

TECHNICAL MEN ARE LEAVING CITY JOBS

FRIENDS ALL TALK ABOUT THE CHANGE

Higher Salaries Outside Draw Portland Employes.

Mrs. Sarah Worden for Forty Years Had Sought Relief. Praises Tanlac.

ENGINEERS ARE IN DEMAND

Five Now Working in Department of Public Work to Go Soon—Others Expected to Follow.

Five technical men now working for the department of public works will leave the city employ immediately to accept positions which command high salaries. All the men who are quitting the city hold responsible positions and City Commissioner Barbur said yesterday that he expects to experience difficulty in replacing them.

Higher Salaries Attract.

O. Hogg, engineer for the municipal paving and repair plant, has resigned to accept a position with a contracting firm for \$185 per month. He has been receiving \$150 per month from the city.

Others Expect to Go.

All these men are valuable and should be paid sufficient money to retain them. "Other men have left and I presume that more will go if the plan for increases in salaries is defeated.

INEFFICIENCY IS CHARGED

AUDITOR SAYS ERRORS COST CITY MUCH MONEY.

Records and Returned Checks Indicate Double Payments—Mayor Starts Investigation.

Gross inefficiency which has cost the city of Portland hundreds of dollars and an endless amount of work in the city auditor's office is charged against city employes in various departments by the Auditor Funk. The principal items of complaint registered by Auditor Funk is for the issuance of two requisitions for one purchase of goods which has resulted in two payments to firms entitled to but one payment.

Not alone has Auditor Funk records to prove his assertion, but he has checks returned by firms with letters stating that the checks were for goods already paid for.

"There is gross inefficiency in several departments," said Auditor Funk. "Twice I have gone before the city council and explained it to them. It has done little good in several departments. In addition to the returned checks, our men almost daily find requisitions which are duplicates and avoid mistakes which would otherwise be made."

Mr. Funk charges the principal offenders are employes in the municipal fish market and the municipal shops both operated under the direction of City Commissioner Bigelow. Occasionally, he said, it occurred in the police department.

At the Theaters.

Pantages.

THE two merry minstrels who wrote "That Wonderful Mother of Mine" are dispensing sweetest harmony on the new bill at Pantages. Clyde Hager is the name of one and Walter Goodman is the other. They are not black-face artists but one of them does a capital song impersonation in darky dialogue which is convulsing in its effect. It is entitled "Use Yo' Own Judgment."

He does other impersonations, an Irish one being especially happy. The other chap plays the piano and comes in on the choruses. One of their big hits is a sort of sally-hoo song, in which they imitate the sights and sounds attendant on a circus sideshow. The patter is so realistic that the audience howls its appreciation.

"I tried for 40 long years to find a medicine or treatment that would overcome my troubles, but I never got any relief until I commenced taking Tanlac," said Mrs. Sarah Worden who lives at North 715 Jefferson street, Spokane, while talking to a Tanlac representative the other day.

"I had been bothered with stomach trouble ever since I was a young girl," continued Mrs. Worden, "and when I began taking Tanlac I was almost a nervous and physical wreck. My food always soured, and I would have the worst sort of cramping pains in the pit of my stomach every time I ate anything. I was so nervous that I would often lie awake all night long. I suffered a great deal with catarrh in my head, too, and often had severe headaches. Was badly constipated all the time, and would often have such bad dizzy spells that I would have to lie down until it passed away. These troubles just kept pulling me down until I got so weak and run-down that I just had to give up and go to bed."

"Then I read about Tanlac and the good it was doing so many people, and made up my mind to give it a trial. I just want to say right here, that Tanlac is the only medicine I found during all those 40 years that does what they say it will do. Before I had finished my first bottle I knew that I had found the very medicine I had been needing all the time. I have taken five bottles so far, and my stomach troubles have been so completely overcome that I can eat just anything I want, and I never suffer a particle afterwards. I don't have those headaches now, and the dizzy spells have left me entirely. I am no longer bothered with constipation, and the catarrh in my head never gives me any trouble. I don't have that tired feeling like I did, and am so well and strong that I can do all my work without the least trouble. My friends are all talking about my wonderful improvement, and I always tell them that Tanlac is responsible for it."

