

COQUILLE SCHOOL'S COAL SUPPLY GONE

Institution to Close Unless Shipments Are Released.

LIBBY MINE MAY REOPEN

Brokers and Management Will Confer Upon Demands Recently Presented by Men.

MARSHFIELD, Or., Nov. 10.—(Special.)—The Coquille high school will be closed after tomorrow night, unless the railroad administration should release coal on the tracks in this city.

The school has been running on but half sufficient coal, with the expectation that the supply would be available before the school was exhausted. It is understood there are several cars of coal in this city, shipped to various dealers, but it was feared by the government to provide against a possible shortage. The locomotives burn all on the Southern Pacific here and in the Smith-Powers logging camps, and the only use for coal locally is for domestic purposes.

The miners at the Libby mine, three miles from Marshfield, are ready to resume work upon adjustment of demands made upon the company while Manager George Doll was absent in the east. The miners demand a smaller screen, an increase in wages and some changes in working conditions. Mr. Doll has returned and the miners will be in conference with him tomorrow in the hope all around that the mine can be opened at once. The management believes the entire list of demands can be acted upon favorably and the mine is running within a day or two. Coal mined at Libby cannot be confiscated, as the delivery is not by railroad under administration control.

SEATTLE, Nov. 10.—Recommendation that federal coal be withheld from distribution for the present, because the 6000 tons available surplus is not adequate to quote for current needs, was made to the district federal coal committee today by a committee of fuel dealers asked to make a report on the situation.

100 CARS OF COAL RELEASED

Most Urgent Needs of Portland Are to Be Supplied.

More than 100 carloads of sub-bituminous and lignite coals, in Portland for the use of the railroads, have been released for use in all emergency in this city. The release is in the hands of the Baker and P. N. Finch, assistant manager of the O. & N. R. N. company's lines in Oregon.

Mayor Baker yesterday appointed Deputy City Attorney L. C. Mackey to handle the release of the coal. Requests for the coal will receive careful investigation and no deliveries will be made until it is shown without doubt that the coal is essential to give heat in apartment houses or necessary to prevent the stopping of street cars.

Saturday Mayor Baker telegraphed to T. W. Procter, chairman of the national coal release committee, asking that the release be made. Mr. Procter referred the request to L. C. Gilman of the O. & N. R. N. company, who immediately notified Mayor Baker that the coal could be used, if it was absolutely needed.

Mr. Mackey will receive the assistance of the city administration in making his investigations. A list of urgent requests for coal has been given to Mr. Mackey for investigation.

FAKE HOLDUP STARTLES

Red Cross Stunt on Washington Street Draws Crowd.

Pedestrians who happened to be traversing Washington street during the noon hour yesterday were startled at the sight of a man rushing up the street from Third and Washington with motorcycle officers in hot pursuit. The sight was thrilling enough to draw them to Broadway, where the fugitive was cornered—and a dozen Red Cross solicitors appeared to canvass the crowd for buyers of buttons.

Eddy Watts, local athlete, was the central figure in the fake holdup. With motorcycle officers George J. Kelly and J. E. Anderson giving chase, he fled up the crowded thoroughfare till he came to the Morgan building. With (blank) cartridges spitting fire behind him, he clutched a water pipeline and made a Harry Houdini ascent of the building to a first-class office. From the sixth floor level he stopped, and, acknowledging capture, turned the crowd's anxiety into laughter and cheers by making an appeal for Red Cross dollars.

ROSEBURG PRINTER WEDS

Frank H. Lawrence and Miss Faye Abraham Outwit Friends.

ROSEBURG, Or., Nov. 10.—(Special.)—Stealing a march on their many friends in this city, Frank H. Lawrence, linotype operator, employed at the News office, and Miss Faye Abraham, daughter of Mr. and Mrs. J. Abraham of this city, were married at Portland Saturday night, the ceremony being performed by Rev. John A. Townsend, ex-pastor of the Presbyterian church of this city.

Mr. Lawrence was a member of the 4th company, coast artillery, the organization having been formed as a part of the national guard which was called shortly after war was declared. Mr. Lawrence was later transferred to the 49th artillery and was sent across with that regiment.

