# THE MORNING OREGONIAN, FRIDAY, AUGUST 15, 1919.

Charles P. Punchard, Jr., landscape en-gineer for the service, and Madison Grant of New York, trustee of the American museum of natural history, arrived fro mthe south by auto last night, and left this morning for Rainier ational park. They had completed 2600 milles of their journey when they reached Rend TO BE HEADING EAST DWARF ALL OTHERS milles of their journey when they reached Bend. Mr. Mather is making the advance-Recapture of Asylum Inmates Hydro-Electric Power Available incalculable. BIG WORKS ARE COMPARED BIG WORKS ARE COMPARED Professor Dearborn of O. A. C. Tells Mr. Mather is making the sitrance-ment of the park to park highway ment of the site highway, a direct route through central Oregon could be pro-vided for tourists, he stated. Soon Is Expected. MEN REPORTED PENNILESS Sister of Edward Southwick, One of of Great Energy-Generating Proj-BREAD INQUIRY IS SLATED ects in East and West. OREGON AGRICULTURAL COL- PUBLIC MAY GAIN INSIGHT TO SALEM, Or., Aug. 14.—(Special.y-Miss Florence Southwick, sister of Ed-ward Southwick, who, with D. C. Brich-oux, yesterday escaped from a motor truck while being taken from the state hospital for the insane to the flax fields beyond Turner, this afternoon appeared at the asylum and disclaimed any part in the transaction. "I did not know that my brother had escaped until I read the story in a newspaper this morning." Miss South-wick told the officials, "and further-more, had I known of his Intentions I would have tried to persuade him to remain at the institution. The report that I was implicated in arranging the LEGE, Corvallis, Aug. 14.-(Special.)-INNER PLAN SOF BAKERS. The largest electrical development plant in America, at Keokuk, on the Mississippi, 200,000 kilowatts when the last unit is installed, still lacks 150,000 kilowatts of equaling the capacity of the proposed Cellio plant if desirable to develop fit to that degree, says R. H. Dearborn, head of electrical ensineer-ing at the college, after inspecting the big electrical works of the east and mid-west.

Interesting Comparison Made.

**GELILO PLANT COULD** 

"In comparison this is more than is generated by the Portland Railway. Light & Power company at Canadero, Buil Run, Oregon City and steam sta-tions combined." he said. "In other words, this one unit would very nearly supply the needs of the Willamstte valley."

And the second of the men had any money or provisions when they escaped, according to the officials, and it is believed that they will soon visit some farmhouse in quest of food. Unless they are supplied with sufficient food to remain in hiding for several days, the officers are confident they will be captured soon. No one thus far has reported seeing any men answering the description of the fugitives and this leads officials to believe they are avoiding the main in billing at night. Miss Southwick this afternoon told

Miss Southwick this afternoon told the officials that in the event she was able to get in touch with her brother

able to get in touch with her orthor she would persuade him to return to the hospital. Miss Southwick is a comely little woman and came to Salem about a month ago to prevail upon the parole board to release her brother. She is now employed as a domestic here. Miss Southwick says her younger brother, who accompanied her here from enternor there are

le resistance, however, is an episode in de resistance, however, is an episode in a barber shop, in which one gray-headed monkey is the bolahevist wielder of the razor and scissors, while a mesker monkey is the customer. The mesk attitude, however, changes quickly un-der the anarchistic ministrations of the barber, and pandemonium reigns, with the sudience shricking at their antics. Not only children but the grown-ups find the monkey act exceedingly hila-rious.

rious. Earl and Edwards are a couple of funsters who have a catch line\_That'll be about all," which fits neatly into their songs and sayings and provides fun They sing cheerily and have new ideas in comedy. They feature a travon telepathy which is amusing esty

esty on telepathy which is amusing and original. Don Stanley and a pretty girl named Minnette Lea are wig players on the old hanjo and Minnette gets gay tunes out of the accordioon to go along with Don's banjo melodies. They play joy-dualy and rapidly and the act pleases. One of their best bits is an Hawalian "ukujele" number done on banjoes. Billy Hicks occasions fun with his hanpy comparisons about the lengthy

Billy Hicks occasions fun with his happy comparisons about the lengthy news in a modern newspaper and the condensed version published in his own miniature sheet. His reading of his brief news its a riot. Billy also sings and they like him. A capital opening number, full of original developments in gymnastic art, is offered by the Gabberts duo, a charm-ing girl and a chap who smiles happily as if he enjoyed doing his work. They are really sensational in their ingenious athletic stunts and decidedly original in method. The photoplay is a delightfully told story called "A Home Wanted," featur-ing the talented youthful Madge Evann. The story has a romance, but it is ful-of heart interest, in which a homelens little one finds a place in the heart of an old man, and finds a home with him.