Tanlac is sold in Portland by the Owl Drug company.—Adv.

the so-called multiple action of the brain and is a remarkable application of combined motor impulses. A sense of comedy prevails in the demonstration, which adds to its pleasurable qualities.

Cecilia Rhoda is a strikingly handsome girl, and her voice is sweet and nicely trained. With her partner, George Crompton, who has an excellent rich baritone, she appears in an unique and original song fantasy called "Aspiration." Miss Rhoda impersonates an aspiring pupil and Mr. Crompton a teacher. They offer two exceedingly clever song interpretations, picturesque and colorful as to costume and scenery, and highly delightful vocally.

Lawrence and Edwards have a comedy turn centering around the one-time athletic prowess of one of the two who plays an old man cleverly. The lines and action are quite keen.

Poys and Jack Smith offer songs and stunts and smart repartee. The Crazy Katz revue features a busy and gay little maid named Babetta Dalzelle, and a flock of girls who dance and sing.

The seventh episode of the exciting Tiger's Trail is on this week, featuring Ruth Roland in thrilling pictured adventure.

Lewiston Country Boosted.

LEWISTON, Idaho, June 30.—(Special.)—Professor A. Roy Combs of the State Normal school is the author of a booklet prepared at the suggestion of the Lewiston commercial club, on the subject, "Agriculture in the Lewiston Country." Professor Combs has made an intensive study of soil conditions, crops, stock-raising conditions, land values and many other phases of the subject, and has incorporated them in the pamphlet.

Official Casualty Report.

Killed in action (previously reported missing)—Lewis, Louis (Sgt.), Glenwood, Wash.

Wounded severely—Crosby, Fred W. (Lt.), Tacoma, Wash.

Wounded, degree undetermined—Urb, Fred W. (Lt.), Tacoma, Wash.

Wounded slightly—Hood, George P., Spokane, Wash.

CIGARETTE SMOKERS of America: Crack this nut in your own teeth

There were any other tobacco in the world as mild or as good for cigarettes as Turkish tobacco—do you think that S. Anargyros would maintain a small army of trained experts in the Orient, 4000 miles from home—to select, buy, grade and pack Turkish tobacco—then pay ocean freight, plus 35c a pound import duty?

Of course not—nor would our competitors use a single leaf of Turkish tobacco if in any other tobacco grown they could find a substitute for the "dash" of Turkish which they put into their "bundle" cigarettes to make them smokable—and without which they would be lost.

Our competitors know all this. They harp on "part Turkish" and "blend of Turkish" and "paper packages" in place of a box. In fact they make many skillful apologies, which they hope will in part take the place of 100% Pure Turkish Tobacco.

Now here is the nut—and we will crack it for you. Murads are 100% Pure Turkish Tobacco, the World's most famous Tobacco for cigarettes. They are the proverbial "whole loaf"—not half loaf or part of a loaf.

They are, for protection, packed in cardboard boxes. A hen lays her eggs in a shell for protection. If you prefer them without the shell, you get scant protection and much scrambling. You ask the question, "Are Murads so much better than the other kind of cigarettes?" The answer is: More than twice as good—and we have here told you why.

Are Murad 100% pure Turkish "whole loaf" cigarettes more expensive? YES. All 100% good things cost more and are worth more than half good or imitation good.

Cigarette smokers of America: People of your class and enlightenment know these things and appreciate them. We are proud to say to you that ordinary cigarettes cost a trifle less than Murads. Think it over. The reasons are before you. Judge for yourself! In the long run the public makes no mistakes.

Remember, every package of Murad is sold under a guarantee.
