

'WISDOM FIELD' NAME URGED BY AERO CLUB

Body Unanimous in Favor of
Proposed Designation.

LIEUT. WISDOM HELD HERO

Life of Portland Airman Said to
Have Been Sacrificed in Effort
to Save His Companion.

By unanimous vote, the Oregon Aero club, at a meeting held at the Press club Monday night, adopted a resolution urging the city commission to call the proposed Portland aviation field "Wisdom field," in honor of Lieutenant Everett Stanton (Smiley) Wisdom, who was killed last May at San Diego while on forest patrol duty.

The resolution was read by Lieutenant Bernard Metzger, who brought the body of Lieutenant Wisdom to Portland for burial. Lieutenant Wisdom was a Portland boy, educated in this city and a graduate of Oregon Agricultural college. He enlisted in this city, and although he did not lose his life in France, aviators who were stationed at the San Diego field declare that Lieutenant Wisdom purposely swerved his plane, when suddenly confronted by a cliff in a heavy fog, in such a way that he saved the life of Lieutenant Kelly, his observer, who had a wife and baby, at the cost of his own life. The Aero club believes that this was an act of great heroism as any performed overseas.

Members to Attend Council.
Members of the Aero club will attend the meeting of the council tomorrow morning to present the merits of their candidate.

The only other business of the meeting was the nomination of officers for the coming year. The election will take place September 10. The suggestions of the nominating committee were all adopted, and the following men will take office: President, Lieutenant Bernard L. Metzger; first vice-president, Captain N. Tanner; second vice-president, Flying Cadet George E. Love; third vice-president, Lieutenant Archie Roth; secretary, George Quayle; treasurer, Lieutenant L. E. Hickman; trustee, Lieutenant Warren Maxey.

Milton R. Klepper, present president of the club, although asked by many members to continue for another term, declined the office because of pressure of other work.

Club Members Hopeful.
As Aero club members have been often sought for advice on matters pertaining to Eastmoreland field, they are hopeful that their wishes regarding the naming of the aviation center will be realized.

The name "Broomfield field" in honor of Lieutenant Hugh Broomfield, who lost his life over the German lines where he had gone on a scouting expedition, has been suggested and is being favorably considered by members of the city council as the name for Portland's aviation field.

Lieutenant Broomfield was the son of Rev. and Mrs. T. J. Broomfield, former pastor of the Sellwood Baptist church. Prior to enlistment in the aviation section of the army, Lieutenant Broomfield was a student at Reed college.

SEAVEY BACK FROM EAST

PORTLAND TRAP MAN TELLS
OF CHICAGO SHOOT.

Marksmanship of Frank Troch
in Grand American Classic
Comes In for Praise.

James W. Seavey, Portland Gun club, Oregon state champion, returned Monday night after shooting in the grand American handicap which was staged at the South Shore Country club, Chicago, and which ended August 15.

Champion Seavey journeyed east with Frank M. Troch, J. Arnold Troch, Jesse B. Troch, Ed Troch and Ed Morris, the Portland professionals.

Professional Morris accompanied Mr. Seavey home. The pair stopped at Milwaukee and visited Tom Patterson in Denver. Mr. Patterson, an ardent and capable trapshooter, formerly sold road machinery in Portland. Frank M. Troch proceeded from Chicago to Toronto, where he will participate in the big Canadian qualification shoot, which starts Monday. From Toronto the all-around, nationally famous Vancouver, Wash., crackshooter will go to the scene of other big events scheduled along the eastern shore.

"Frank Troch, among other things, won the 15-yard event in the grand American," said Mr. Seavey last night right after hopping off the train. "In winning it he broke his own world's record, broke the 300 straight, the best previous performance at 15 yards was by Troch at Chicago two years ago, when he won the event with 299 out of 300. That was the biggest event of the schedule and Frank deserves a lot of credit."

"I finished in the money, as did all of the Troch boys save Ed, who shot only in the grand American handicap and who did not shoot through all the events. Frank Troch won over \$1000 at Chicago."

The squad in which Frank Troch shot in the 15-yard event was composed of Mark and Nick Arie, Charles Powers, E. V. Kirby and himself and broke 277 out of 300 targets thrown. That also was a new world's record for 15 yards. Rain in the morning of a couple of days of the shoot kept the targets

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve headache, toothache, earache, neuralgia, colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacturers of Monocaceticacidester of Salicylicacid.—Adv.

low. The whole programme was run off smoothly and was a decided success.

