name of the marvelous 4-year-old McGregor the Gray which won in 2:04 1/2 at Toledo; the Acme, one of the contending horses in that event; Penasta, a double winner at Toledo; Echo Direct, which equalled the 4-year-old record for geldings when he won at Kalamazoo, and Milton Guy. The bright lights in the 2:16 trot are Hollywood Nacmi, Marjondale, Mignola and Joseph Guy, the last three of which have been winners this season. The 3-year-old trot and 2:18 pace are the other events for Thursday. The entries to the latter include Roy Gratian, Box R, Ethel Chivand, Tommy D., now in the Eckert stable.

The Belmont Driving club has prepared a splendid card for the last day of the meeting. These events will be sandwiched with the 2:12 pace, in which Goldie Todd, Eva Abbs, Double G, and Wellington Direct are named, and the 2:21 trot with 14 entries.

STANFORD GAME IS SET

GRIDIRON BATTLE WITH 'AGGIES' IS OCTOBER 25.

California School to Play American Game Again After Many Seasons With Rugby.

STANFORD UNIVERSITY, Aug. 11.—(Special.)—October 25 is the date set for the Oregon "Aggie"-Stanford football game, according to an announcement made here by Manager W. L. Ames of the Stanford team. The game will be played in Portland.

The game will be the second on the schedule of the Stanford football team later in the season. University of Oregon will meet Stanford at Palo Alto, November 22. The Stanford team will be the first American football team that has been turned out here since 1908. This season will also mark the return of the annual "big game" with the University of California.

The coach, Bob Evans, intends to make a big effort in the coming season to prevent history from repeating. The score of 72-0 that Washington rolled up on the University of California, when the college returned to the American game, is weighing on his mind. To prevent a like slaughter befalling the lot of the Cardinal athletes he is making every effort to get his new material in shape at an early date.

Evans says that no scores of the 72-0 variety will be chalked up against the Cardinal for Stanford already has a number of football stars registered at college. Among these is the redoubtable Hercules Bihman, the shot-putter and general weight man, "Herc" learned to play in the army. E. R. Caughey is another fast and heavy man who should find a place in the backfield. He is a former track captain and took first in the shotput in the Paris games recently.

Former Rugby stars like Lilly, the Stanford sprinter, Eugene Righter, Adams and Walker will return in the fall and brighten Stanford's chances considerably.

HOW TO PLAY GOLF

SOME experts say that woman falls at golf because she does not attain man's degree of proficiency. Wherein lies the reason? Not lack of practice. Women nowadays play more than men, or at least as much. Not lack of instruction. They take heaps of lessons and make good pupils. It is because they are not so well equipped physically and generally speaking the swing is always too long. In fact, the wrists of women do not recover so well as the average man. At short chips and putting, honors are about even.

In iron and mashie play, here we find wrists that are apparently too weak to get that real snap action which is necessary for successful play, and generally speaking the swing is always too long. In fact, the wrists of women do not recover so well as the average man. At short chips and putting, honors are about even.

In the Williams-Washburn-Kumagai-Throckmorton match the play was brilliant throughout. Williams, particularly true of Kumagai, as some of his "gets" seemed almost impossible. Williams has not yet achieved the form he showed behind the army and made a majority of the errors charged to his team. The point total was 150 for the winners and 140 for the losers.

LEBANON ARRANGEMENTS MADE FOR 1919 PROGRAMME.

California-Oregon Event Will Be Held on Course Extending 35 Miles Along Road.

Mike H. Butler, W. E. "Dick" Carlson, E. A. Parsons and D. W. Alton, prominent members of the Oregon Field Trials club, are back from Lebanon, Or., where they went to make preliminary arrangements for the running of the California and Oregon field trials. The trials take on an all-American aspect this year through the coming west of the all-American club.

The Portland delegation met Dr. John Gill and others interested at Lebanon and passed Sunday laying out the course which necessitated 35 miles of land along both sides of a road. It is the biggest field ever laid out for trials.

George B. Fraser, prominent field trial man of this city, who formerly resided in San Francisco and who is still a member of the Oregon Field Trials club of California, yesterday received information from Phil M. Ward, secretary-treasurer of that organization that arrangements have been made by the San Franciscans for a special Pullman from Oakland pier to Lebanon.

Reservations for the Californians and the easterners have been made at the Lebanon hotel. The California trials will begin September 15 and the Oregon field trial season on the Pacific coast. They will last two days, with the Oregon trials taking up the rest of the week.

to extend her sphere of influence in China. Viscount Ishih replied that he agreed, but thought the agreement should recognize the special interest of Japan in China.

"I replied that I was willing to state that Japan had a special interest in China, but not a political interest, and I objected to making an agreement without defining and limiting the term 'special interest.' I said that if it meant paramount interest I could not discuss it further, but if it meant merely 'special interest' I would consider it.

Viscount Ishih brought up the Monroe doctrine and suggested that should be a Monroe doctrine for the far east. I told him there was much misconception about the Monroe doctrine; that it was not an assertion by the United States of a primary or a paramount interest in the countries of the western hemisphere; that it was a declaration to prevent interference of foreign nations with their affairs or territory, and that the United States claimed no special privilege over other nations.

Ishih Does Not Assent. "I told Viscount Ishih that I felt that the same principle (of a Monroe doctrine) which applied to American countries would be applied to China—that no special privilege and certainly no paramount interest should be claimed by the United States over other nations. "Did he (Ishih) apparently consider your view or simply maintain silence?" asked Senator Brandegee, republican, Connecticut.

"Simply maintained silence," said Mr. Lansing.

WASHINGTON, Aug. 11.—President Wilson today refused to send the senate a copy of General Bliss' letter concerning the Shantung settlement on the ground that it contained confidential references to other governments.

