

GERMANS TO RATIFY PEACE TREATY SOON

Action by National Assembly Late in July Is Forecast.

TURKISH TURMOIL WORRIES

Reports Say Three Armies Organized Refuse to Obey Orders From Constantinople.

BRUSSELS, July 2.—(By the Associated Press.)—The Belgian foreign minister introduced bills in the chamber today ratifying the treaty with Germany and the agreements connected with the treaty.

The president of the chamber read a letter from King Albert congratulating the chamber and the country on the victory achieved after the horrors of the war, and exhorting the country to be united in the efforts necessary for the work of restoration and reorganization. A great patriotic demonstration followed.

The senate passed bills providing for due expression of the nation's homage to those killed in battles or executed during the war.

BERLIN, July 2.—Ratification of the peace treaty by the German national assembly probably will take place during the latter half of July.

PARIS, July 2.—(By the Associated Press.)—The Turkish situation is giving the peace conference much uneasiness. Reports received here indicate that there have been organized in Anatolia Turkey three Turkish armies whose generals refuse to obey orders from Constantinople.

As the position of Constantinople has been much weakened by the refusal of the conference to consider proposals from the Turkish delegates immediately, it is feared that independent movements will develop throughout Asia Minor.

VIENNA, July 2.—(By the Associated Press.)—News regarding the prospects of peace has not made any special impression upon the people of the republics formed from the former dual monarchy because of their own myriad of difficulties.

Chinese to Sign With Austria. But one development of the situation is found in the improvement of exchange rates. It is the general feeling that the central powers have suffered more through the blockade, uncertainty and internal discord during the protracted conference at Paris than in any year of the war.

The press continues to encourage the idea that the peace being dictated to the central empire is unjust.

PARIS, July 2.—(By the Associated Press.)—The Chinese delegates to the peace conference expect to sign the treaty with Austria, C. T. Wang, a member of the delegation, told the Associated Press correspondent today.

He said the Austrian treaty contains nothing objectionable to his government, as it includes the league of nations covenant. The Chinese would gain membership in the league in that manner. The Chinese also will sign the Hungarian treaty, he said, as China declared war against Austria-Hungary, but they probably would not sign either the Turkish or Bulgarian treaties, as war was not declared against those countries by China.

National Feeling Strengthened. Messages received from Peking by the delegation, according to Mr. Wang, show the government and the people are heartily supporting the delegation's refusal to sign the armistice treaty without being able to make reparation on the Shantung question.

He said national feeling in China has been greatly strengthened by the delay in the signing of the armistice. The Chinese said no new cabinet had been named in China to succeed that which recently resigned but that Kung Hsiang Chun has been acting as premier.

PARIS, July 2.—M. Bedouce told the chamber of deputies today that public works budget for the current year amounted to 1,500,000,000 francs, as compared with 200,000,000 in 1914. One hundred and seventy-six million francs have been allotted for road repairs in the invaded regions, which will have the government's first attention. The entire road reconstruction programme will cost nearly 2,000,000,000 francs, he said.

Albert Clavelle, minister of public works, told the chamber that all the railways of Alsace-Lorraine, except one, are in working order.

PARIS, July 2.—Major-General Henry T. Allen, chief of the American military headquarters today, will succeed Lieutenant-General Hunter Liggett in command of the "force on the Rhine," the new title of the army of occupation.

Major-General Allen formerly commanded the 90th division, composed of national army troops from Texas and Oklahoma. General Allen was born in Kentucky and entered West Point in 1878 from that state.

FRENCH DELAY RATIFICATION

Chamber to Appoint Commission to Study Treaty.

BY WILLIAM COOK. (Copyright by the New York World. Published by arrangement.)

PARIS, July 2.—(Special Cable.)—The French chamber of deputies is still occupied in appointing a commission of members to study the peace treaty. This appears to be a matter of great difficulty owing to socialist resignations from the commission.

On the first day the commission had been named it included two mayors. The French center right objected to these nominations and sent in a protest signed by 78 deputies. Following resignations the French parliament is now faced with the proposition of appointing 11 members to replace socialists. Twice a vote taken has failed.

The latest important move comes from socialist radicals, who object to the new members being taken from any specified party, and insist they be taken from independent members. Meanwhile ratification of the treaty by the French chamber is delayed daily. It is expected that the commission will be appointed tomorrow.

There is no doubt whatever that the treaty will be ratified by the French parliament, for the majority is for the

treaty, the only opposition coming from ratified within three weeks at the most, for very shortly the chamber of deputies has to face the new general elections, which did not take place in 1913.

Story, charged with permitting a person to enter a house which was under quarantine, both pleaded not guilty. They were assessed the costs, and were given continued sentences.

BORGO HIT HARD BY QUAKE

ITALIAN CITY RESEMBLES WAR RUINS OF FRANCE.

People Live in Tents After Hundreds of Homes Are Wrecked; Hunger Big Problem.

