

AMERICAN LEGION CAMPAIGN TO OPEN

National Drive for Members Is to Begin Monday.

MILLION TOTAL IS GOAL

Oregon's Quota Is 8742, Portland to Supply More Than Half—Convention Scheduled.

Monday will see the opening of an intensive campaign in Portland by members of the American Legion to get into the ranks of the local post, fulfilling this city's quota of the 1,000,000 members sought in a national drive lasting from September 15 to 29, inclusive.

With approximately 400,000 former service men already enrolled under the banner of the American Legion and more than 4,000,000 returned service men to draw on for members, the national campaign seems assured of a large degree of success. Oregon's quota in the drive is 8742, of which Portland will be called upon to supply more than half.

Portland's task is not a great one as the present membership is more than 2500. Not all of the membership, however, is paid up and the totals are to be figured on a basis of paid-up members.

The state showing the best record in reaching its quota, which is based on the number of ex-service men enrolled from the state, will receive a banner at the national convention of the American Legion at Minneapolis November 6, 7, 8 and 9.

This city has more than 12,000 men who were in the military or naval service, on which the local post may draw.

A registration card is reproduced with the hope that it will reach many men eligible to membership who cannot be seen personally by the campaigners. Would-be members are urged to fill out the card and mail it with \$2 to the headquarters of the American Legion at the Liberty Temple.

Theodore Roosevelt Coming.

All men who served in the forces of the United States during the war with Germany and were honorably discharged from service are eligible to membership.

What is expected to be a great spur to the local membership campaign will be the presence of Lieutenant-Colonel Theodore Roosevelt in Portland next Wednesday. He will open the first state convention of the American Legion in the afternoon and will address a mass meeting at the auditorium in the evening.

Ex-service men from nearly every county in the state will be in Portland at this time as representatives of local posts at the convention. Permanent delegates to the national convention and delegates will be selected for the national convention at Minneapolis.

Portland post will hold a regular meeting Tuesday evening, September 16, which has been postponed from Monday due to the visit of President Wilson.

Lucile Cavanaugh Chased Across Continent Before She Yields.

OAKLAND, Cal.—That fame, like chary, begins to home, usually stays, then, until the spelling of a man's name and things like that—is proved by the following account of the actress who has been chased across the continent by a man named Lucile Cavanaugh. She is now in Los Angeles, where she is being followed by a man named Walter Leimer, as printed by a Los Angeles paper.

A cross-the-continent romance, which has been the subject of a play, attended the Orpheum theater in Oakland and saw Lucile Cavanaugh dance, has culminated in a high church wedding at St. Patrick's cathedral, New York.

He lost his heart "at first sight." The love affair was transitory in fact, though not in affection. The marriage followed the flight of Lucile to Los Angeles and remained here while she played a two-weeks engagement.

BELGRADE.—(Correspondence of the Associated Press.)—Appointment of H. Percival Dodge as first minister of the United States to the Kingdom of Serbia.

Mr. Dodge, who has been for some time as American special agent and charge d'affaires, has held posts in Africa, Asia and Latin-America, as well as in Europe.

He was in Berlin several years as secretary of embassy. Subsequently, he became secretary of the embassy at Tokio and in 1905 was appointed envoy extraordinary and minister plenipotentiary to Salvador.

He went to the same capacity to Morocco and in 1910 became chief of the division of Latin American affairs in the department of state.

He went to Panama as minister. In 1914 he was secretary for the United States at the A. B. C. conference.

When the war broke out Mr. Dodge went to France as a special agent of the state department to aid the American ambassador in looking after German interests.

Soon after Serbia's liberation, Mr. Dodge came to Belgrade, traveling by way of Ragusa and Sarajevo, and arriving in Belgrade on September 1, 1918.

Conditions here were very unsettled at that time. There was a great shortage of fuel and food and the local government was in a state of confusion.
