

HOUSES COMPROMISE ON 1920 ARMY BILL

Force of 325,000 Officers and Men Agreed On.

SOME APPROPRIATIONS CUT

House Committee Votes to Report Out Prohibition Enforcement Measures in One Bill.

WASHINGTON, June 27.—Senate and house conferees on the army appropriation bill late today reached an agreement to fix the average size of the 1920 army at 325,000 officers and men. This total is 75,000 less than that proposed by the senate and 25,000 more than the strength authorized originally by the house.

The agreement means that for the last nine months of the year ending June 30, 1920, the army will be composed of 225,000 officers and men, made necessary by the surplus above 325,000 during the next three months. In announcing that 325,000 was the figure agreed upon, Chairman Wadsworth of the senate military committee said it was the lowest number that could be named and still keep the army within the limits prescribed by the national defense act, which required the maintenance of an army of 225,000.

Another meeting will be held tomorrow at which the appropriations for aviation, ordnance and other remaining items will be considered.

Some Reductions Made. Efforts of the conferees to reduce increased senate appropriations in part were successful, the senate appropriation of \$15,000,000 for barracks and quarters being cut in half, while that of \$3,500,000 for the signal corps was reduced to \$2,500,000. The senate appropriation of \$400,000 for the military intelligence branch was reduced to \$400,000.

A senate amendment fixing the salary of C. W. Hare, director of sales and in charge of disposing of surplus war material, at \$12,000 a year was accepted by the house managers.

WASHINGTON, June 27.—After adopting amendments increasing appropriations for administration of the war risk insurance act from \$64,000,000 to \$122,000,000, the senate sent several bills today discussing the proposed decrease in appropriations for the federal trade commission.

Commissioner's Allowance Cut. Senator Norris, republican, of Nebraska, said the commission had earned the emphy of the meat packers and other powerful business interests which would like to destroy it, while Senator Forrester, democrat, of Ohio, declared the commission needed the increased funds because of its new work in promoting export trade.

After prolonged debate, the senate voted to reduce the appropriation for the commission to \$300,000.

The senate restored the house appropriation of \$2,500,000 for the interstate commerce commission physical valuation of railroads.

WASHINGTON, June 27.—The house judiciary committee today voted 17 to 2 to report out all prohibition enforcement legislation in one general bill, with the war-time enforcement measure as down as part of it.

The three sections of the enforcement bill are: War-time enforcement, effective upon its approval, constitutional prohibition enforcement and regulation of the manufacture of industrial alcohol.

WASHINGTON, June 27.—Final approval was given by congress today to repeal of the daylight saving law in the adoption of the conference report on the annual agricultural appropriation bill to which the repeal measure is attached.

The bill contains an amendment providing for the labeling as well as the inspecting of horse meat.

WASHINGTON, June 27.—Secretary Wilson is asked in a resolution adopted today by the house to report the activities of officials and employees of the labor department in connection with the case of Thomas J. Mooney, convicted in California, in connection with the preparedness day bomb explosions.

Mr. Wilson is said by his friends not to be opposed to sending the information to the house.

Representative Blanton, democrat, Texas, who introduced the resolution, charged that John B. Demmore, now director of the federal employment service, spent two months on the case, "trying to put a dictograph in the district attorney's office to help turn the dynamite loose."

SAN FRANCISCO, June 27.—John B. Demmore, director of employment sent to San Francisco last year by William H. Wilson, secretary of labor, turned in a report to Mr. Wilson, dated November 1, in which revelations of alleged irregularities in the prosecution of many cases, criminal and civil, were made.

Present and former public officials were mentioned in the long stenographic report, much of which consisted of alleged conversations obtained by dictaphones.

RECESS PLAN NOT APPROVED. Congress to Remain in Session Until President's Return.

WASHINGTON, June 27.—Proposals that congress recess for ten days, beginning early next month after the annual supply measures have been passed, have been made by some democratic senators, but thus far republican leaders have refused to agree, holding that in view of the early return of President Wilson and his desire to address the senate it would be unwise for the senate to suspend its work in the immediate future. It is understood, however, that they agree to three-day recesses for a short period pending consideration of the peace treaty.

