questions.

Shaking his finger toward the employers' group, in which Mr. Loree sat, Mr. Gompers bitterly assailed the railroad man for his instruction that the laborers of the United States planned to overthrow the government Gompers shook with emotion and his voice quavered as he violently defended the loyalty and patriotism of organized labor.

Enbor as Loyal as Anyone, Declaring that Loree had "no mocopoly on the belief that the government of the United States is safe from upheaval and revolution," Mr. Gompers added that "there are no men in the United States more loyal or more patriotic in their support of the re-

public than those in the labor organizutions. The labor chief sald that as no other country in the world could boast such loyalty from its laboring classes and that as no other nation in the world held forth the same rights of free speech, free assemblage and free expression to all the masses of the people, the protection of those rights was more vital to the laboring millions than to any other citizens of the coun-

"I speak as the authorized representative of the laboring masses of this country," Mr. Gompers continued. "The dumb, the inarticulate, the downtrodden, the dominated hundreds of thousands who constitute the toiling masses of America, and I tell you that no people in all this land love our government and American institutions more than they do, no people are further from any idea of attack on this government, no people would or have gone farther to protect this government."

### Real Motives Demanded. "We hear much of the struggle be

tween capital and labor," he said, looking about the conference room. "What is capital? It is this table, that chandelier, coal, wool, sugar, and so corporation bulls. Page 14. forth. # NOT NEED OPERATION FAILS UNDER TEST GOMPERS DEFENDS TIEUP OF NEW YORK PORT IS CONTINUED

LONGSHOREMEN REFUSE TO

Embargo on Shipping to Continue Capital's Charge That Until Settlement Is Made; West Sends Complaint.

> NEW YORK, Oct. 17 .- Despite the ote of some of the local unions to return to work, the longshoremen's strike continues virtually to tie up the port of New York. At the offices of the United States railroad adminis tration today it was said numerous omplaints were being received from western merchants in regard to the shipping situation. Officials of the International Mercantile Marine said that 38 big cargo ships were lying idle and that none of the strikers had returned to work.

The United States railroad adminis tration today announced that the embargo against trans-Atlantic shipping through this port is still in force and that it would not be lifted until a set-tlement of the strike was nearer an ictual fact. The raising of the embargo last week constituted no more than a lifting of the general embarge to permit transportation of foodstuff; between New York and New Jersey points.

Coastwise shipping and vessels ply ing between New York and Centra and South American ports are still held here, unable to unload or load.

The United States railroad administration tonight notified the national forces into the suburbs of Petrograd proved its award on the standard of wages for dock work on coastwise lines under federal control and would abide by it