BORGO, San Lorenzo, Italy, July 2.—(By the Associated Press.)—This city, wrecked by earthquake Sunday, resembles a town in the devastated districts of France after an artillery bombardment. The cathedral is in ruins. Hundreds of homes and shops have been shaken down. Some of these, still habitable after the major shocks, fell down during later earth tremors.

Hardly a house was undamaged. There appears to be little acute suffering, but there is a great demand for clothing and food, which are in charge of the military authorities.

The local administration and business are disorganized and military authorities are distributing relief.

The first supply truck reached here Monday morning in charge of an American Y. M. C. A. staff under Harry Hork of Tucson, Ariz.

He told the Associated Press correspondent that when he arrived he was literally mobbed by the hungry people. He said the scramble for food was such that members of the Y. M. C. A. force roused a wall and tossed the food to the people because they could not hold them back on the ground.

"We offered our help to the Italian command at Florence," said Hork, "who accepted it. We then loaded our trucks with all the goods in our Florence canteen and started out behind a truck load of doctors. Although not the first truck to arrive, ours was the first with supplies. We have maintained regular service from Florence since Monday morning."

FLORENCE, July 2.—(By the Associated Press.)—The earthquake in this district Sunday caused 100 deaths, made several thousand homeless and destroyed 1200 homes, six churches and several big brick buildings and schools, according to the latest compilation.

This announcement was made today after Superior Judge Everett Smith had granted a restraining order to shipbuilders' Union No. 22, of the I. W. W., ordering the police not to interfere with the union's hall, which was closed and locked recently.

WARSHIPS TO MEET WILSON OFF GOTHAM

Mayor Hylan and New York Committee to Give Welcome.

PARTY WILL GO TO SEA

President Preparing Message Covering Conference, Matter for Submission Upon His Arrival.

NEW YORK, July 2.—The citizens' committee, headed by Mayor John F. Hylan, which will welcome President Wilson on his expected arrival from France next Monday, will meet the president's ship, the George Washington, on board the battleship Pennsylvania, Admiral Wilson's flagship, off Sandy Hook, it was announced today. The Pennsylvania will head a flotilla of warships which will steam down the bay to meet the George Washington. The president will board the battleship, on which he will be brought to the Battery, where a smaller craft will take him to the pier.

On landing he will be met by a guard of honor composed of soldiers, sailors and marines. An automobile procession will be formed to escort Mr. Wilson either to his hotel or to Carnegie hall, depending on the time of his arrival.

ON BOARD THE U. S. S. GEORGE WASHINGTON, July 2.—(By wireless to the Associated Press.)—The president's voyage continues under most favorable conditions, with calm seas and mild, sunny weather. Mr. Wilson has done some work on his message to Congress, in which he will submit the treaties, protocols and general results achieved at the Paris conference, but on advice of Rear-Admiral Cary T. Grayson, his physician, the president is giving considerable time to rest and recuperation, after the strenuous days he has just left behind and for those through which soon he must pass.

While no precise plans concerning the presentation message have been announced, it seems probable that if the George Washington arrives in New York Monday, as expected, the treaties will be submitted and the message read Wednesday or Thursday.

ON BOARD THE U. S. S. GEORGE WASHINGTON, July 2.—(By wireless to the Associated Press.)—President Wilson spent considerable time on the deck of the George Washington today and then resumed work on his message to Congress.

The president today received a wireless message from President Castro of Portugal, congratulating him personally and the American people on the powerfully taken step of concluding the war by victory and in leading the way to peace.

President Wilson, in reply, expressed the hope that "the days of peace which happily lie ahead of us may in every way yield the best fruits of friendship and co-operation between the peoples of our two countries."

GERMANS HONOR HEROES

"I DID MY DUTY," SAYS FIELD MARSIAL HINDENBURG.

Associations Pledged to Prevent Any Movement for Surrendering Leaders to Allies Being Formed.

BY CYRIL BROWN. (Copyright by the New York World. Published by arrangement.)

BERLIN, July 2.—(Special.)—Associations are being formed all over Germany, particularly South Germany, for the protection of favorite German leaders and the prevention of any movement to surrender them to the allies.

"This is the heaviest day of my life," Field Marshal Hindenburg said Saturday, simultaneously with the signing of peace, to a delegation of students from the University of Goettingen.

The students visited him at his headquarters at Kolberg and invited him to make his home in Berlin, pledging that 1500 students would protect him against extradition, with arms if necessary.

Hindenburg, deeply moved, thanked the delegation, but declined the body-guard, saying:

"If our enemies want to place an old man like me—who never did anything more than his duty to Kaiser, king and fatherland—against the wall, they can have me. Our enemies thereby would only place a new blot of shame on themselves."

He added that the resolution of the students was a ray of light in the heavy times. "Germany's future lies in the young generation," he said. "They must work to build the nation up again. All else lies with God."

Body Is Identified.
