Picnickers' Coach Is Struck on

INJURED CARMAN RESCUER

Women and Children in Screaming
Mass When Smaller Car Is
Hit at Curve on Hill.

SAN JOSE, Aug. 3.—Forty or more persons were injured, several seriously, in a head-on crash of two cars of the Peninsula railway, nine miles from here, at 11:30 o'clock this morning.

Laden with picnickers bound from San Jose to Congress Springs, a small car was thrown on end by a car twice as big that swept down a grade at a curve.

E. G. Shoup, superintendent and traffic manager of the Peninsula railway, cousin of Paul Shoup, vice-president of the Southern Pacific and president of the Pacific Electric railway, was said to be piloting the small outbound car. He had been riding in the vestibule and was reported to have relieved the motorman a few minutes before the crash occurred. He was caught in the wreckage and his left leg so badly crushed that it was amputated below the knee.

Motorman William Coulter of car No. 51, the smaller of the two in the crash, jumped when the impact came and later assisted in rescuing the screaming, struggling mass of 53 women, children and men who were piled in the lower end of the car. John Marcum, conductor of No. 51, was badly bruised, but assisted in the rescue.

LEGION TO ENTER TANGLE

CHARGES AGAINST MYERS TO
BE INVESTIGATED.

Alleged Mistreatment of Service Men
in Postal Work Will Be
Taken Up Soon.

Officers of the American Legion expect this week to enter into the controversy that has developed in connection with alleged mistreatment of returned soldiers who are in the postal service in Portland and a rigid investigation of charges and counter-charges will be conducted. To date the matter has not been presented formally to officers of the legion, although they are familiar with the situation and conversant with the positions taken by Postmaster Elvers yesterday. "have not been notified formally as to allegations made in connection with treatment of service men in the postal service, but I expect the matter will be brought to our attention tomorrow. We will back up the service men, as that is the fundamental object of our organization."

A week-end truce was in effect yesterday, so far as surface indications showed, neither the mayor nor the postmaster issuing statements. The controversy now has reached a point where Mayor Finkler considers it Mr. Myers' next move, as the mayor called for a "show-down" Saturday after having been termed a "four-flusher" by the postmaster.

ELKS' MEET TO BE LIVELY

OVER 5000 VISITORS EXPECTED
AT KLAMATH FALLS.

Salem and Pendleton Delegates to
Stage Stunts in Effort to Win
the 1920 Convention.

Klamath Falls will draw between 5000 and 6000 visitors on August 14, 15 and 16, during the second annual convention of the Oregon State Elks association, according to Dr. William S. Kennedy, president of the association, who returned yesterday from a tour of the state in the interest of the meeting. "In every city visited, I found the Elks enthusiastic over the prospects of the trip to Klamath Falls and the entertainment which will be in store for them," said Dr. Kennedy. "The convention will be of utmost importance to Elksdom of Oregon, and in addition the entertainment will be superior to anything ever offered to a crowd of

delegates attending annual conventions. Choice of the 1920 convention city promises to present a contest of keen rivalry between Salem and Pendleton. Both cities will be represented at the Klamath Falls session with large delegations, and both delegations will introduce features in an effort to gain support for their claims.

Portland lodge at its last business session voted unanimous support to the candidacy of Harry G. Allen, who is now secretary of the Oregon State Elks association, and who aspires to succeed the retiring president, Dr. Kennedy, who is a delegate of The Dalles lodge No. 205. Delegates from Portland have been instructed to vote for Secretary Allen and in addition to this support, Mr. Allen also has received assurance of support from many of the other lodges of the state.

Rehearsals on the "die-luxe" special to be operated from Portland with reduced fares, are being made rapidly, according to William J. McGinn, chairman of the transportation committee. In addition to the large number of Elks who plan to leave from Portland, many of the eastern Oregon and Willamette valley lodges are planning on taking advantage of the special, and attaching cars to the train for the trip.

WASHINGTON, Aug. 3.—Steps towards reducing the high cost of living are expected this week.

While all government departments are working toward the end of alleviating unrest by restoring a normal level of prices, interest centers in the meeting Tuesday of the conference called by Attorney-General Palmer to consider the best method of procedure, especially with respect to profiteering. The committee appointed by the conference has been engaged in an exchange of memoranda which will be put before the conference for recommendation to President Wilson.

