HAVE WE CLOSED OUR BROADWAY

I'LL SAY NOT. During the past week I have had this question put to me several times. I'll admit there have been no cars in for the past 4 or 3 days, but there are 3 very good reasons for this absence of high-class cars which heretofore have always invited your inspection at this ever-popular corner.

your inspection at this ever-popular corner.

We have been refinishing our salesroom floor and consequently could not show any cars until this work was completed.

There has been such a generous response to our advertising and such an avalanche of sales orders pouring in every day that we almost had to close up for a few days in order to gain our equilibrium and incidentally repenish our stock.

The base just returned from a three weeks' trip over the entire coast-buying med cars and he sure brought home the bacon, in the form of 29 carloads of almost new used cars. In fact some of them are new, He did not buy anything but the very latest models, the cream of the market, and he sure knows how to buy 'emright, which means that we can sell 'emright.

TAKE A LITTLE TIP.

Buy the car right now. In 30 days it will be practically impossible to buy any kind of a car. Opportunity is knocking. While they last you can buy cars here all prices that prevailed 2, 3 and even 4 years ago, cars that you will be proud of and will give you the same service as new ones. I am going to list a few of them below and we will be glad to show you the rest of them when you come in.
