## **BETTER SUPPLIES OF** PEACHES DUE SOON

Heavier Movement From California Predicted.

MARKET HOLDING UP WELL

Northern-Grown Crawfords Not Expected in Quantities for Two Weeks, Dealers Report.

There were no cariot arrivals of peaches from the south yesterday, but with previous supplies of California Crawfords and Oregon Asexanders and Hales coming in a moderate way and the demand more or less limited offerings were sufficient and prices ponerally held at the previous level.

A considerable increase in the movement A considerable increase in the movement of the movement

considerable increase in the movement Californias to this market is expected coming week, and deaters also look for improvement in the quality of the ofthe coming week, and dealers also look for some improvement in the quality of the offerings from that quarter. Most of the Crawfords brought in to date have been of simuli size and some complaint is heard regarding the quality of the fruit.

Crawfords on the street vesterday sold at gm extreme range of \$1.13 to \$1.50 a box, most of them going at \$1.35. Oregons at the same time sold at \$1 to 1.25 for the most part, off grade stock in some cases going at 50 cents.

markets-porthern-grown Cradfords-are not expected in quantities for about two weeks reports from the Ashland district indi per reports from the Ashiand district inni-cate limited efferings from that quarter the coming week. The Oregon and Wash-ington peach crop this year promises to be time of good size, probably greater than that of hist year, but it is said by some that the Fruit this season will run more largely than issual to the small sizes. This remains to be varified, however.

California Bartlett pears were available

Tallornia Hartiett pears were available
in a moderate way yesterday, selling at \$4
to \$125 generally. Most of the offerings
showed good quality and dealers reported a
fair demand and a satisfactory movement.
Apricots from the south held firmly at es around \$2, according to size and qual-

There was a slightly better feeling in the cantaloups trade, due mainly to the approximate clean-up of Imperial valley stock. With this out of the way some improvement in the quality of the offerings is assured, and local dealers are confident that the situation will adjust itself within the next few days. There was a good demand for quality cants yest-raky and trade was active, though the market attll was more or less tophcavy. Standard Turlocks sold to retailers at \$2.50

clear, haulings moderate and the demand and movement active, with little or no change in prices. Picking in the late planted fields will begin within a few days.

Egg Market Shade Easler.

While there was no evidence of marked weakness in the egg trade yesterday, the market seemed to show a slightly easier tone than for some time past. Hather beauty receipts were reported and dealers reported the demand a little slack. No perious break, however, is feared at this tings of the season. Buying prices of 47 to 50 cents were quoted on the sireet. The positive market was said to be holding up in a fairly firm way, hens selling at 28 to 50 cents a pound and broilers at 22 to 50 cents. Veal and pork were steady at the protections range.

Quality Berries in Bemand.

There was an excellent demand for good graine berries on the aircet yesterday, but a fairly for Erries in Bemand.

### LAWYER IS REPRIMANDED

C. A. TOWNSEND THREATENED WITH FINE FOR CONTEMPT.

Judge Tazwell Accuses Attorney of Holding Divorce Papers to Get High Fee From Woman.

If C. A. Townsend, an attorney of this

There was an excellent demand for good grain berries on the aircet yesterday, but offerings were meager. Choice raspherries with a ready seller at \$1.50 to \$1.70, and blackborries were quoted at \$1. Logans held at \$2.85, but there were only a few small lots in evidence. Good currains were said to be in demand at \$2 to \$2.25 a crate. This week practically finishes the red raspherry crep in this section. Heavier offerings of blackborries are expected the coming werk, and with the berry market generally strong good prices are counted on.

Government to Sell Prunes.

The government is asking for bids for the auge Taxwell severely reprimanded that he produce the papers as soon as possible. He promised, said Judge Taxwell, to have them recorded by noon.

"This appears a flagrant case of abuse o fprivilege," commented Judge Taxwell, and either that attorney will jump to file those papers in the more-ing of I'l have him up before me The woman.

"Bid.

E. C. Kiel and Sergeant Frank McKee. arrived here at 3:30 this afternoon, and after taking on gas and oil continued northward. The machines are of the Curtiss JM-4 type and were en route to Seattle, where they will be used in

Brake Attachment Patented.

ROSEBURG, Or., July 24.—(Special.)

—George S. Marsh and Robert Farmer, local machinists, have secured patents on a new brake attachment for automobiles. The device, which is said to be unusually powerful in its action, can be attached to railway coachen.

### STEELS STRONG FEATURE

GROUP OPENS WITH GAINS IN SECURITIES MARKET.

Passing of Bethlehem Dividend Results in Recession-Speculative Influences Are Active.

NEW YORK, July 24.—The same spec-diative influences which have been foremost in the bull side of the stock market since ast Tuesday's rapid recovery were oper-tive again today, though in modified de-

arive again today, though in modified degree.

Surface developments, excepting the suspension of "extra" dividends on the common shares of Bethishen Steel, were mainity encouraging and the varied character of
the trading offered further proof of the activity of professional interests.

Passing of the Bethishem dividends occamiound little surprise, such a course having
been practiced ever since the U. S. Steel directors took similar action three months ago.

Steels were among the complexiously strong
features of the early session, that groupopening at material advances, but fulling
back trregularly on announcement of the
Bethishem action.

Motors and their distinctive subsidiaries, notably electric, rubber and leather equipments, were heavily traded in, Stromberg Carburetor functuring wildly in a 12%-point radius and closing at a net gain of 3 points. Tobacco, shipping and food shares contributed their recent large proportions at gross advances of 2 to 6 points, but yielded with the general list in the free selfing of the final hour.

All the favorite issues, including U. S. Steel, reversed their positions of the early and intermediate sessions, the reaction rangular to heavy close. Sales amounted to 1,600,600 shares.

Bonds, including liberty and foreign issues, were irregular, but sound investment conditions were exemptified by the success of the Swiss government form and closing of the Swiss government syndicate offering.

WASHINGTON, July 24.-Homer S. Cummings, democratic national chairman, is expected to appear before a Representative Frenz, Wisconsin, charged with inquiry into aviation expenditures.

Mr. Cummings is to be asked about publicity said to have been insued by

the democratic committee, in whih th proposed visit of the Frear committee to the northwest for investigation of spruce production was referred to as a "Joy junket" and intimated, according whole inquiry was for partisan pur-

Mr. Frear will ask Mr. Cummings, republican members of the committee said, to substantiate the charges of

Established Over 25 Years

# on your new building

WHEN a prospective builder asks us how long a Carey Roof will last, we can take him up on his own building (if it has a Carey Roof) or on a near-by building, and show him how a Carey roof that has been on 10, 20 or 30 years has lasted. Carey Roofings have been on the market 46 years.

They are the product of nearly two generations of scientific study and practical roofing experience.

There is just exactly the right kind of Carey Roof for

your new building be it bungalow or a factory. Carey Built-up Roofings are specially popular for flat surfaces. They are made of various combinations of asbestos felt. woolfelt, asphalt and possess the great advantage of being light in weight and fire-retarding. We are prepared to give you an estimate on roofing of this type applied on the building. If you have an old roof that is giving trouble it will pay you to have it removed and a Carey Built-up Roof applied in its place.

Put your roofing problem up to us. There is a Carey Roof for every building. Carey Building Materials stos Built-Up Roofs