The presence of Julius Barnes, director of the United States grain corporation, at the meeting Tuesday, will give expert counsel to the cabinet members and other officials on the grain situation. A decision to sell wheat in a free market, the government absorbing the difference between the market price and the guaranteed price, is believed certain.

There are indications that the attorney-general is paying special attention to cases of profiteering. He has at his disposal a great volume of information collected by the federal trade commission, showing production costs in scores of industries. While there is no law by which profiteering may be punished directly, Mr. Palmer has said that there is a great deal of "good law" on the statute books and it is believed he will find a way to punish any cases where there are evidences of extortion.

The average citizen is the man in whose behalf the profiteering investigation will be pushed, despite the fact that it was the new demands of the railroad labor unions which precipitated it.

POLICEMAN OUTFIGHTS 12

SAN FRANCISCO PATROLMAN
OVERCOMES SERVICE MEN.

Army of Such Men, Opines Chief,
Would Have Put Tensions Out
of War With Speed.

SAN FRANCISCO, Aug. 3.—(Special.)—Comparative estimates made today by Chief of Police White, following a melee described as a riot at Mason and Taylor streets, in the so-called fashionable Tenderloin, in which a dozen service men were vanquished by Policeman James McEachern, led to the conviction that with an army of McEacherns, Uncle Sam could have made good in the world war with less than one-tenth of the forces that were sent "over there."

Two soldiers opened hostilities with Policeman H. T. Lewis, when the latter undertook peace negotiations. Two more soldiers arrived and went into action. Then came other soldiers and sailors until Lewis, assailed by a force of about 15, fell severely beaten. McEachern heard the summons from his stricken comrade and "went over the top" with fists and club he attacked on all fronts. After a couple of howling, mauling minutes, the marauders made unconditional peace terms. McEachern arrested on charges of inciting riot 13 soldiers, who described themselves as former service men or continuing in active duty. Lewis was taken to the emergency hospital to have his wounds treated.

St. Helens Has Beach Resort.

ST. HELENS, Or., Aug. 3.—(Special.)—St. Helens now boasts a regular and up-to-date beach resort. Through the efforts of the St. Helens Chamber of Commerce, a road has been opened to Columbia Beach, a mile below the city. Bath houses, dressing houses, floats and city water have been installed and the place is open to the public. No charge is made for the use of any of the equipment, and the beach is becoming popular also with many outside of St. Helens.

PORTLAND MAN HAS GAINED 29 POUNDS

Foleen Had Been Told an Opera-
tion Was His Only
Hope.

"I have more faith in Taniae than any medicine I have ever seen, and I'll tell you why I say this," said C. J. Foleen, a well-known mechanic who is employed by the Southern Pacific Railway Co., and who lives at 801 East 26th street, Portland, while talking to a Taniae representative the other day.

"I suffered from stomach trouble for three years or more," continued Mr. Foleen, "and when I commenced taking Taniae I was so weak and run-down that I was not able to do any work at all. At one time I was in the hospital for seven weeks, and after the very best of treatment there I was told that nothing but an operation would do me any good, and that I would have to submit to it if I ever expected to be well again. I refused to undergo the operation, and was told then that they could do nothing more for me, so I pulled up and went home. Well, after I got home I began to diet myself, thinking that might help me, but I soon found that even milk and mush and a soft-cooked egg would cause gas to form on my stomach, and I would have the worst cramping spells you ever heard of. I just kept on suffering and getting weaker all the time until I was just about all in.

"Then I heard about Taniae and the great things it was doing for so many other people, and I bought a bottle and commenced taking it. Well, sir, I figured that Taniae would give me some relief, but I had no idea that it was going to make such a clean sweep of my troubles and put me in the fine condition I am now in. Why, I have gained twenty-nine pounds and in a short time I was as free from pain and distress as any man on earth. My stomach troubles all disappeared, and my appetite came back in full force, and up to this day I can hardly get enough to eat. Everything I eat agrees with me, too, and when night comes on I can go to bed and sleep like a rock right through until daylight. Now that was just a year ago when Taniae pulled me out of all that trouble, and I haven't lost a day from my work since, and my health has been just fine ever since."

Taniae is sold in Portland by the Owl Drug Co.—Adv.