RETRIAL DATE TO BE SET

Officers of Cement Company Here to Face Prosecution Again.

R. P. Butchart and Clark M. Moore, president and general sales manager of the Oregon Portland Cement company, will appear before the federal court for an alleged violation of the Sherman anti-trust law, according to attorneys of the Portland firm.

MULTNOMAH CASES SET

Oregon Supreme Court Prepares November Schedule.

SALEM, Or., Nov. 10.—(Special.)—The cases of Murphy vs. the Oregon Engraving company and Palmer vs. Hackett, both appealed from Multnomah county, will be heard by the Oregon supreme court on November 18. Other cases set by the commission for hearing prior to Thanksgiving follow: Collins vs. Long, Linn county, No-

SALARIES STILL UNEQUAL

DUTIES OF STATEHOUSE STENOGRAPHERS TOO VARIED.

Standardization Found Impractical, but 8-Hour Day and Holiday Are Agreed On.

SALEM, Or., Nov. 10.—(Special.)—Any attempt to standardize salaries of stenographers and clerical employees in the statehouse would be impractical because of a wide divergence of duties, except in such departments as the auditor general's office. It was decided, however, upon reaching a meeting of the heads of the several departments held in the governor's chambers here this afternoon.

During the months from May to October, inclusive, it was agreed that the hours of work on Saturdays should be five hours, except in such departments as are required by law to keep open longer for business. Other holidays should be referred to a committee for investigation.

Taking at random more than 200 stenographers and clerical employees in the various state departments, it is shown that they received an average monthly salary of \$102.25, while 475 persons engaged in similar lines of work in private industries in Salem and Portland receive an average wage of \$118.54 a month.

It was decided, however, upon reaching a meeting of the heads of the several departments held in the governor's chambers here this afternoon.

With regard to holidays it was decided that Memorial day, Fourth of July, Labor day, Thanksgiving and Christmas should be observed by all departments, and that the observance of other holidays should be referred to a committee for investigation.

COURTHOUSE UNION LAGS

DEPUTIES MAKE DEMAND FOR COMPLETE AUTONOMY.

County Employees Object to Being Subject to Strike Act Issued by American Federation.

While willing to affiliate with the American Federation of Labor, employees at the courthouse do not want to be called on a strike by that body. The union members can be brought out of the courthouse by the proposed union of courthouse employees in abeyance.

Complete autonomy is demanded by the courthouse people and unless they are assured that they can decide their own questions and not have to take orders from the American Federation of Labor, they do not want to form a union. Negotiations with the objective of a union among the employees have been under way for some time. Representatives of the courthouse employees have agreed that if they unionize it will be with the clerks and stenographers' union.

These representatives have been told to write their own by-laws and the by-laws are being prepared. In the document is a strong Americanism pledge, according to report. This section is to the effect that any member who criticizes the government in a meeting of the proposed union will be summarily removed from the hall and lose his union card.

As one of the spokesmen for the courthouse group explains, the union of courthouse employees must be carefully considered, for an employee takes an oath of office, which makes such matters as strikes and walkouts more serious with them than with other employees. An informant says further that the courthouse union would be conservative and therefore would not be in the present struggle for control of organized labor in this city between the conservatives and radical plinks.

REDS' DEPORTATION WILL BE HASTENED

391 Violent Radicals Already Listed for Exclusion.

PALMER PUSHES FIGHT

Department of Justice in Investigating Russian Workers' Union Finds New Evidence.

WASHINGTON, Nov. 10.—Deportation proceedings have been instituted in a number of cities to rid the country of the violent radicals caught in the nation-wide raids which have been in progress. This organization, Attorney-General Palmer announced tonight.

Instructions have gone to all department of justice agents, the attorney-general said, to permit no delay in instituting formal hearings preliminary to the actual deportation. Asurances have been received from other government departments having to do with deportations that action would be taken to expedite the cases.

In the meantime the clean-up of the country will continue, Mr. Palmer said in announcing tonight that there must be no let-up.

391 Held for Deportation. The total number actually held on deportation warrants had reached 391 tonight. While from some cities in which radical leaders were picked up reports had not reached the department, it is believed that the total number of those held is 391.

