Spectacular Feature.

Two days of real enjoyment will be in for the members of the Portiand Motorboat club, and one day of real aport will be the treat dished up to the speedboat and racing fans, as a big regatta will be held next Sunday at Columbia Beach sinder the auspices of the motorboat club. The event will be in the nature of a two-day cruise for the club members, but a big programme of racing and water sports will be held on Sunday for all those who care te visit Columbia Beach.

Sumday's lineup of sports will get under way at 2130 o'clock with a runabout shandicap race. Ray Neuberger, who is lining up the boats for this event, has already received several entries and expects five or six starters. Next on the programme will be a runabout exactor race, with all of the entrants starting on an equal basis. A cruiser handicap race promises to be one of the hardest contested of the day. Neuberger is new working on a special race between the Charmalee and Commodore George Kendall's speedy Sylph.

Volger Boy May Race.

Because of the scarcity of competition in these parts for the famous Volger Boy III, the fastest speedboat on the Pacific coast, it is not likely that there will be an event between the "real" pace setters, but at any event the Volger Boy III will give an exhibition and there is a possibility that the Baby Bell may be coaxed out to take a fling around the course in the Columbia river against the Volger Boy III.

Surfboard riding, which is getting to be a popular sport among the most daredevil of the fair mermaids, will be on tap Sunday, with Miss Thelma Payneswomen's national A. A. B. diving champion; Miss Irene Pembroke and Miss Virginia Pembroke riding boards behind express crulaers. Miss Payne and the Pembroke sisters have been practicing some hair-raising stunts on the surfboards in the Willamette the last month and promise to present a thrill Sunday - Arrangements will also try to be made to have the trio sive a fancy diving exhibition from the high board at Columbia Beach.

The Portland Motorboat club cruises to Paradiae Feint last Saturday and Sunday proved a most enjoyable affair and was one of the best cruises arranged in many seasons. Among the motorboats that made the two-day trip were Commodors C. W. Boost's Artisan, William Love's Wa. We. Go., M. C. Boone's Rudy. Howard Hinkley's 12 P. M., R. H. McDowell's Hefty, George Kendall's Sylph, Ray Neubergar's Spear IV, and A. D. Weatherford's Swizzie II.

Nothing in the line of cruises will be held until after the Columbia Beach outing. The next big cruises will be held until after the Columbia Beach outing. The next big cruises will probably be on Labor day, but as yet nothing has been definitely decided.

Ruppert Disputes Johnson.

Colonel Ruppert asserted Mr. Johnson

Colonel Ruppert asserted Mr. Johnson had not stated the real facts in connection with Mays' quitting the field in the midst of a game at Chicago on July 12. Mays, he declared, left the field injured after being struck by a ball thrown by Catcher Schang.

"Manager Barrow did not send from the bench for the player, as he knew Mays was hurt," Colonel Ruppert said. "The Boston club did not report the incident nor suspend the player for the reason that he did nothing that would usl! for such action."

Colonel Ruppert asserted that neither President Frazee nor Manager Barrow of the Boston club ever received the message which Mr. Johnson said he sent, inquiring why Mays was not suspended and characterized as "absolutely without foundation," Mr. Johnson's assertion that Lieutenant-Colonel T. L. Huston, joint owner of the Yankees, had stated that New York would not negotiate for Mays.

Mr. Johnson left New York at noon without amplifying his statement of last night and without making any comment on the charge of the Yankee owners that he held a financial interest in the Cleveland club.

"We expect to pitch Mays within the next two days," was the declaration of the New York owners.
