"No reference was made to this policy being in any way dependent upon the execution of the agreement of 1915 to which Viscount Uchida appears to have referred."

Indeed, I felt it my duty to say that nothing that I agreed to must be construed as an admission on the part of the government of the United States in the policy of the notes exchanged between China and Japan in 1915 and 1918...

"I have, of course, no doubt that Viscount Uchida has been apprised of all the particulars of the discussion in Paris, and I am not making this statement with the idea of correcting him or to throw the policy out of clarification upon a situation which ought to be relieved of every shadow of obscurity or misapprehension."

Because of the demands for hangars by planes other than those in government and state service it is proposed that the state board, forestry officials and Salem Commercial club shall share in the expense of the improvement.
