ALLIES SCORE HUNS FOR SINKING FLEET

Punishment for Violation of Armistice Is Proposed.

ACT HELD IN BAD FAITH

Clemenceau Asks Germans How Leniency Is Expected When Agreement Is Deliberately Broken.

PARIS, June 26.—The allied and associated powers today sent the following letter to the German peace delegation:

"June 25, 1919. Mr. president, the terms of the armistice signed by Germany on the 11th of November, 1918, provided as follows:

"'Article 22—The German surface warships which shall be specified by the allies and the United States shall forthwith be disarmed and thereafter interned in neutral ports or, failing them, the allied ports designated by the allies and the United States. They shall there remain under supervision by the allies and the United States, only care and maintenance parties being left on board.'

Sinking at Scapa Flow Cited.

"On June 21, the German warships which had been handed over to the allied and associated powers, at anchor in the roadstead at Scapa Flow with the German care and maintenance parties on board as provided in the armistice, were sunk by these parties under the orders of the German admiral in command, according to the information which has been collected and transmitted by the British admiralty. The German admiral in command of these parties of the German naval forces has alleged that he acted in the belief that the armistice expired on June 21 at midday and consequently in his opinion the destruction in question was no violation of its terms.

Armistice Declared Violated.

"In law Germany, by signing the terms of article 23, set out above, entered into an undertaking that the ships handed over by her should remain in the ports indicated by the allied and associated powers and that care and maintenance parties should be left on board with such instructions and under such orders as would ensure that the armistice should be observed.

"The sinking of these ships instead of their preservation as had been provided for, and in breach of the undertaking embodied in article 31 of the armistice against all acts of destruction, constituted at once a violation of the armistice, the destruction of the pledge handed over, and an act of gross bad faith toward the allied and associated powers.

Act Held Not Justified.

"The admiral in command of the care and maintenance parties belonging to the German naval force has, while recognizing that the act was a breach of the armistice, attempted to justify it by alleging his belief that the armistice had come to an end.

"This alleged justification is not well founded, as under the communication addressed to the German delegation by the allies and associated powers on the 16th of June, 1919, the armistice would only terminate on refusal to sign the peace or if no answer were returned on the 23d of June at 7 o'clock. According to international law, as embodied particularly in articles 40 and 41 of the regulations annexed to the fourth Hague convention of 1907, every serious violation of the armistice by one of the parties gives the other party the right to denounce it and even in case of urgency to recommence hostilities at once.

Punishment Is Outlined.

"A violation of the terms of the armistice by individuals, acting on their own initiative, only confers the right of demanding the punishment of these offenders and if necessary, indemnity for the losses sustained. It will, therefore, be open to the allied and associated powers to bring before a military tribunal the persons responsible for these acts of destruction, so that the appropriate penalties may be imposed. Furthermore, the incident gives the allies and associated powers a right to reparation for the loss caused, and in consequence a right to proceed to such further measures as the said powers may deem appropriate.

"Lastly, the sinking of the German fleet is not only a violation of the armistice, but can only be regarded by the allies and associated powers as a deliberate breach in advance of the conditions committed to Germany and now accepted by her. Furthermore, the incident is not an isolated act. The burning or permission for the burning of the French flags which Germany was to restore constitutes another deliberate breach in advance of these same conditions.

German Complaints Discouraged.

"In consequence the allied and associated powers declare that they take note of signal acts of bad faith and that when the investigations have been completed into all the circumstances they will exact the necessary reparations. It is evident that any repetitions of acts like those must have a very unfortunate effect upon the future operations of the treaty which the Germans are about to sign.

"They have made complaint of the 15 years' period of occupation which the treaty contemplates. They have made complaint that admission to the league of nations may be too long deferred. How can Germany put forward such claims if she encourages or permits deliberate violations of her written engagements? She cannot complain. The allies use the full powers conferred upon them by the treaty, particularly article 429 if she on her side deliberately violates its provisions. G. CLEMENCEAU."

HUNS PICK ENVOYS, REPORT

(Continued From First Page.)

and to the occupation of Upper Silesia by the allied and associated powers.

"In view of this information, the allied and associated powers think it necessary to inform the German government that they will hold them strictly responsible for seeing that at the time indicated in the treaty all troops and all officials indicated by the allied commission are withdrawn and that in the event of local disturbances in resistance to the treaty no support or assistance to the insurgents is allowed to pass across the new frontier into Poland. "G. CLEMENCEAU."

Treachery Is Indicated.