Efforts of the department representatives, it was said, are being directed more particularly at the Union of Russian Workers. This organization, branded by the attorney-general as the most dangerous anarchistic group in the country, was said to have wide ramifications, with the department agents still uncovering new evidence of its activities.

Opinion at the department of justice as expressed today seems to be that the Russian union perhaps was the most dangerous of the self-appointed leaders of all organizations which are preaching overthrow of the government.

Anarchists Promise Rewards. Literature seized was said to show that the organization accepts support from the government as long as it was working to defeat authority and destroy private property rights. Officials said they had evidence showing that leaders in the union had made overtures to other and lesser groups of radicals to join their organization, holding out promises of rewards when state and society were overthrown.

Delegates will be chosen at the most dangerous of all radical groups, those arrested in the recent raids are being held in federal custody. Officials said they had evidence showing that leaders in the union had made overtures to other and lesser groups of radicals to join their organization, holding out promises of rewards when state and society were overthrown.

ST. LOUIS, Mo., Nov. 10.—With the national suffrage amendment pending before numerous state legislatures throughout the country, the annual convention of the National Council of Women of the United States which opened here today, bids fair to be the most important gathering of this organization since its birth.

That the national suffrage amendment will be one of the leading topics of discussion is a foregone conclusion according to leaders of the council. It has 10,000,000 members in the United States. It is affiliated with the Young Women's Christian association, the Christian Woman's Temperance union, the Women's Suffrage party, the Women's Peace party, the National Congress of Mothers and the International Federation of Musical clubs as well as the two women's political associations.

Delegates will be chosen at the present session to represent the council at the International Council which will be held in Oslo, Norway.

Mrs. Philip N. Moore of St. Louis, Mo., is president of the National Council. It has 10,000,000 members in the United States. It is affiliated with the Young Women's Christian association, the Christian Woman's Temperance union, the Women's Suffrage party, the Women's Peace party, the National Congress of Mothers and the International Federation of Musical clubs as well as the two women's political associations.

GROW MORE FOOD, PLEA

Island Wants More Shipping Space for Building Materials.

HONOLULU, T. H., Oct. 29.—(Special Correspondence.)—Governor Charles J. McCarthy has issued an appeal to the people of the island territory to grow more food and thus cut down the amount of food brought in from the coast, leaving the ship space for building materials such as cement and steel. The big programme of building and improvements, contemplated not only by the army, navy, territory and government, but by private corporations, necessitates some action towards securing transportation space than has been accorded to Honolulu in the past.

During the next four years the islands are to witness an immense building boom if the present indications do not fail.

BAR ASKED FOR HELP

Denver Now Seeking Convention of National Association.

The Oregon State Bar association, at its two-day session in this city next week, will be asked to back up Portland's fight for the 1920 convention of the American Bar association.

The invitation was presented by Charles J. Schnabel, chairman of the convention committee, when at the Boston session last September and favorably considered, but Denver has appeared in the offering as a contender and a contest may yet ensue. On the committee with Mr. Schnabel are J. N. Seal and Charles H. Carey. Other cases set by the commission for hearing prior to Thanksgiving follow: Collins vs. Long, Linn county, No-

Prison Population Increases. SALEM, Or., Nov. 10.—(Special.)—Because of the many sessions of circuit courts held recently in various counties of the state the population of the Oregon penitentiary has increased during the past week from 244 to 264. In a majority of cases the prisoners received at the prison are young men who are serving their first term in a penal institution.

ALLEGED SWINDLER HELD

Man Caught at Ashland Is Returned to Roseburg.

ROSEBURG, Or., Nov. 10.—(Special.)—With the assertion that he represented the Washington-Oregon News company, whose headquarters, he said, were in the Hutton building, Spokane, a well-dressed man giving the name of W. P. Murphy, obtained an order from Miss Agnes Pitchford, who conducts a news stand in this city, receiving Miss Pitchford's check for \$32.25. The check, issued in favor of the Spokane firm, was cashed at a local bank Friday afternoon on Murphy's indorsement.

