

PORTLAND TO BE ON FUEL RATIONS TODAY

Sales to Consumers Having Week's Supply Prohibited.

DRASTIC RULE ORDERED

Likelihood of Hardship Here Held Remote; Economy Is Advised by Dealers.

Portland today will enter upon a period of strict fuel rationing as the result of a ruling of the railroad administration received yesterday. No coal will be sold by retail dealers to anyone having one week's supply or more on hand.

The new orders were received yesterday by J. P. O'Brien, federal manager for this district, from R. H. Alshon of Chicago, regional director, in the following telegram:

"It has been necessary for the northwestern regional coal committee to make the following ruling as to distribution of bituminous coal to retail dealers and by retail dealers to consumers:

"In order to conserve to the utmost the supply of bituminous coal in cars now in possession of the government it is necessary to place further restrictions on deliveries to retail dealers and their deliveries to consumers. It is no longer possible to release to dealers particular grades which their trade demands. Retail dealers must refuse to make deliveries to anyone having on hand one week's supply."

Steps will be immediately taken by the local railway officials to inform dealers of the new ruling and to secure the co-operation of all in distributing the available coal equitably.

That Portland dealers would be able to take care of their customers adequately was the declaration of fuel men yesterday, who, however, urged economy. That this is no time for trying to lay in any more than an immediate supply was the announcement of many.

Coal is being received without interruption or restriction from a number of mines in Washington. It was reported. The Victory coal mine, near Tono, Wash., resumed operation early this week, according to A. H. Edler, general manager of the Edler Fuel company. Mr. Edler declared that so far coal needs had been cared for and that the situation in Portland is well in hand with little likelihood of any hardship.

OLD LOVE SWAYS WIFE

CHANCE MEETING CAUSES RETURN TO HUSBAND NO. 1.

Bigamy Charge Not Pressed When Spouse No. 2 Agrees to Abide By Decision.

Old love proved the master yesterday when Mrs. J. M. Dicks said Mrs. Andrew Ryan was called upon to choose between the husband she left last July or the one she married in Vancouver, Wash., under an assumed name.

The decision was put up to the woman by Deputy District Attorney Delch, who preferred to settle a complicated marriage problem in that way rather than call upon her to face a charge of bigamy.

After she had elected to leave Andrew Ryan, of the Cadillac hotel, husband No. 2, and return to J. M. Dicks, 1633 Glenn avenue, husband No. 1, Mr. Ryan, who is a farmer by profession, went out to annul his marriage to "Mable Perkins," consummated in Vancouver on July 16, 1913.

Mr. Dicks, who is an asbestos worker, reclaimed his wife of ten years and together they happily left the police station.

Deputy District Attorney Delch was started out of his usual complacency yesterday when two men and a woman appeared before him, each man claiming the woman as his wife and demanding that the officer settle the controversy. Not feeling the power of Solomon to handle the question, Officer Bigelow referred the contestants to Deputy District Attorney Delch.

Mr. Dicks declared he was out walking when he suddenly came upon his wife walking with Ryan.

"What are you doing with my wife?" Dicks demanded.

"This is not your wife, she's mine," Ryan came back.

Ryan then produced a marriage license to show that he had married the woman under the name of Mable Perkins in Vancouver.

Neither of the two men desired to press charges of bigamy against the woman when they took the matter up with Deputy District Attorney Delch and they were satisfied to let her select between them.

Dicks told Mr. Delch that his wife had left him last July with \$20 which he had given her to buy clothes. When he returned home he said that he found a note saying she would return the following Sunday, but she failed to return.

LOGGERS DENOUNCE REDS

RESOLUTIONS ARE ADOPTED BY DIRECTORS.

Loyal Legion to Send Declaration to All Lumber Camps in Pacific Northwest.

A resolution, the avowed purpose of which is the eradication of the elements of radicalism in the camps and mills of the northwest, was presented at yesterday's session of the board of directors of the Loyal Legion of Loggers and Lumbermen. It asks all operators to post a notice to the effect that the L. W. W. and others of like tendencies will not be tolerated on the job. It is the intention to send this declaration as a communication to every lumber and logging operator in the northwest, over the signatures of the members of the board.

