort of job when your enlistment is up. It develops confidence and leadership. The U. S. soldier is respected everywhere, because he has the greatest government in the world behind him. His uniform is a uniform of honor. No calling builds up character and independence like the military profession.
- Training in a Skilled Trade Fits You for Success in Life**
There are thirteen branches of the service: Infantry, Cavalry, Field Artillery, Ordnance Dept., Medical Dept. (including Veterinary Corps), Coast Artillery, Signal Corps, Tank Corps, Motor Transport Corps, Air Service (including Balloon Corps), Quartermaster Corps, Engineers, Construction Division. You have your choice of these branches. Each branch utilizes a number of skilled trades—often a great many. These trades include surveying, auto-repairing, telephone repairing, road construction, wireless telegraphy, tailoring, telegraphy, switch-board installation, motor mechanics (air and ground) and a great many others. YOU CAN CHOOSE WHICH OF THESE TRADES YOU WILL LEARN.
- Liberty and Recreation**
In the Army you have plenty of liberty, and lots of entertainment. You can play baseball, football or other games. You go to shows, dances, movies. You meet agreeable people in K. of C., Y. M. C. A., and Hostess Houses. You get acquainted with nice girls. IN FACT, YOU HAVE A BETTER TIME THAN MOST CIVILIANS.
- Promotion**
By sticking to the game, you may become a non-commissioned or commissioned officer. Men are also selected from the ranks to go West Point; others are commissioned from the ranks. There are also the grades of corporal and sergeant in the line, and higher non-commissioned staff grades. Every promotion brings added pay. Marksmanship brings added pay. Skill at your trade brings increased pay.

Now, Men, what do you want? Call and talk it over To-day!

Ask all the questions you wish. You incur not the slightest obligation by doing so. Courteous non-commissioned officers on duty will cheerfully furnish information and give you printed matter to look over at home. This advertisement tells only part of the story. Get the rest to-day.

BURGLAR ROBS RESIDENCE

CASH AND JEWELRY STOLEN AND SHOT FIRED.

Masked Robber Leaves Apartment Discouraged When Door Is Slammed in Face.

By firing a shot to intimidate his victims, a masked burglar made his escape from the home of Carl Keller, 295 Ainsworth avenue, after ransacking Mr. and Mrs. Keller's bedroom at 4:40 a.m. yesterday. He stole \$5 cash and small articles of jewelry.

Mr. Keller reported to the police that he woke up while the intruder was in the room, and ordered the man to get out. The burglar jumped into the hallway, fired a shot into the floor, and made good his escape. Mr. Keller says the burglar was five feet four inches tall, weighed about 180 pounds, and wore a dark suit. He was armed with a nickel-plated revolver.

S. P. Angell of the Emerson apartments, Williams avenue and Emerson street, reported to the police that a masked highwayman had entered his rooms and had attempted to hold him up, but had left without obtaining anything. The robber first entered the room where Mrs. Angell and her sister slept, and asked where they kept their valuables.

The women told him to go see Mr. Angell, who slept in another room. The highwayman pounded on the door. Mr. Angell opened it, but slammed it and locked it when the highwayman thrust a revolver in his face. This conduct so discouraged the robber that he left the apartment.

WAREHOUSE WORK STOPS

Heavy Cranberry Crops Expected in Astoria District.

ASTORIA, Or., June 24.—(Special.)—Work on the new warehouses for the cranberry industry at Allendale has been temporarily stopped on account of the delay by the transportation company to construct a spur at that point. The new warehouse is to have double the capacity of the one constructed last year, and is of the same type, namely, hollow tile and all floors of mill construction. Special attention is being paid to ventilation. This has been found to assist in the keeping quality of the fruit, and the growers are sparing no expense to improve the quality of Clatsop cranberries.

The building is two stories, and with the warehouse room already at this point, it is possible to store 2000 barrels on each floor. A good crop is expected in this district.

BONDS PAID IN 25 YEARS

Director of Federal Reserve Sees End of U. S. Debt.

FORT DODGE, Ia., June 24.—The government plans to have the liberty bonds entirely paid for within 25 years, according to a statement by W. F. G. Harding, governor of the federal reserve system, in an address before the Iowa Bankers' convention today.

He termed the federal reserve the "financial fire department of the world war."

DEMOCRAT POLICY FAYED

POINDEXTER DENOUNCES THEIR 'VACILLATION AND WEAKNESS.'

Opposes Suggestion That Great Britain Should Be Asked to Settle Mexican Problem.

NEW YORK, June 24.—Senator Poindexter, republican of Washington, told the 15th District Republican club tonight the "mission of the republican party in the immediate future is to save the republic from the process of national disintegration in progress during the present administration."

Denouncing "democratic vacillation and weakness" in dealing with Mexico, Senator Poindexter said the republican party should elect a president who would fulfill the responsibilities the nation had assumed in Mexico.

"The suggestion now made in some quarters," he continued, "that Great Britain should be invited to restore order in Mexico should be denounced as false to our fundamental policies."

Senator Poindexter advocated repeal of the act of the democratic congress and president internationalizing the Panama canal; repudiation of "the promise of the democratic administration to haul down the American flag in the Philippine islands"; repeal of the extraordinary powers vested in the president during the emergency; speedy reduction of war taxes; and the framing of a tariff bill to protect industry and maintain wages.

Turning his attention to radical agitators, the senator said it should be the first care of a republican administration to stamp out of the country the propaganda of anarchy and revolution.
