the course of the swim were towed up the Willamette yesterday and anchored 110 yards apart just off the Winde-muth baths. The length of the course necessitates 16 laps and 15 turns. Officials of the Multnomah Amateur Athletic club have arranged to handle a number of fans on barges and floats. List of Entrants.

The complete list of entrants for the vent, which should be concluded with in half an hour after the hop off is: William L. "Buddy" Wallen, Illinois Athletic club, Chicago: Harold "Stubby" Athetic club, Chicago; Harold "Stubby Kruger and George Schroth, Oakland, Cal., Athletic club; Mitrie Konowaloff, Crystal Pool, Seattle, Wash.; Don Stryker, Jack Pobochanko, V. A. Treman, O. J. Hosford, Emmett Rodgers, Harry Eddas, Myron Wilsey, Albert Enegren, Multnomah Amateur Athletic club; J. W. Caswell, unattached.

Here are the officials: Frank E. Watkins, starter; A. D. Wakeman, referee; Harry Fischer, Frank E. Harmar, J. H. Mackie and T. Norris Dunne, judges; George Philbrook, George L. Parker and A. B. McAlpin, timers; Richard P. Sharn, George Berts and Longer Berts an ard R. Sharp, George Bertz and Lou Kennedy, press stewards, and Phil Pat-terson, clerk of course. Launches run from the foot of Morrison street and from the foot of Wood-ward avenue, which is reached on the Brooklyn carline, to Windemuth.

Interest naturally centers around the four crackerjack out-of-town en-tes. Things won't look exactly natural without our own Norman Ross on the job for Norm's in France preparing to swim the English channel. His ab-sence has cheered a lot of entrants up for they figure they've a better chance with the Portland boy far across the briny. At that if he was on hand no one can say that he would have a sinecure against Wallen, Kruger and Schroth, "Buddy" Wallen Favorite.

"Buddy" Wallen, tall, rangy chap from the north side of Chicago, is the biggest drawing card. This will mark his first appearance in Portland. Wal-len won the national mile last year in Chicago, making the distance in 25 minutes and 8 seconds. He won the Chicago river marathon last Saturday afternoon—a distance of approximately two miles—making it in 30 minutes and

The vote is reported to have been almost unanimous. When the walkout will be effective is not known.

It is expected, according to Mr. Hanson, that the question of the contract between the union and the mill companies, in which it was stipulated that no increase in wages or demand for shorter working hours would be made during the period of the war, will become a part of the controversy as well as whether the lumber companies will recognize the International Union of Timberworkers.
