The greater a man or woman is the more people he can understand

Democratic Policy Criticised.

Chairman Graham, after the com-mittee meeting, asserted that such a policy existed, and that subsequent re-ports on other subjects would be made the committee to prove the policy's pplication to various commodities as well as food. He asserted that "the same private control of the govern-ment continues as was exercised by the council of national defense in fram-

ing war policies."

Mr. Piood's conference with war department officials today led him to challenge the majority report in a letter which was concurred in by the other democrats in asking a reopening of hearings. The latter asserted the report's statement that no surplus of foodstuff was declared for six month: was erroneous, for there had been nominated registrar of the land office at Juneau, Alaska.

President Wilson signed the agricultural appropriation bill, from which congress had eliminated a rider repealing the daylight saving act.

Democratic members of the house war investigating committee plan to ask reopening of the inquiry into the surplus food stock held by the war department.
