

\$75,000,000 SOUGHT FOR FOREST ROADS

Oregon to Enlist Aid of Western States for U. S. Fund.

BIG PROGRAMME AHEAD

Mt. Hood Loop Association Appoints Committee to Organize Demand on Congress.

Co-operation of other western states with Oregon will be sought in an effort to attract the attention of congress to the need for an appropriation for national forest roads totaling \$75,000,000 or more. The Mount Hood Loop Road association at a meeting held in the courthouse yesterday. Through such an appropriation only could sufficient money be made available for completion of 37 1/2 miles of the proposed loop road lying in the national forest. It was believed.

On a committee which will appear before the state chamber of commerce and urge a conference with other western states, so that concerted action may be taken in demanding of congress additional funds for roads in national forests, were appointed Julius L. Meier, chairman, Portland; W. L. Thompson, Portland; Rufus C. Holman, chairman of the loop association, Portland; Leslie Butler, Hood River, and H. S. Anderson, Oregon City.

Paving of Route Remote.
The appeal to congress would be made for general distribution of an appropriation throughout the western states, in proportion to the length of state and county road within national forests and also in proportion to the area of the lands that have been withdrawn from taxation by the national government. No special reference would be made to the loop project, though the appropriation secured would take care of it.

Hard-surfacing of the entire road about Mount Hood is a thing of the future, even should the appropriation sought go through congress. At least \$509,994.89 more than now available will be needed for grading alone of the 37 miles through the national forest. Fourteen miles from the Zig-Zag entrance to the forest are being graded, under contract, for an expenditure of \$24,800. The remainder in government funds available for grading the 23 miles remaining is \$249,500. The estimated cost of this grading is placed at \$755,494.89, leaving the requirement of \$509,994.89 to construct even a dirt road.

Project Needs \$1,424,794.
To macadamize the road for a width of 14 feet would cost \$224,800 additional, making a total of \$844,794.89 needed to put the road into condition to withstand a heavy amount of traffic. And that would not be hard-surfaced pavement.

To complete the grading and macadamize 23 miles of the Wapinitia fork road through the national forest, which would tap the rich resources of central Oregon and give the loop road a far greater commercial value, an additional \$580,000 would be required, making a total for the entire project within the national forest, macadamized, \$1,424,794.89.

Within the resolution adopted by the association yesterday proposing the attempt to get government funds is a plan to secure funds for completion of a portion of the loop road lying in Clackamas county between Zig-Zag and Gresham with the aid of the state highway commission and Multnomah county.

Licenses to Yield \$170,000.
Multnomah county will have approximately \$170,000 available shortly from the automobile license fund which can be expended outside the boundary of the county. This sum could be matched by the state highway commission, it is pointed out, for the purpose of securing the co-operation of the federal government, which could, and probably would, appropriate an amount equal to the total local funds available, or \$340,000 from a post road fund of \$1,400,000. This would make available \$680,000 for construction of this strip of road, which Clackamas county is unable to finance.

Appropriation of \$170,000 each from Multnomah county and the highway funds to meet the post road money is recommended in the resolution of the loop road association.

VALE AUTOIST GETS NO. 1

A. S. HARRISON, ST. HELENS, DRAWS UNLUCKY PLATE.

License Plates From One to 25 Are Assigned; Others to Be Issued on Application.

SALEM, Or., Nov. 13.—(Special.)—H. Lee Noe, of Vale, Or., won the much-sought automobile license plate bearing figure one at the public drawing held in the office of the secretary of state yesterday.

License number 13, which upon several occasions in past years has been returned to the secretary of state with the request that it be supplemented by another number of less significance, fell to A. S. Harrison of St. Helens.

Number 23, which probably is the outstanding favorite among automobile owners in the state, was drawn by J. C. Spickelmeier, 1912 Tenois avenue, Portland.

Nigaski, a Japanese resident of Rowena, was assigned number 245, which had gained considerable distinction because of its connection with the antics of the automobile driven by "Doc" Yak and printed in the funny supplements of the newspapers.

Number 50, for which there also is considerable demand was drawn by J. D. Alexander of Salem, while license plate number 100 went to M. D. Lingo of Junction City.

Numbers up to 25, exclusive of one, 13 and 23 follow:

C. O. Johnson, 167 East Fifteenth street, Portland, two; Ethel Simpson, Imperial avenue, Portland, four; T. L. Evans, Troutdale, four; E. C. Lockwood, Phoenix, five; R. W. Schmeier, 855 Overton avenue, Portland, six; W. H. Powell, 461 East Twenty-first street, Portland, seven; R. E. Pulver, Portland, eight; J. M. Rader, Phoenix, nine; J. E. Coffin, 521 Taylor's Ferry road, Portland, ten; A. F. Bernhagen, Wainwright, eleven; S. Smith, Multnomah, 12; Alaska-Portland Packers' association, 14; J. L. Wright, 750 Hancock street, Portland, 15; Perigo & Ben, Hood River, 16; R. B. Ferrigo, Hood River, 17; Urnes Arrispey, 680 East Eighty-ninth street, Portland, 18; C. D. Wilson, Lovna, 19; J. M. Davidson, Cantland, 20; Lloyd French, Gresham, 21; O. H. Adams, Kent, 22; J. S. Vitas, Medford, 24; Kerr, Clifford & Co., Eugene, 25.

A total 3028 applications had been received at the time of the drawing. Steve Stone, a Salem newspaper man,

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:
Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Goddard, 925 Napoleon St., Fremont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HANSON, 1316 South Orchard Street, Urbana, Ill.

Co-Lo Hair Restorer

—A scientific process, discovered by Prof. John H. Austin, bacteriologist, hair and scalp specialist of Chicago, for developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and lasting treatment for restoring color to the hair in a mild, healthful manner.

Co-Lo Hair Restorer is absolutely harmless and will not injure either the hair or scalp; is not a dye; contains no lead or sulphur; will not wash or rub off; has no sediment, and is as clear as water—a pleasing and simple remedy to apply.

Co-Lo Hair Restorer comes in—
A6—For Black and All Dark Shades of Brown.
A7—Extra Strong, for Jet Black Hair Only.
A8—For All Medium Brown Shades.
A9—For All Very Light Brown, Drab and Auburn Shades.
Co-Lo Hair Restorer on sale at all Owl Drug Stores.—Adv.