The telegram referred to in the foregoing letter was:

"Posen, June 21, 1919.—The government will sign. Nevertheless, Horsing (provincial president) will proclaim for Silesia and Wig (provincial president) for Western and Eastern Prussia, war against the east. The government will officially declare its opposition, but will unofficially support the action by every means.

"Horsing has telegraphed today: 'Send my large parcel to Breslau.'"

VERSAILLES, Wednesday, June 26.—The order of precedence in signing the peace documents appears now to be established as follows:

Premier Clemenceau first, as president of the peace conference, then President Wilson and next Premier Lloyd George. The copies of the treaty and other documents will be carried to them by Paul Dutasta, secretary-general of the peace conference, and they will sign at their seats. The documents then will be taken to a table where other delegates will go in their turns to affix their signatures. The Germans will sign last.

There will be no speeches. Premier Clemenceau will simply declare the meeting open and the signing will be commenced immediately.

President Wilson's personal seal, which he will use in signing the peace treaty was made from a gold nugget presented to him four years ago by the state of California with which to make a ring for the president's wedding. After the ring was made enough gold remained for a seal ring on which the president had "Woodrow Wilson" engraved in stenographic characters.

FRENCH CELEBRATION IS SET

"Bastile Day," July 14, Will Be Official "Peace Day."

PARIS, June 26.—The French government has decided that the official victory celebration by France shall take place July 14.

July 14 is Bastile day, the principal French holiday. It also is the anniversary of the beginning by the Germans in 1918 of their last drive toward Paris, which ended so disastrously for them.

MONEY BILLS START ROW

HOUSE AND SENATE CLASH ON ARMY APPROPRIATIONS.

Kahn Insists Increase Be Cut According to Lower Body's Estimate of Needs.

WASHINGTON, June 26.—Possibility of a contest between the house and senate as to economy in appropriations for government departments loomed up today when conferees on the $889,000,000 army appropriation bill failed to reach an agreement on the size of the army for 1920 and decided to report a disagreement to their respective branches.

Intimations of such a contest were given in the house today by Representative Mondell, Wyoming, republican leader, who, in connection with the selection of conferees on the army bill, said he hoped house representatives on the conference committee would realize the general attitude of the house toward senate increases.

Chairman Kahn of the hous military committee at the same time said he would insist on acceptance by the senate of the lesser house appropriations, and late today, after the conference committee voted to report a disagreement, announced he would bring up the matter of the army's size when the house meets tomorrow in an effort to obtain a vote on the senate amendment.

The senate, in passing appropriation bills for the fiscal year beginning next Monday, generally has accepted recommendations of its committees for increases over the house appropriations. Some of the house appropriations have been characterized by department heads in hearings before senate committees as inadequate and probably embarrassing, but house leaders have asserted that economy must be exercised in all government expenditures.

LIGHT ON RUSSIA REFUSED

SENATOR JOHNSON'S REQUEST FOR U. S. ATTITUDE FAILS.

Four Americans Killed and Two Wounded in Fighting With Anti-Kolchak Forces in Siberia.

WASHINGTON, D. C., June 26.—Senator Johnson, republican, California, failed again today to get unanimous consent in the senate on his resolution asking for a statement of the American government's policy in Russia. Senators King, Utah, and Robinson, Arkansas, democrats, objected and the resolution went over.

One officer and three enlisted men were killed, two men were wounded and one officer and four enlisted men were captured in recent fighting with anti-Kolchak forces in Siberia, the war department was advised today by Major-General Graves, commanding the Siberian expeditionary forces.

All of the men were of the 31st infantry. Those killed were:

Lieutenant Albert Francis Ward, Corporal Jesse M. Reed and Privates D. P. Craig and Charles L. Flake. Wounded, degree undetermined, were:

Corporal George A. Jenson and Private Clarence G. Crail.

HART PROMISES FAIRNESS

Governor Announces Deserving Democrats Will Keep State Jobs.

TACOMA, Wash., June 26.—(Special.) Governor Louis F. Hart said today he would not put "deserving" democrats out of state jobs just to make a place for his republican friends. "It is my desire to improve the service and raise the standard of efficiency when I make a change in any office," he said.

Governor Hart said he did not intend to appoint Jesse S. Jones, his business partner, to the state public service commission as had been rumored. He added that he did not think that Mr. Jones would take the place even if the appointment should be tendered him.

Governor Hart said that Mark E. Reed, a member of the capitol commission who had tendered his resignation a few days ago, had yielded to peruasion and had agreed to remain on the commission. There will be no special session of the legislature to ratify the suffrage amendment, the governor said.

ALBEE SCHOLARSHIP WON

Margaret Scott, Honor Student, Gets High Award.