Text of Letter. "I have received resolutions of the senate dated July 15 and July 17 asking: First, for a copy of any treaty purporting to have been projected between Germany and Japan, such as was referred to in the press dispatches in London, together with any draft in regard to it which may be in possession of the state department, or any information concerning any negotiations between Japan and Germany during the progress of the war.

"In reply to this resolution I have the honor to report that I know of no such treaty or draft of a treaty, and that as referred to, but was never able to satisfy myself that there was any substantial foundation for them.

"Second, requesting a copy of any letter or written protest by the members of the American peace commission or any officials attached thereto, which was made in reference to Shantung and particularly a copy of a letter written by General Bliss, chief of the peace commission, protesting against the provisions of the treaty with reference to Shantung.

"In reply to the request, let me say that General Bliss did write me a letter in which he took very strong ground against the proposed Shantung settlement, and that I have a copy of the letter in my possession. It is a letter written by the secretary of state and Mr. Henry White. But the letter cannot properly be described as a protest against the final Shantung decision, but it was written before that decision had been arrived at. The final decision was made by the peace commission, protesting against the provisions of the treaty with reference to Shantung.

"I am also asked to send you any memorandum or other information with reference to an attempt of Japan or her allies to designate as a protest against the Chinese peace delegates. I am happy to say that I have no such memorandum or information."

Flight Follows Punishment for Disobedience at Camp on Summit of the Coast Range.

ROSEBURG, Or., Aug. 11.—(Special.)—After an all-day search at the summit of the coast range for Dana Messenger, aged 24, a feeble-minded girl, who left the camp of Mr. and Mrs. C. G. Voorhies of Sumner, Sheriff Quire and juvenile officer Agnes Fitzhugh returned here tonight without having located the young woman.

En route to Roseburg, their automobile became disabled, the party camped at the summit while repairs were made. According to report the girl was told to bring wood for the campfire, but refused, and Voorhies punished her with a switch. That night the young woman disappeared, and although police in the vicinity joined in the search Sunday no trace of her could be found and the sheriff's office was notified.

SERVICE COMMISSION SUED

Logging Concerns Seek Rebate as Rental for Own Trucks.

SALEM, Or., Aug. 11.—(Special.)—Suit was filed here today against the Oregon public service commission by the Columbia Logging company, C. M. Christensen Logging company, Palmer Owen Logging company and Robert C. Kinney, to rescind an order made by the commission July 24, 1918, in which the loggers were deprived of 10 cents per thousand feet allowed as a rebate by the Columbia & Nehalem Railroad company for rental of their trucks in hauling their own logs.

More than a year ago the logging companies made application to the commission for an increase over 10 cents a thousand feet for rental of their trucks for hauling logs, but in a subsequent hearing the commission not only refused to grant the increase but ruled that the logging companies should haul their own logs, but in a subsequent order without compensation. It is to set aside this order that suit was filed here today.

EUGENE HIT BY STORM

BUILDINGS NEAR TOWN ARE DEMOLISHED BY LIGHTNING.

Communication Is Disrupted and Blazes in Cascade Forests Also Are Reported.

EUGENE, Or., Aug. 11.—(Special.)—The district surrounding Eugene was hit Sunday night by one of the most serious electrical storms ever experienced here. Lightning struck a barn about five miles from the city, tore the top from a building near the county farm, started a number of forest fires, and disabled a number of telegraph wires. A barn belonging to M. P. Bonnell, a few miles from Eugene, was completely destroyed, together with about five or six tons of hay and several hundred bushels of wheat.

The roof of a small building in which a gasoline engine had just been installed was torn completely off, but did not catch fire. Seven forest fires were started in the McKenzie forest. Western Union telegraph wires from Eugene to Coos Bay and to Cottage Grove were put out. It is not known how serious the damage was. Eugene's lightning did little damage.

ALLEGED FORGER CAUGHT

CHARLES WHITE, WANTED HERE, IN CUSTODY SOUTH.

Bad Checks Totaling Almost \$500 Reported Passed in Portland and at Gresham Bank.

Charles White, alias C. A. Wilson, alias W. W. Courrier, wanted in Portland to explain why at least two "certified" checks passed in Portland and which total almost \$500 were not honored by the First National bank of El Paso, Tex., on which they were drawn, was arrested in San Francisco last Saturday, according to word received by the Burns detective agency yesterday.

White came to Portland, presumably from Spokane or Seattle, about July 14 and secured employment as a barber at Gresham. While there he presented a check, supposedly certified, to the First State bank of Gresham for \$344.40, saying that he wished to open an account. About \$200 of the money was taken in cash and the remainder left in the bank in a checking account. The same day all the money remaining was checked out in small amounts.

Woodard, Clarke & Co. also had cashed a check for \$125 for White, who represented himself to be a musician.

According to the records of the Burns agency, White left for San Francisco about July 28 and met two women on the train. These women registered with him at the Clark hotel in San Francisco as his wife and sister. It is said. He will be brought to Portland for trial.

SPRINGFIELD MILL SOLD

Plant Long Idle Will Resume Operations Today.

EUGENE, Or., Aug. 11.—(Special.)—The plant of the Eugene Mill & Elevator company in Springfield yesterday was purchased by a firm composed of O. C. Caswell, C. A. Whitton and G. G. Fishman, all of Eugene, and A. W. of Portland, in a deal involving \$50,000. The mill will be open for business Tuesday morning.

Previous to two years ago the mill was owned and operated by S. H. Baker. It was then sold to the Eugene Mill & Elevator company, which was owned by Elmer Paine and C. A. Williams of this city. Mr. Williams later sold his interest in the property to Mr. Paine, who for a year operated it alone. Bankruptcy proceedings followed and since that time the mill has been idle.
