

MRS. SIMMONS WINS SUFFRAGE ELECTION

New Alliance President Succeeds Mrs. Corbett.

GOVERNOR TO GET CALL

Three Delegates to Interview Executive as to Future Attitude on Ratification Session.

Mrs. C. B. Simmons, ex-president of the Portland Women's club and well known in all patriotic and social service drives, was elected yesterday president of the Oregon Equal Suffrage alliance to succeed Mrs. Elliott Corbett, who has served as acting president for the past year.

The meeting of the alliance was held in room A, library. It will be the next duty of the alliance to send the delegates to Salem to stand on calling a special session to ratify the federal amendment for woman's suffrage. Mrs. Corbett said a few days ago that the new president should appoint the two who would go with the president to interview the governor on the subject, but Mrs. Simmons stated yesterday that Mrs. Corbett, and not herself, should appoint the two.

Whichever way it is decided, it is the plan of the alliance to carry out the request of Mrs. Carrie Chapman Catt and get the governor's statement.

Mission is Outlined. "The committee will not go threatening or begging," said Mrs. Corbett at the meeting yesterday. "It will be only a preliminary to ask Governor Olcott if his three stipulations of the still in effect, that he says he wants to see that more women are interested before giving a definite answer. We will ask him, 'How much money? If it is 5000 we shall try and show him that women really want ratification. We shall ask him if he sees anything lacking, if he will waive some of his three objections or all of them. The sending of the three will be only a preliminary of the campaign."

Mrs. Harry Beal Torrey was chairman of the nominating committee after her report to the officers were elected as follows: Mrs. Simmons, president; Mrs. C. E. Curry, first vice-president; Mrs. Helen Wheeler, second vice-president; Mrs. Helen Mackin Starnett, third vice-president; Mrs. Elizabeth Bain, secretary; Mrs. Dallas Bacbe, treasurer; Mrs. Julia Marquand, Mrs. Charles McCulloch, Mrs. Alice Benson Beach, Miss J. V. Josts and Mrs. W. H. Thomas, directors.

Ratification is Only Aim. The Equal Suffrage alliance will start out under new conditions, its one aim being now to consider the ratification of the amendment. The woman voter who may be long.

Mrs. M. L. T. Hidden brought up the matter of the League for Women Voters, but Mrs. Corbett explained that this was an entirely separate and distinct matter and that if any individuals or clubs wish to affiliate with the league they might do so.

"Well, there will be those who will," said Mrs. Hidden, who had said that she understood that one woman elected on the new board of the alliance was chosen so it would die.

The vote for the officers elected, however, was without a dissenting voice.

To Avoid Rough, Coarse, Chapped, Blotchy Skin

Most skins require constant grooming at this season to keep them from becoming unduly red, blotchy, rough or itchy. It is a common mistake to use harsh, or K soap, which develops and overcomes it. In such cases it is particularly true. It is a mistake to use cosmetics which clog the pores and make the complexion worse than ever.

MERGER PLANS OPPOSED

FARMERS ARE WARNED AGAINST JOINING LABOR.

George M. Wilson, President of Farm Federation, and Commissioner of Agriculture, Speakers.

SPOKANE, Wash., Nov. 24.—Any affiliation with organized labor by farmers of Washington was opposed from two sources at the opening day's session of the Washington State Federation of Farm organizations here today.

George M. Wilson, president of the federation, spoke against such a course in his opening address this forenoon and F. E. Benson, state commissioner of agriculture, cautioned the farmers against casting their lot with that of organized labor.

Commissioner Benson declared there was too little co-operation between the numerous farm organizations of the United States and urged the necessity of a united front.

A. A. Elmore, state president of the Farmers' union, was another speaker this afternoon.

The world would eat our wheat for 50 cents a bushel if it could get it for that," he declared. "But I also believe the world would accord the farmer the full value of his produce if he would show what he is entitled to."

The sessions will be continued tomorrow.

Some Very Nervous People Haven't Any Real Right to Be Nervous At All

They complain that Nature has been unkind to them. But for years they may have been disobeying some of Nature's most important laws.

In fourteen years' experience the Columbian Optical Company has seen many cases of very bad nerves brought on entirely by abuse of the eyes, and often we have wondered why intelligent people will persist in enduring headaches and dosing themselves with dangerous medicines when just a moment's thought would show them that the real seat of their trouble is eyestrain.

We venture to say that the Columbian's correct fitting of good glasses has permanently relieved more Portland headache sufferers than all the medicines ever sold for that purpose.
