

SAILOR BARES HORRORS

CHAINED THREE DAYS TO PUMP IS TESTIMONY.

Witness in Sea Murder Trial Gives Description of Terrors of "Water Cure."

NEW YORK.—Tales of cruelty alleged to have been perpetrated on the high seas aboard the American barkentine Fooka, were told in Judge Hughes' court in the Federal building by four seamen. Each of the stories in harrowing detail dovetailed into the other. The stories were told from the witness stand in the trial of Captain Adolph C. Pedersen and his son Adolf Eric Pedersen, who are charged with the murder of Axel Hansen, a seaman of the Fooka, on August 6, 1918, while the vessel was at sea. William Johnson, a Welsh miner, who shipped aboard the Fooka at Victoria, B. C., just before the sailing ship left port for Cape Town, South Africa, declared Captain Pedersen had struck him across the back with a club so hard that he was rendered unconscious for more than an hour and a half. He was then thrown overboard, and a water cure alleged to have been used by Captain Pedersen and his son. Jones testified: "I was chained in the pump-hold with another man for three days and three nights. We were chained to the pump. The gasoline pump with hose attached was started and bilge water was pumped on us for an hour. There was any water in the bilge. The captain and the two mates were present. At this point objection was raised by Dudley Field Malone, counsel for the defendants, was sustained by Judge Hough and the narrative ended. Jones had previously testified that this treatment was meted out to him because he had refused to sign a statement he alleged was drawn up by one of the mates at the dictation of the captain. This statement, which he declared he signed eventually under duress was that Hansen received a water cure from a German agent to blow up the ship. His story of being beaten with a club was developed by Mr. Malone under cross-examination. Mr. Malone, however, won a point in the captain's favor when Jones, who suffers from miner's conjunctivitis, admitted that the captain had given him medicine when his own supplies ran out. James Campbell of Kingston, Ont., another member of the crew, told a harrowing story. He testified that last July he was called into the cabin by the captain and was compelled to sign. This incident lasted two and a half hours during which the captain, both mates and cabin boy and Campbell were present. In relating the incident from the witness stand Campbell said: "Hansen was handcuffed to the railing. He turned his eyes almost closed. There was a big gush down his cheek. "The captain said to me: 'I want you to witness this statement of Hansen.' He then handed the statement to Hansen and asked him if it was true. Hansen said 'No.' The captain said: 'Confess, you.' "Hansen said 'No' again, and then the captain said to the mate: 'Wake him up.' The second mate got a big stick and hit Hansen over the head. The first mate began dictating and the second mate hit it down in writing. Hansen struggled but was so weak that he bit his tongue. As last the statement was finished and Hansen signed it, and I witnessed it. "He said you read it," asked Mr. Matthews. "No, sir, I never did," replied Campbell. The two other witnesses were Edward Reilly, a native of Ireland, and Jack Joe, a Chilean, Hawaiian born. Their testimony corroborated that of the previous witnesses. Campbell will continue his testimony today.

ARMAGEDDON STILL DUE Premier of New Zealand Declares Another Conflict Will Follow. VANGOUVER, B. C., July 15.—The world war just closed was not Armageddon, another conflict will follow, for the Germans are not regenerated. Premier Massey of New Zealand declared in a speech before the Canadian club here today. "Germany," he asserted, "has been given a great opportunity of rehabilitating herself and in a few months will be one of the chief industrial nations of the world. I have been told, and I believe it, that German chemists are now at work and will be until the next war comes, to invent far more destructive methods for the crushing of their enemies than they employed in the war just ended."

FLIGHT TO INDIA IS NEXT Sister Ship to R-34 Is Expected to Make Record Run. (Copyright by the New York World. Published by arrangement.) LONDON, July 15.—(Special Cable).—It is believed that, following the return of the R-34 from America, her sister airship, the R-33, will proceed on a voyage to India. As in the case of the Atlantic flight, the journey already has been made by air, though the first trip, that by a twin-engine Handley-Page airplane, was divided into two stages with a big interval, while the bomber was engaged in final operations in Palestine. At the end of last year a big four-engined Handley-Page machine set out to make the journey to India, and owing to various delays on the way did not actually reach her destination until January of this year. It is probable that the R-33, if she attempts the flight, will make a record run to Calcutta.

TEN REAR ADMIRALS MADE Seven Temporary Appointments in Navy Also Announced. WASHINGTON, July 15.—Ten naval officers have been promoted to the permanent rank of rear-admiral and seven others to the temporary rank upon recommendation of the naval service board, approved by President Wilson. Benjamin C. Bryan, Edward Simpson, Gustav Kaemmerling, Alexander Holstede, Roger Elliot and William Shoemaker become rear-admirals as of July 1, and Edward W. Eberly, Robert E. Coontz, W. G. H. Bullard and Philip Andrews will become permanent rear-admirals as soon as vacancies occur, and Captains Clarence A. Carr, F. Field, Casey B. Moran, Lloyd H. Chandler, Herman C. Stickney, Nathan C. Twining and Thomas P. Masgruder become temporary as vacancies occur.

MARINE STRIKE SPREADS Labor Trouble on Atlantic Seaboard May Be International. NEW YORK, July 15.—The strike of American seamen assumed an international aspect tonight, when Gus H. Brown, secretary of the eastern and western division of the International Seafarers' association, announced that crews of a dozen ships of foreign registry had quit their vessels in New York harbor. They declared, Mr. Brown said, that the strike was not only in sympathy with the American seamen, but for the purpose of equalizing wages on the high seas.

LIVESTOCK LOSSES HEAVY Argentine Floods Destroy Million Sheep and 100,000 Cattle. BUENOS AIRES, Argentina, July 15.—Government reports show that 1,000,000 sheep and 100,000 cattle have been drowned in floods in the southern part of Buenos Aires province. The railways and telegraphic communication have been interrupted and several sections in that region have been completely isolated for more than a week. The floods were due to a month of the heaviest rainfall ever recorded here.

BRITISH GREET PERSHING Salute Fired From Castle as Warships Enter Harbor. DOVER, England, July 15.—General Pershing crossed the channel on the British destroyer Orpheus, which was escorted by another destroyer. As the warships entered the harbor a salute was fired from the castle. General Sir Henry Hovell, who is the British commander, welcomed the visitors while a band played on the sanding stage. The station was covered with bunting and American flags were much in evidence.
