Fire Chief Holden's automobile was almost demolished and several persons were seriously and painfully injured yesterday afternoon and last night.

The most seriously injured is Lloyd Johnson, of 121 1/2 Forty-fifth avenue, southeast, who suffered a compound fracture of the left leg and severe bruises in a collision between the motorcycle he was riding and an automobile driven by Frank K. Morrison at Fifty-eighth street and Foster road yesterday.

Frank K. Morrison reported to the police that he was driving east on Foster road and was proceeding beside an ice cream wagon when a small girl suddenly ran from behind the wagon.

While hurrying to answer the fire call yesterday afternoon from Forest Grove, Fire Chief Holden's speedster and both wheels on the right side shattered as the result of a collision with another machine at East Seventh and Clay streets.

Two empty wine bottles were found in the car. Holden was driving west on Clay street and Votruba south on East Seventh street when the collision occurred.

WALES RIOTS CAUSE STIR

Clashes Between Whites and Negroes W. Rouse Officials' Anxiety.

LONDON.—(Correspondence of the Associated Press.)—Race riots in the northern part of England and Wales have created stir throughout the country, principally because of the novelty of such occurrences in these islands.

Normally there are few negroes or aliens with colored skins to be seen in Great Britain, but the exigencies of war caused the importation of a large number of them to work on export docks and to recruit the ranks of manual laborers depleted by the call for fighting men.

Resentment over this state of affairs quickly developed into hatred when the soldiers observed that the strangers were trying to cultivate the acquaintance of white girls.

Birmingham, England, has an army of unemployed equaling 724 for each 10,000 population.

CHURCH SEES WORK AHEAD

CLOSER RELATIONS WITH WAGE EARNERS ARE ADVOCATED.

Living Wage, Reasonable Hours, Equal Opportunities and Pay for Women, Among Objects.

NEW YORK, July 14.—Protestant churches of America should be brought into closer relations with the wage-earners of the nation, says a statement issued by the commission on church and social service of the federal council of the churches of Christ in America.

To accomplish this purpose, the commission proposes that hundreds of powerful, highly socialized and democratically organized churches should be established in industrial centers.

It suggests that seminaries should train ministers to know how to administer such churches, men who will know economics and social problems, as well as theology.

It proposes an alliance of the church with the workers themselves, "to achieve the great objects for which the workers are struggling, such as living wage, reasonable hours, equal opportunities and pay for women, participation in management and ownership and abolition of child labor."

It is proposed also by the commission that the church denominations should agree among themselves to establish non-competing centers of the federal council of the churches in industrial centers and that the denominations should close churches which compete.

NEWS FROM SOUTH WANTED

LATEST MEXICAN "INCIDENT" AROUSES INTEREST.

Word Regarding Attack and Robbery of Boatload of American Sailors Is Expected Soon.

WASHINGTON, July 20.—Although neither the state nor navy department received any further information today regarding the attack and robbery on July 6 of a boatload of American sailors from the U. S. S. Cheyenne in the Temoac river, near Tampico, Mexico, the incident continued to elicit all else in interest in official circles.

Additional information is expected by that departments within a very few days, probably tomorrow. At the navy department it was said there has been nothing received to indicate whether the note of inquiry addressed by Secretary Daniels yesterday to minister under Karl Peck Finney of the cruiser Tepeka at Tampico, who reported the attack, had been received by the minister.

Some delay in the receipt of an answer was anticipated because of inability to communicate direct by wire with the Tepeka. The Tepeka's existence in the Gulf of Mexico of what is known by radio experts as a "static." The secretary's message undoubtedly would be transmitted over land wires from Galveston to Tampico and telegraphic communication over Mexican wires is subject to considerable delay.

While Commander Finney undoubtedly had investigated the affair thoroughly, it was pointed out that in view of the request for a "fuller report and result of investigation," he might deem it expedient to inquire further before replying.

CZECH CHILDREN HUNGRY

Lack of Food Keeps One-Third Away From Public Schools.

PRAGUE, Czechoslovakia.—(Correspondence of the Associated Press.)—One-third of the school children in Czechoslovakia are absent from school every day on account of hunger, according to Red Cross investigators' report. Many of the children in the public kitchens throughout the country are emaciated and their faces are gaunt.

Miss Edith Hoyt, of Washington, D. C., and Mrs. Ethel L. Davis, of New York city, two of the trained social workers sent by the Red Cross into 17 towns in the Erzebring district, reported that in this section 90 per cent of the children were actually starving. To relieve this situation, arrangements have been made for the establishment of public kitchens throughout the country. The Americans are supervising their operation and the distribution of food supplies to them.

THE OAKS AMUSEMENT PARK

There are so many things here at THE OAKS, Portland's real amusement center, to tell you that the park is almost impossible to describe.

We could devote many Chats to each—a hundred interesting things, and then not have time to tell the story of the pleasure that awaits Portland pleasure-seekers at the park.

It is not possible to describe the thrills and the interest to be found along the trail, where every door is an entry to new delight. The only way to learn of these pleasures is to enjoy them for yourselves.

The Armstrong Folly company inspires many fine words, but none of them so well show the entertainment this company provides as the expressions the great park auditorium audiences utter when they have seen an Armstrong production.

Now comes the Memphis Minstrels, a special added attraction, to entertain with their refreshing southern comedy and music. The Minstrels will give two out-of-door shows each day.

Come to THE OAKS today. Here you will find rest and entertainment. Cars at First and Alder, Six-cent fare. Free gate to S. P. M. today. JOHN P. CORRIAY, Manager. Oaks Park News in the Chats.