Mr. Seavey said that G. W. Lorimer of Troy, Ohio, who won the grand American trapshooting handicap, put up a remarkable exhibition. He captured the event after a triple tie in which Lorimer, W. E. Gordon of Mobile, Ala., and Ed Hellyer of Alexandria, Pa., each scored 98. In the shoot-off for the trophy Lorimer won with 18 breaks out of 20. It was his first appearance in the grand American handicap. Lorimer, in addition, used a new gun.

CONVICT LABOR MAY GO

STATE FLAX INDUSTRY PROBLEM UP FOR SOLUTION.

Prohibition and Parole System Have
Reduced Prison Crew to
Small Number.

SALEM, Or., Aug. 26.—(Special.)—Abolishing the use of convict labor in the flax industry, carried on for the past few years under the direction of the penitentiary management, it is believed, will be recommended by Warden Steiner at the close of the present season. Because of the greatly decreased population of the penitentiary, due principally to prohibition and the liberal parole system, the work of pulling flax this year has proved a difficult problem, and early in the season it was necessary for the prison management to seek assistance from the state hospital.

Although escapes have been no more numerous this summer than in the past, working of mixed crews has proved unsatisfactory and the officials have practically admitted that they are ready to throw up the sponge. The prison population has shown a steady decrease during the past few years and the present enrollment is insufficient to carry on any great industry, according to the officials. It is also argued that under present conditions the most worthy of the convicts are paroled at the expiration of their minimum sentence, leaving the so-called "hard boiled" element to farm out.

The situation has become so serious recently that one official said it is apparently a case of abandoning the flax industry or having the country overrun with a class of men who would prove a menace to society. Although no official action has been taken toward eliminating the flax industry from the penitentiary routine, there are many here who believe the time is near when the matter will be laid before the governor for consideration.

The flax industry was established by an act of the legislature, and its elimination probably will be sought through a similar channel, and not later than the next session.

CARRANZA BLOCKS PURSUIT.

Officer Reports Mexican Federals
Held Only Available Trail.

CANDELARIA, Aug. 26.—(By ARMY Telephone to Presidio, Tex.)—The American punitive expedition into Mexico was deterred from continuing the pursuit of Mexican bandits who held the American aviators for ransom by the presence of Carranza troops six miles north of Coyame, Chihuahua, Saturday, according to a report by Captain Leonard Matlack of the 8th cavalry, here tonight to Colonel George T. Langhorne, commander of the Big Bend district.

American scouting parties described the proximity of a patrol of ten Mexican soldiers and later learned there were 150 more Carranza soldiers, marching along on the only trail the Americans could follow. To avoid a clash, the United States, according to the report of the United States, according to the report.

GIRLS PRETTY, IT'S FILMS

Sage English Charge Beauty to Influence of Movies.

(Copyright, 1919, by the New York World. Published by arrangement.)
LONDON, Aug. 26.—(Special Cable.)—That the rising generation of English girls includes a larger proportion of beauties than any preceding one, is the claim of certain observers of feminine pulchritude, and now some theorists say the movies are the cause.

Constant contemplation of the most beautiful type of womanhood of the films, they argue, cannot fail to have its effect. The semi-darkness of the theater, the music, the upward gaze, all conditions favorable to such psychic influence, it is urged, and the mental impressions received by young people under such conditions, when mingled with selected types of lovely face and form must tend to have a cumulative effect, resulting in the general beautification of the race.

10,000 U. S. BOYS IN FRANCE

Force Still Held to Guard 10,000
German Prisoners.

PARIS, Aug. 26.—(By the Associated Press.)—Ten thousand American troops are held in France to guard 10,000 Germans taken prisoner by the Americans, who cannot be returned to Germany until the peace treaty has been ratified by three powers. It is estimated that it is costing the United States roughly \$1,000,000 monthly to care for these prisoners.

England's German prisoners number a quarter of a million and more than 50,000 British soldiers are required to look after them.

When General Pershing, the American commander-in-chief, sails for the United States on September 1, it is estimated there still will be about 20,000 miscellaneous American troops in France, not including the 6800 on the Rhine.

SHORTAGE IS SETTLED

Former Yakima Deputy Auditor Escapes Prosecution.

YAKIMA, Wash., Aug. 26.—After delaying action for nearly a year, the Yakima county board of commissioners Monday voted to accept \$2500 from Harry T. Taylor, former deputy county auditor, in settlement of the county's claim against him and to drop the charge of grand larceny against him.

This course was recommended by state examiners, who held that the shortage was due to lax methods of Taylor.

