ELECTION UP TO excessive."

TERRITORIAL LAW CAUSES MUDDLE IN HONOLULU.

Republicans Carry on Fight in Effort to Keep City Rule From Democratic Majority.

The decision of the supreme court in Hawali that Senator Manuel C. Pacheco and Representative Jonah N. Kumalae are entitled to certificates of election practically seats these two democrats on the board of supervisors of this city to a rate structure confessedly

The fight was made by the republeans to have these two declared in-higible and have the two candidates exciving the highest votes after the first seven in the race put in office. These latter two were republicans. To complicate matters the city and county clerk refused to issue certificates of election until the court made a decision in the matter. The attorneys for the republican candidates fully intend to take the matter to the supreme court

Eight Campers Leave Live Embers Which Rangers Extinguish, But

\$500 Penalty Likely.

With yesterday the hottest day of the year and the Oregon forests rapidly assuming a state of dry tinder. United assuming a state of dry inder, onted States forestry officials are investigat-ing eight cases where campers are ac-cused of leaving fires burning. Luckily all the camp fires were dis-covered and put out before they did any material damage, but with the im-

PREVAILING FREIGHT TARIFI HELD UNFAIR TO PORTLAND. Statistics Quoted Show Excess Cost of Puget Sound Haul Over Co-

lumbia River Grade.

PRESENT RATES CRITICISED

As a prelbde to the hearing of the Columbia basin rate case before the interstate commerce commission next Monday, City Attorney La Roche and B. F. Irvine, speakers at the members' forum of the Chamber of Commerce, yesterday scored prevaiing freight rates in the northwest as unfair to Portland and the Columbia bastn, and incompatible with the geographical ad-vantages of the Columbia basin over

the Puget sound territory. Mr. La Roche quoted statistics to show the excess of cost of transportation from the inland empire over the mountains to Puget sound, over the cost of the down-hill grade to Port-land, concluding with the statement: "If the rail rate between the inland rempire and Portland is fair, then freight is being moved over the moun-tains to Puget sound at less than cost. If the rate by the mountains is fair, then the rate by the Columbia route is

Mr. Irvine emphasized the importance of railroad rates to all the industries of the Columbia basin, lyaing down what he called the four cardinal rules

of transportation. "Transportation." he said, "affects the price of every article bought or sold by any individual. "Transportation limits the territory tributary to the trade of any city. "Transportation determines the de-velopment of the resources of any re-