Keeley Demurrer Filed. SALEM, Or., June 27.—(Special.)—Assistant Attorney-General Benjamin has filed in the circuit court a demurrer to the mandamus proceedings brought by Leroy Keeley, a Portland attorney who is seeking to compel Mrs. Laura Dibern to return to the state \$4000, which was paid to her by the industrial accident commission as a result of the death of her husband. Arguments on the case are not expected for several weeks.

plated, President Wilson plans to leave for Great Britain immediately after sailing for the United States at noon Sunday.

The council of four has granted Poland permission to use General Haller's army or any of its other troops in restoring quiet in eastern Galicia and driving outlaws from the country.

WASHINGTON, June 27.—President Wilson advised the senate today through the state department that he was considering sending another commission to Poland to investigate reports of Jewish massacres. He said a decision would be reported after he had conferred at Paris with Hugh Gibson, American minister to Poland.

GERMAN REVOLT IS FAILURE

Treachery to Allies Revealed by Jealous Members of Plot.

BERLIN, Thursday, June 26.—(By the Associated Press.)—The German government, headed by Philipp Scheidemann, had planned to refuse to sign the peace treaty and to permit the allied troops to march into Germany as far as the Elbe, where it would be attacked by strong German forces, the Danzig correspondent of the Tageblatt declares in a dispatch describing the details of a secret plan to create a separate state in northeastern Germany.

The plan failed because of jealousies and differences of opinion between the government and the army leaders, the correspondent says.

(A report from Geneva Thursday night said Herr Scheidemann had arrived in Switzerland after crossing the frontier on foot.)

The last proposal made by the conspirators planning to oppose the allies, it is said, was to ask Poland to combine with eastern Germany in the formation of an independent republic. The offer, it is declared, was refused by the Poles, who asked why it had not been offered ten years ago.

KOLCHAK ASKS SPEEDY AID

SUPERIOR FORCES CONFRONT ALL-RUSSIAN ARMIES.

General Zukauskas Expels Bolshevik Troops From Greater Part of Lithuania.

OMSK, Siberia, June 27.—(By the Associated Press.)—Whatever support the allies may intend giving the Kolchak government must come quickly if decisive results are to be achieved before winter in the campaign against bolshevik forces. The armies of the all-Russian government now have plenty of man-power but are confronted by force of greatly superior in equipment, according to government circles.

The foreign office still is awaiting information as to what plans the allies may have for rendering aid.

On the Ufa front the retirement of the Siberian forces has been virtually stopped. Occasional offenses are reported with good success. The enemy, however, made a strong drive in the direction of Krasno-Ufimsk, in an effort to isolate the northern section. This resulted in a slight retirement along the front.

PARIS, June 26.—General Zukauskas, with a Lithuanian army of 35,000, has expelled the bolshevik forces from the greater part of Lithuania and is commencing an offensive against the bolsheviks near Dvinsk and Caaracy, according to a dispatch from Captain Howell Forman of the American Baltic relief administration to Herbert Hoover.

HELSINGFORS, Finland, June 25.—(French Wireless Service.)—The new constitution adopted today by the Diet provides that the first president shall be elected by the Diet. His term of office will be six years.

PACKERS OFFER TO HELP

Willing to Help Government in Selling Meats.

CHICAGO, Ill., June 27.—J. Ogden Armour, president of Armour & Co., stated today that the packers had offered to place their selling facilities at the disposal of the government at actual cost to dispose of the war department's surplus meats.

The low bids that were rejected by Director of Sales Hare yesterday were not the result of an effort by the packers to take undue profits, he said.

San Francisco Orders Closing.

SAN FRANCISCO, June 27.—Orders that the sale of liquor must stop at 12 o'clock Monday night and that all places where liquor is sold must be closed and vacated one hour thereafter, were issued by Chief of Police D. A. White here today.

EX-PRINCE IS STILL HELD

Reported Escape of Former Kaiser's Heir Proves False.

THE HAGUE, June 27.—Frederick William Hohenzollern, the former German crown prince, whose escape from Holland to Germany had been reported, was still at his residence on the Island of Wieringen in the Zuider Zee this morning, it was officially announced here this afternoon.

The fact that the former crown prince was still at Wieringen was disclosed by an official investigation made by the Dutch minister of the interior.

Thursday's report of the escape of the former crown prince from his internment in Holland, it appears from the available advice, came from British official sources in Paris. The accuracy of the news apparently was accepted without question in peace conference circles.
