COUNTY QUOTAS ASSURED

Newspapers of State Generally Are Co-operating in Campaign and Success Held Certain.

Reports from the county chairmen of the Roosevelt Memorial association to Edgar E. Piper, state campaign director, show that great interest is being taken in the campaign all over the state and that those in charge of the campaign are having no difficulty in securing the assistance of enthusiastic workers.

The newspapers of the state are giving active co-operation in publicity and are running coupons which friends and admirers of the late president are filling in with the amounts they desire to contribute to the memorial and sending in to the county chairmen.

Charles W. Robinson of Astoria is organizing the county campaign to raise Clatsop's quota of \$1080 and is appointing active workers in the various precincts.

Dr. W. Carlton Smith, Madras county chairman, says that county is completely organized and that work is already under way on Marion's quota of \$1750. Local chairmen have been appointed for the various districts.

H. J. Overton, chairman for Deschutes county, announces that the campaign to raise Deschutes' quota of \$245 is well under way.

Lane county is well organized under the direction of Mrs. W. W. Calkins. Voluntary donations are being received. Coupons have been printed in the county newspapers and campaign boxes placed in the rural schools.

Clackamas Force Named.

LEGION RULING IS MADE

POSTS MUST SUBMIT ISSUES TO STATE COMMITTEE.

Executive Body Defines Policy at Meeting Held Last Night; Standing Committees Are Named.

American Legion posts of the state of Oregon must submit to the state committee of their organization all questions of policy involving class controversies before taking any action or giving any publicity to the posts' attitudes, decided the executive body of the legion in a meeting held Wednesday night at the Hotel Portland.

"It is the policy of the American Legion to take no side in any class controversy," reads a letter which will be sent to every post in the state today by State Secretary Eilers. "You are therefore directed to refrain from taking any action or giving publicity to your post's attitude on any such matters until the same has been referred to the state committee and you have received directions from them, accepting where the American Legion is directly attacked."

DENIKINE REACHES OREL

Radicals in Moscow Region Thrown Into Panic by Successes of Anti-Red Campaign.

LONDON, Oct. 15.—The military situation in Russia is developing remarkable activity.

Today's news, although its comes largely from anti-bolshevik sources, seems to bring the capture of Petrograd, and, perhaps, Moscow also, within measurable distance and the fall of Petrograd is expected the beginning of November.

General Yudenitch's forces have been stirred into activity by the German attack on Riga and, working in close co-operation with Admiral Kolchak and General Denikine, have made a meritorious advance and reached the big railway junction of Gaichina, 25 miles south of Petrograd.

General Yudenitch, who is in command of the Russian northwest army, is reported as finding bolshevik resistance continually weakening as he advances. General Denikine also has made a great stride and has reached Orel, a point nearer Moscow than ever reached before.

This news is confirmed by the British war office, which characterizes Orel as a great prize. Orel is an important railway junction where the main line between Moscow and Kharkov crosses the line between Riga, Smolensk and Taurisina.

According to advices from Helsinki, General Denikine's advance has caused such apprehension that the whole population of Tula, 100 miles from Moscow, has been mobilized for the defense of the city and precautions have been taken against possible air raids.

General Denikine's communique reporting the capture of Orel reads: "Orel was entered after many days of fierce fighting in which several regular divisions were defeated. The townspeople welcomed the troops, falling on their knees and calling out 'Christ is risen.' East of Orel our troops debouched on the line Preobrazhenskoe-Turemeff."

The communique further reports a series of successes at various points along the front, in which some 6000 prisoners and a number of guns were captured and in one instance an entire division was broken up. North of Pavloek, on the Don, 225 miles southeast of Orel, the enemy was flung across the river Osereck, and 1500 prisoners and eight machine guns taken.

Cossack troops in the upper Don region forced a crossing to the left bank of the river on a wide front and captured 1100 prisoners and a battery.

The staff of one of the Cossack brigades took 300 prisoners. Cossack troops in the Krivutchy region dispersed a division of enemy troops and captured 3000 prisoners, five guns and a number of machine guns.

The flag at Camp Dix was dropped at sundown the other day to the notes of "The Star-Spangled Banner," played in the clouds above the flagstaff by a bandmaster in an airplane, and hurried.

COUGHED SO HE COULDN'T SLEEP.

Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run down and serious sickness may result. Ecos Halbert, Paoli, Ind., writes: "I had a severe cold this fall and coughed continually at night; could hardly sleep. The first bottle of Foley's Honey and Tar relieved me, entirely curing my cough. It covers irritated membranes with a healing and soothing coating, loosens phlegm and clears air passages. Sold everywhere.—Adv.
