

REMOVAL OF DR. C. J. SMITH IS REQUESTED

Misconduct in Administration of Estate Charged.

MRS. PATISON PETITIONS

Neglect of Interest of 2-Year-Old Veona Gulliford by Former Democratic Nominee Alleged.

Dr. C. J. Smith, former Democratic nominee for governor of Oregon, is accused of misconduct in the administration of the estate of the late William C. Gulliford in a petition filed in the probate department of the circuit court yesterday by Mrs. Lydia Patison seeking his removal as administrator.

Open neglect of the interest of 12-year-old Veona Constance Gulliford, sole heir at law, is charged by Mrs. Patison, who asserts that the administrator's sole desire seems to be to take care of the interests of Jacob A. Gulliford and his wife, E. Gulliford, grandparents of the minor, who have filed suit against the estate for \$18,000, which amount they have stated would be increased to \$28,000 before the trial.

The property is valued at approximately \$25,000 and is virtually all wiped out if the litigation is successful, maintains the petitioner.

Appointment is asked. Mrs. Patison is a grandmother of the child, whose custody she has. Mrs. Frank I. Gulliford, who died before her husband, was the mother of the late William C. Gulliford, who died before her husband, and was the daughter of the petitioner. Mr. Gulliford died on January 8, 1919, and Dr. Smith was appointed administrator January 16, 1919.

The petitioner, who seeks to be appointed administratrix after the removal of Dr. Smith, asserts that the present administrator said openly that Veona's interest made no difference to him, that he was only looking out for the interest of Jacob Gulliford.

The most sensational item in the charges filed is the accusation that Mr. Smith urged Mr. Gulliford to file a claim against the estate for which Dr. Smith was administrator, and incited in a letter to Mr. Gulliford a draft of a letter demanding payment of the claim, which Mr. Gulliford is requested to copy in his own handwriting and send back as a claim against the estate. This letter was discovered by the daughter and opened by mistake, it is asserted.

Mrs. Patison asserts that Dr. Smith would not list an automobile among the assets of the estate until forced to do so, and then sold it for less than its value, and that he wished to give another automobile which had been owned by the deceased outright to Mr. Gulliford and was prevented from doing so only by protest of the petitioner and others.

Annulment is alleged. Dr. Smith is said to have annoyed the petitioner and the child of whom she has custody, trying to induce her to have canceled the contract for the house in which they are living, in conclusion, Mrs. Patison will not defend the suit of the Gullifords against the estate any more, that she is absolutely necessary, and that she should be removed as administrator. C. T. Haas is her attorney in the action.

LOAN LIQUIDATION URGED

Federal Reserve Bank Official Holds Action Necessary.

SEATTLE, Wash., Nov. 24.—(Special.)—Increasing emphasis is being placed on the necessity for liquidation of loans unless the position of the federal reserve bank is improved, said C. J. Sheppard, manager of the Seattle branch of the federal reserve bank, in an address before the Transportation club today.

"Significant banking and bankers," he said, "are more vital to the nation today than ever before. The fact that we have had practically no bank failures since the federal reserve bank law was enacted does not assure us that there can be none."

Hopes of Race for Relief From Trials Remains Deferred, Dr. Wise Tells Beth Israel Meet.

Union services of all Portland Jewish congregations were held last night in Temple Beth Israel to mourn and honor Jews of Russia and eastern Europe who have met untimely deaths due to recent uprisings. The address of the evening was made by Dr. Joseph B. Wise, rabbi of Beth Israel, who was followed by oration by members of the congregation Ahavai Shalom. Rabbi Abrahamson of Ahavai Shalom gave the death song.

"The great toll of life that has been recently taken in Russia is no new thing in our history," said Dr. Wise. "Every milestone in the history of our race is the gravesome not of just one martyr, but of multitudes.

"The Jewish people in Russia, tired as they are and having no place to rest their weary bodies, have the same emotion in their hearts as those who have given their lives during the recent days and during the past centuries. They are a brotherhood sanctified not by suffering, but by the ideals for which the Jews have been willing to suffer.

"We have come here tonight to mourn those worthy of mourning. By doing so we resolve to think kindly of them and to help those remaining. In gathering here tonight we have met without music and without other features which ordinarily attract men together. We have come, and in goodly numbers, to glorify God's name despite our sorrow. By doing so we are rising superior to the events of our daily life. We are again proving a brotherhood which cannot be communicated by word of mouth, a love that under stress and strain responds nobly.

"Years ago when the Jew's cup of sorrow was filled to overflowing there arose a prophet saying: 'Comfort ye, comfort ye, my people, saith the Lord.' Those words have been in the heart of Israel through centuries.

"We all hoped during the last years of war and needless bloodshed that our years of persecutions were passed and that something else had been evolved from the recent chaos. We sought nothing but the fulfillment of our duties and obligations among our fellow men. That time has evidently not come for us. It seems now a reality. Covetous nations have been launched and Russia today is the scene of misery and of death.

"The Jewish inhabitants of Ukraine were peaceful people who lived quietly in their fertile valleys. They were people yearning for culture, of great spiritual life and possessing infinite family love and ties. Few may be reckoned as their peers, none as their superiors.

SAFE ROBBERS GRABBED

SEATTLE POLICE CAPTURE 2 MEN RED-HANDED.

Pair Is Surprised During Attempt to Carry Off Strong Box From Sound Ferry Boat.

SEATTLE, Wash., Nov. 24.—(Special.)—Caught in the act of carrying away the steel safe on the ferryboat Lincoln at Kirkland at 3 o'clock this morning after binding the engineer, two men were captured after a fusillade of shots by Seattle police officers. One of the burglars was wounded five times with buckshot, but not seriously. The other man was not hit. Both were taken to the city jail.

Acting on a tip received, it is said, through the mail, Chief of Police Warren arranged to ambush the pair as they worked on the safe of the Lincoln and caught them red-handed. The alleged robbers are George Lapsley, 25 years old, a laborer and Charles Coleman, alias Christenson, 29 years old, laborer. Lapsley was wounded.

Detective Ylar, armed with a shotgun, fired at Lapsley and the latter dropped with three buckshot in his left arm and two in his face. Christenson fled down the deck, pursued by Officers Cochran and Frank. Two shots from the detectives caused Christenson to drop to the deck where he lay motionless. He was feigning being wounded, it was discovered.

FUEL ECONOMY IS URGED

SAVE LIGHTS, HOT WATER AND HEAT, BULLETIN ADVISES.

Railway Administration Instructs Public as to Methods of Conserving Supplies.

How fuel may be conserved and the prospect of a chilly freeze averted, is contained in instructions received at local headquarters of the railroad administration, in a bulletin issued by the northwestern railroads fuel committee, sitting at Chicago.

The suggestions made in the bulletin are to be sent to every station agent for transmission to the proper local authorities.

"All public institutions," runs the official advice, "hotels, department stores, churches, schools, theaters, flats, residences and all other structures using heat or light are hereby requested to conserve fuel. The following rules are suggested:

"Do not waste hot water. Every gallon wasted means so much fuel. Turn off radiators in all rooms not in actual use. Waste of light is waste of fuel. Turn out lights not in use. Ventilate properly but do not waste heat. These instructions should be construed so as to in no way cause suffering or hardship."