The resolution reads as follows: "The time has come when we must take a firm stand on the matter of protecting the principles of true American citizenship. The traditions of our nation are distinguished between capital and labor. Our cooperation has reached a point where it

is no longer possible to separate the wheat from the chaff. Unfortunately both capital and labor are judged by the worst element in them. This man who sacrifices the principles of justice in quest of the dollar, and possibly submits to the indignities of radicalism in the hope of personal gain, is a greater enemy to our country, society and the industry than the rank and file radical. While clearing the state of the rank radical outsider, which we must do here, we must also be equally zealous in purging our industry of any un-American tendencies that may be found in it.

The principles of the Loyal Legion are 100 per cent Americanism, which means the eradication of all elements of radicalism, a square deal to all, resting on the fact that an equal number of American citizens, representing the two sides of labor and industry, will give both a fair and square deal.

You may feel you cannot affiliate with our organization. There is nothing in it to which you cannot subscribe. In any case we ask you, as a matter of protection to our re-imbued American citizens who do belong, to subscribe to its principles and clean out the radical element of foreign extraction in your employ.

We ask you to post a bulletin to the effect that the L. W. W. and others of his tendencies will not be tolerated either on the job or in your country.

A second resolution was adopted supporting the principle of the open shop and eight-hour day, this being a re-statement of the position occupied by the Loyal Legion since its inception. The re-statement is issued because of the feeling that the questions raised are of far-reaching effect, wider than any matter of local concern. The text of the resolution follows:

Whereas, the attention of the public to the matter of open shop and the eight-hour day has been called in an emphatic manner, and

Whereas, the Loyal Legion of Loggers and Lumbermen has advocated from its inception the principles of open shop and the eight-hour day, therefore

Be it resolved, that we, the board of directors of the Loyal Legion of Loggers and Lumbermen in session in the city of Portland, November 21, 1919, reaffirm our original purpose and ideals as enunciated in our constitution and by-laws, which guarantee the principles of the open shop and the eight-hour day to the industry.

We further acknowledge the help of all other patriotic agencies in furthering these principles which have brought this country to its present high state of industrial and political development.

The board will remain in session at least a part of today, there being an unusually large number of vital points passed up from the districts and locals for its consideration.

GLASS EVIL IS FOUGHT

CITY TO PROSECUTE OFFENDERS CAUSING TIRE LOSSES.

Support of City Council Is Promised by Vice-President of Garagemen's Association.

Rigid prosecution of persons guilty of scattering glass on streets of the city is promised by city officials, who have decided upon a campaign to eliminate this evil, said to cost automobile owners of the city thousands of dollars annually.

Will J. Lester, vice-president of the Portland Garagemen's association, appeared before the council yesterday and assured the city fathers that officers and members of this association would willingly join forces with the city in combatting this evil.

City Commissioner Bigelow announced that he would detail a special man on a motorcycle sidecar to sweep up glass in the various streets. Police officials will make a careful watch and whenever anyone is found casting broken glass on streets, arrests will follow.

Through the milk division of the health bureau, City Commissioner Mann will urge all milk dealers to warn drivers and workers to pick up broken bottles falling from milk delivery wagons. Through prosecutions, in addition to a campaign of education, city officials believe that the broken glass evil can be remedied to a large extent.

CITY LOCATES BUREAUS

Men's Employment Agency to Be Opened in Flatiron Building.

The free employment bureau, scheduled to open under the direction of the city on December 1 will be located on the second floor of the Flatiron building on Sixth and Ash streets, according to announcement made yesterday by City Commissioner Bigelow.

More than 4000 square feet of space is available in this location, which will be ample to care for the need of the men's division. The women's division will be located in the Beck building. Both divisions will be operated by the city.

The personnel of the staff to be employed by the city to operate the bureaus has not been fully decided upon. Commissioner Bigelow plans to re-employ former government bureau workers as far as is possible in order that the work may progress without difficulty.

CANYON CITY GETS POST

Legion Unit Organized and Officers Elected at Gathering.

CANYON CITY, Or., Nov. 21.—(Special.)—Irving Elmer Tracy Post, American Legion, was organized here Saturday by Grant county ex-service men. The post was named in honor of a Canyon City boy who lost his life when the transport Mount Vernon was torpedoed off the coast of Ireland during the war.

Officers chosen were: Merle Bennett, commander; Dave Hughes, vice-commander; Theron Knox, secretary; Rev. Henry Young, chaplain; Dale Tracy, historian.