BRITAIN STOPS WARSHIPS

Order Issued to Shipyards Halts
Work on Battleships.

LONDON, Aug. 26.—The government has ordered work stopped on all warships on the Clyde except those about to be launched, according to the Glasgow Daily Record. The paper understands that the same order has been issued at all shipyards in Great Britain. This will involve discharge of many thousands of workmen.

NEW ZEPPELIN TAKES AIR

GERMAN AIRSHIP DIFFERENT
FROM WAR-TIME TYPE.

Speed of 74 1/2 Miles an Hour Is Attained; 18 Men, 3 Women on 433-Mile Trip.

BERLIN, Aug. 26.—(By the Associated Press.)—A new Zeppelin airship on its maiden trip from Friedrichshafen to Berlin covered the 425 miles in a little more than six hours. The airship attained a maximum speed of 120 kilometers (a little more than 74 1/2 miles) an hour.

The builders have discarded the familiar cigar shape of the old Zeppelins and adopted a conical outlined exterior. The airship is 120 meters long and accommodates 25 passengers. It is equipped with wireless telegraphy and has a large passenger cabin. The passengers can obtain running hot and cold water. The aircraft is to go into daily service.

Twenty-one passengers, among them three women, made the initial trip in the airship, which was built since the armistice was signed.

Article 302 of the peace treaty with Germany provides that on the coming into force of the peace treaty delivery shall be made by Germany to the principal allied and associated powers of all dirigibles able to take the air, being manufactured, repaired or assembled.

Pending the delivery of the dirigibles they are to be maintained at the expense of Germany.

GERMAN DEMOCRAT DIES

Joseph Friedrich Naumann, Prominent Idealist, Succumbs.

BERLIN, Aug. 26.—(By the Associated Press.)—Joseph Friedrich Naumann, president of the German democratic party, died at Travemunde Sunday.

Naumann was one of the leading orators in the German parliament and a politician of a pronounced idealistic belief.

FAMOUS ENGINEERS BACK

Organization of Bridge Builders Arrives on Manchuria.

NEW YORK, Aug. 26.—The famous Sixth engineers, who built bridges over practically every waterway the allied armies were compelled to cross in following the German retreat, arrived Monday on the transport Manchuria.

OLD WALTZ COMES BACK

Ladies Heretofore Pushed Backward
Now on 50-50 Basis.

NEW YORK, Aug. 26.—Modesty and respectability will prevail in dancing from now on, according to the official forecast at the convention of the American national association of masters of dancing Monday. Fenton Bott, president of the association, voiced the prediction.

"The old waltz is coming back—is already back," he said, "and there will be no new dances, only a few modifications. For instance, ladies who have been pushed backward over the ballroom floor too much will go forward on a fifty-fifty basis with the men."

SECOND COMET PICKED UP

Rev. J. H. Metcalf Finds Celestial Wanderer in Bootes.

CAMBRIDGE, Mass., Aug. 26.—Discovery of a second comet in three days by the Rev. Joel H. Metcalf was announced Monday by the Harvard college observatory.

After picking up in the eastern sky on August 20 the first of the year's new stray stars, he reported that on the night of the 23d at 11 o'clock he found in Bootes constellation in the western sky, another uncharted body more conspicuous than the first. He said it could be seen with a small telescope.

FALL FROM WINDOW FATAL

William Overton Found Unconscious
at Highland School.

William Overton, 42, died at the Good Samaritan hospital Monday night as a result of a fall while he was washing windows at the Highland school yesterday. No one witnessed the accident. Mr. Overton was picked up unconscious under a window on which he had been working.

His skull was fractured and his thigh broken. The body was removed to the city morgue. Mr. Overton lived at the Taylor apartments. He is survived by a widow.

ing to Armour & Co., seized at Duluth last week. A similar order released 16,000 pounds of butter held in St. Paul.

WASHINGTON, Aug. 26.—Publicity regarding retail food prices and stocks of food in storage would tend to reduce high prices, the house appropriations committee was told Monday by officials of the department of agriculture, who urged an appropriation of \$50,000 for that purpose.

ST. PAUL, Minn., Aug. 26.—Judge W. P. Booth in United States district court today issued an order releasing 127,000 pounds of cold-storage poultry belong-

three days the license of the Del Monte Fish company of San Francisco and the Liberty market of Berkeley for selling sole 2 cents a pound above the legal price.

One of the greatest industries of Finland is that of dairying, which developed during the decade immediately preceding the outbreak of the war. More than 200,000 casks of butter of one hundredweight each were exported annually. Most of this was sent to England.
