NEW YORK, July 14.—The board of JUNIORS TO MEET TODAY oxing control, in an official statement tonight, announced that only 47 seconds of the third rest period had elapsed in the Dempsey-Willard bout when Willard's seconds tossed a towel into the ring as a token of defeat. The board also decided the bout ended in the third round

is as follows:

"A report having been widely circulated that W. Warren Barbour, time-keeper appointed by this board for the Willard-Dempaey contest, had written to Mr. Pecord, the referee, stating that the interval of one minute between that the interval of one minute between the third and fourth rounds had expired before Willard's seconds throw a towel into the ring. I beg to state that Mr. Barbour has written no such letter and further that the statement reported to be contained in the alleged letter is contrary to the fact, as only 47 seconds had expired in the interval referred to, when the signal of defeat was given by Willard's seconds.

## The Board of Lubrication Engineers

Our Board of Lubrication Engineers study the lubrication needs of each make of automobile.

These experts have determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a chart for each make of car.

Zerolene is correctly refined from selected California crude oil. It keeps its lubricating body at cylinder heat, holds compression, gives perfect protection to the moving parts and deposits least carbon. It is the product of the combined resources, experience and equipment of the Standard Oil Company.