Dinner was served by the women of Canyon City. A short programme was rendered. Later a dance was held.

FAMILY MADE HOMELESS

Fire Destroys House and Wearing Apparel at the Dalles.

THE DALLES, Or., Nov. 21.—(Special.)—Fire took from their home with only the clothing they were wearing and suffering the loss of every household article, the family of C. H. Van Ordstrand is today facing the work of homeless following a conflagration which destroyed the family residence here last night. An overheated oil stove caused the fire.

The Van Ordstrand's just had purchased their new home two weeks ago and had \$500 worth of furniture and wearing apparel. The total loss is about \$1200, with no insurance.

Salem Woman Gets Divorce.

SALEM, Or., Nov. 21.—(Special.)—A decree of divorce was today awarded Ada Hotop from William Hotop by Judge Hinsham in the circuit court. Mrs. Hotop received the custody of the six minor children and \$40 a month alimony.

Father of Ten Asks Divorce.

SALEM, Or., Nov. 21.—(Special.)—Thomas E. Powell yesterday filed suit for divorce in the circuit court here. The couple were married in 1884 and have 10 children. Cruel and inhuman treatment is the chief allegation.

GOLD HILL OUSTS IDLERS

SHOOTING OF ELMER HOLDMAN STARTS DRAGNET.

Thievery and Housebreaking Said to Be Growing to Proportions That Are Alarming.

GOLD HILL, Or., Nov. 21.—(Special.)—A general round-up of unemployed is being conducted by Sheriff Terrell of this county. The shooting of Elmer Holdman, near Ray Gold, by an armed man from the north last Monday, which was not reported to the authorities until Wednesday, has started the dragnet and some interesting developments are looked for.

The record of petty thievery and house-breaking is said to be growing so alarmingly that the sheriff decided the exodus of I. W. W. from Washington is responsible.

The description of the man who shot Holdman answers to that of an ex-service man wanted by the sheriff.

The two guns discarded by the fleeing man were picked up by the railroad signal maintainer, but nothing was found to further identify the owner.

The Dalles Wife Sues.

THE DALLES, Or., Nov. 21.—(Special.)—Because, she says, her husband

MORTON EX-MAYOR HOME

Dr. Feagles to Be Welcomed by His Friends in the City at Smoker.

MORTON, Nov. 21.—(Special.)—Dr. and Mrs. Harry Feagles and their

daughter, Dorris, returned this week from the east. Dr. Feagles was taking post-graduate work in surgery in Chicago and his family were visiting relatives in Maryville, Tenn. A smoker will be held here Saturday night in honor of Dr. Feagles, who has bought property in Chehalis, where he will establish a practice.

At the smoker it is planned to present to him a bill folder containing \$100. Dr. Feagles had a year yet to serve as mayor of Morton. The Citizens' league of eastern Lewis county, which meets in quarterly session at Clemons the first Saturday in December, will also honor Dr. Feagles.

OBSTINATE COUGHS

When resistance is lowered and you come down with a cold that runs into an obstinate cough, your trouble is more than surface deep. You need

SCOTT'S EMULSION

an easily absorbed tonic-nutrient, mixed with your blood to nourish and enable you to get a fresh hold on strength.

For nearly fifty years Scott's has been helping break up colds by building up strength. Try It!

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and stability unsurpassed.

FIRE DEPARTMENT IS ALWAYS READY

Its Motto of Preparedness Should Be Applied to Protection of Public Health.

"There hasn't been a fire in the city for months," said a citizen the other day. "It seems a waste of money to keep up a fire department that does nothing."

"We don't abandon the fire department because we have a run of luck," replied a ratepayer. "It pays to have those firemen ready, whether they are doing anything or not." And the ratepayer spoke wisely.

A fire department is an illustration of the principle of preparedness. Its protection, pure and simple—something no modern city or town can do without.

Just as firemen stand ready to protect your property, so Grip Fix stands ready to protect your health. For over 19 years it has been an unexcelled treatment for colds. A box in the house means protection against the common and troublesome cold in the head and may head off an attack of the flu. It is a combination of drugs such as your physician would use and contains nothing of a harmful nature. In capsule form it is something which gives relief to a cold in a night and works quickly in a case of Grippe.

Get a box of Grip Fix today. Then you'll be prepared should a cold come. You can get it at 25 cents per box. On sale at all drug stores.—Adv.