The George Albee scholarship, given each year to a graduate of Jefferson high school, was yesterday awarded Margaret Scott, a member of the January, 1919, graduating class. Because of the close competition Principal Hopkin Jenkins was unable to announce the name of the winner when the closing exercises were held, as is customary.

Miss Scott completed her course in three and one-half years and was among the first four honor students in the class. She was editor of the Spectrum in her senior year and intends to continue writing, as she will register for a course in journalism at the state university.

EFFORT TO LINE UP LEAGUE FOES BEGUN

Opponents in Senate Are Trying to Get Together.

MANY CONFERENCES HELD

Fall and Knox Resolutions Not Directly Considered—Course of Fight Yet Seems Uncertain.

WASHINGTON, June 26.—Turning aside from the more immediate issues of the league of nations fight, senate opponents of the league began a determined effort today toward agreement on a plan for their final fight against ratification of the league covenant in its present form.

Although no definite agreement was reached, a day of conferences served to add impetus to the suggestion of Elihu Root for a ratification resolution making stipulated reservations to further protect American policies. What these reservations shall be, however, is a question on which there still is wide difference of opinion.

Will H. Hays, chairman of the republican national committee, spent most of the day at the capitol, and saw many republican senators opposing the covenant.

Hays and McNary Confer.

In addition to league opponents, Mr. Hays saw Senator McNary of Oregon, a republican, who has favored the present covenant. He also talked to Senator Kellogg of Minnesota, and other republicans who have made no definite announcement on their position. Senator Lodge of Massachusetts, the republican leader, also conferred with some of the doubtful senators.

The chief objection to the plan for reservations, it was said, was a fear that the league council might later assume authority to decide what force such amending articles would have on international law. There seemed to be a general feeling that should the plan be adopted, several reservations besides those suggested by Mr. Root would be included.

Action Soon Is Expected.

It is understood the discussions today touched only incidentally on the resolution of Senator Fall, republican, of New Mexico, for a declaration of peace, and that of Senator Knox, republican, of Pennsylvania, expressing unwillingness to accept the league covenant as an inseparable part of the peace treaty. The effort of league opponents to secure passage of these measures is expected to be resumed next week.

Only once during the day did issues of the league question appear on the surface of senate proceedings, Senator Phelan, democrat, of California, making an address in reply to assertions that the league would handicap Irish independence.

CHICAGO STRIKE SPREADS

1000 City Employes Join Street Workers; Policemen Call for Vote.

CHICAGO, June 26.—Approximately 4500 city employes were on strike today and the dissatisfaction of 5000 others took on a more serious aspect.

About 1000 employes on three large public improvements, two bridges and the boulevard link, joined the striking street repairmen, sweepers and garbage and ash handlers who went out Tuesday.

The more serious phase of the day's developments was the attitude of policemen, who declared for a strike vote Sunday and the firemen whose association today demanded a $500 increase.

BIG AIR STATION PLANNED

San Diego Plant to Be Enlarged for Experimental Work.

SAN DIEGO, Cal., June 26.—It became known here today that the navy department plans the expenditure of several more millions of dollars in establishing at North island the largest and best equipped naval air station in the western hemisphere.

Included in the plans learned of today is the one for the experimental station for the development of all types of heavier-than-air machines, kite balloons, rigid and semi-rigid dirigibles. The estimated cost of this station is $6,000,000 and funds for its construction are contained in the naval bill recently passed by the senate.

MRS. HALEY IS BURIED

Pioneer Woman Is Survived by Large Family.

OREGON CITY, June 26.—(Special.)—The funeral services of the late Mary Anne Woodcock Haley, widow of the late Andrew Jackson Haley, who died in Portland, June 24, was held from the Kenworthy funeral parlors at Sellwood Wednesday afternoon at 4 o'clock. The interment was in the family lot in Portland. Many friends from The Dalles and Molalla, were present.

Mrs. Haley was born March 22, 1842, at St. Louis, Mo., and was the daughter of the late Mr. and Mrs. D. Woodcock. She left Missouri with her parents in 1844. After arriving in Oregon the family took up their home in the Molalla country. She was married at Mollala January 20, 1859, to Andrew Jackson Haley.

Mrs. Haley is survived by three children—William H. Haley of The Dalles, Mrs. Minnie Ward of Boyd and Mrs. Mattie Huston of Heppner, as well as a sister, Mrs. L. J. Klinger of Dufur, a half sister, Mrs. E. B. Ramsby of Ashland, and a nephew, George Frazier, of Molalla.

Mrs. Haley also leaves a niece, Mrs. A. Nelson, of this city and 12 grandchildren and five great-grandchildren.