Miss Pitchford became suspicious and took the matter up with the sheriff's office. A telegram to Spokane elicited the information that no such concern was known there. Murphy was arrested at Ashland, Sunday, and Sheriff Quine returned here with him today.

When arraigned in justice court, Murphy indicated a desire to plead guilty, but was bound over to the grand jury.

Student Gun Thieves Confess.

CORVALLIS, Or., Nov. 10.—(Special.)—John Thompson of Moor Park, Cal., and Paul K. Rose of Ventura, Cal., both freshmen at Oregon Agricultural college, pleaded guilty this afternoon to breaking into a gun store here Saturday night. They were captured by the night watchman just as they were making their escape with six high-power rifles. The young men made no attempt to rob the safe or the cash register and said they merely wanted the guns in order to equip themselves for a trip to Alaska.

Chile Authorizes Cable.

NEW YORK, Nov. 10.—Announcement that Chile would authorize the Western Union Telegraph company to lay 3000 miles of cable between Chile and Panama was explained today by Newcomb Carlton, president of the company, as a fore-shadowing direct service by that company between the United States and Chile. It is proposed ultimately to connect Chile and Panama with a cable between Panama and Florida, he said.

Lyons, France, Lockout Ended.

LYONS, Nov. 10.—(Havas.)—The lockout in the building trades, in progress for the last two weeks, ended today. The workmen accepted the conditions presented by the employers.

BAKERS ASK FOR MORE

Spokane Dealers Would Put Price Up Half Cent on Bread.

SPOKANE, Wash., Nov. 10.—Proposals for an increase of half a cent a loaf in the wholesale price of bread have been made to United States District Attorney Garrecht by local bakers. He said today whether or not the matter would be submitted to the federal grand jury for an investigation, as bakers intimated would be done, Mr. Garrecht declined to say. Present wholesale prices are 8½ cents for a pound and 12 cents for a pound and one-half, retailing for 10 and 15 cents.

Pacific & Eastern to Change.

SALEM, Or., Nov. 10.—(Special.)—Millard D. Olds has made all arrangements to take over the Pacific & Eastern railroad, according to a letter received here today by that company's public service commission today. The railroad at present connects Medford and Falls, a distance of 12 miles, but later will be extended to the more heavily timbered districts of Jackson county. In his

Widow Series No. 8

"That looks good to me—how much?" I said. "\$325," quoth he. "I dared not look up, for I didn't have the price." "Terms, of course?" I hazarded. "Sure thing—\$100 down, balance in monthly installments," he replied. "You're on," said I, and he promised to have the company install it in two days! Two days only! "Some people," this Gas Company.

RECORD IN WAR SAVES

R. L. BEEDE MERELY FINED FOR SHORT ACCOUNTS.

Ex-Postmaster Replaces Money He Borrowed From Government to Send His Sister to School.

ROY L. BEEDE, ex-postmaster at Drewsey, Or., found yesterday that the courts are willing to recognize a man's war record in meting out justice with the proper sprinkling of mercy.

Before the war, postal inspectors checked up the young postmaster's accounts and found them to be \$200 short. Before prosecution could start Mr. Beede was called in the army draft. His overseas record was a good one. In the meantime, investigation was made by federal officials and others, during which it was learned that Mr. Beede had used the money to send a sister through school; that he had arranged to borrow the money from an outside source, even before he appropriated it from the postoffice, and that the money arrived on the very day the postal inspectors found his accounts to be short.

In view of these several extenuating circumstances, Judge Bean assessed a nominal fine of \$20, which friends of the young veteran insisted upon paying because of their firm belief in his honesty and integrity.

Paris Printers Vote Strike.

PARIS, Nov. 10.—The linotypers and typographers of the Paris newspapers today voted to go on strike. As a consequence no newspapers will appear tomorrow, except possibly the socialist organs.

The Dalles Election Set.

THE DALLES, Or., Nov. 10.—(Special.)—An election will be held Tuesday, November 25, 1919, in road district No. 32, for the purpose of voting on a proposed six-mill special market road tax. All property holders in the district will be asked to vote for special funds to be used for providing a gravel surfacing for main market roads in the Wapinitia district.
