## HIGHWAY COMMISSION TO OPEN BIDS TODAY

Total of 145.9 Miles of Road Work to Be Considered.

BIG PROGRAMME IS AHEAD

Of Contracts to Be Let 27.5 Miles Is on Lower Columbia Highway. Other Sections to Get Paving.

Bids for 145.9 miles of road work will be opened by the state highway com-mission this morning at the courthouse. There will be 51.4 miles of paving, 59.7 miles of grading, 10.2 miles of ma-cadam and 24.6 miles of grading and

of the paving contracts to be awarded, 27.5 miles will be on the lower Columbia highway. There will be eight miles between Svenson and Rock creek and 2.5 miles between Rock creek and Westport, in Clatsop county. In Columbia county will be contracted 18.5 miles between Westport and Clats-

Lane to Get Paving.

On the Pacific highway there will be 12 miles of paying between Eugene and Junction City; 4.2 miles between Salem and Brooks and 12.1 miles between and Brooks and 12.1 miles between Salem and Dallas. On the west side will be a 2.4-mile paving job from Beaverton to the Washington county line, connecting with the Canyon road. A half mile of paving will be let on the Scufert section of the Columbia highway near The Dalles.

The biggest grading job on which bids have been asked is the Sarvice crebp-Valades ranch section of the John Day highway, in Grant and Wheeler counties. This has been advertised before and the bids rejected by the com-

fore and the bids rejected by the com-mission. The job is 49 miles in length and calls for 259,000 cubic yards of excavation. There are grading jobs in Baker, Clackamas, Douglas, Harney

and Yambili counties.

Bridge bids have been called today for structures in Douglas, Columbia, Jackson, Umatilla and Union counties. Statement to Be Made.

Among other matters of importance will be a statement by the state high-way commission as to the condition of the payement being laid on the Salem Aurora section of the Pacific highway, on which considerable comment has been recently made. The statement of the commission will be based on the investigations and tests of experts in the state and government service.
Unless there are a large number of delegations to appear before the comdelegations to appear before the com-mission, the session can be completed

Madame Oiga Samanoff, a violinist of extraordinary ability, has a 'cellist and a planist of excellence in her act. She plays with a fine fervor of harmonic skill and a complete mastery of her instrument. Her selections are all in splendid taste and are from the classics save for one popular air, played however, in a distinctively original manner. Madame Samanoff's act is thoroughly ariistic and appreciated as such. When she played 'My Wild Irish Rose' as an encore the audience hung enraptured on every note.

Another highly appreciated musical act is that of the 'Three Girls From Harmony Land.' One is named Georgia, one is Alice and the other is Pat. Their voices are fresh and unspolled and harmonize beautifully. The audience recalls them at every number. Their repertoire varies from gladsome jazz to pretentious arias and all of it is relished.

The Tecter Septette is a capital offering. The Tecters feature a teeter, and the teeter acts as a bounding board which catapulis a tiny Tecter lad and a charming Tecter lass and two Tecter big boys into the air, somersaulting onto each other's shoulders and sailing through space revolving like pin wheels. Their spectacular offering is topped off by an event in which two of the Tecters, one atop the other's shoulders, somersault simultaneously into the air and land on Papa Tecter's shoulders. The septette is handsomely dressed in golden brown costumes, fresh and smart in design and style. They werk rapidly, happily and amoothly.
