

JOHN McCOURT GETS BENCH APPOINTMENT

Successor to Late Judge Gantenbein Named.

OLCOTT PAYS TRIBUTE

Selection of Ex-U. S. District Attorney Is Lauded by Multnomah Bar President.

SALEM, Or., Nov. 24.—(Special.)—John McCourt, of the law firm of Veazie, McCourt & Veazie, and formerly United States attorney from this district, today was appointed circuit judge in Multnomah county, succeeding the late C. U. Gantenbein, whose death occurred in Portland last week.

In making the appointment Governor Olcott said that Mr. McCourt was not an applicant for the judgeship and had no intimation of his selection until so informed today. "I have known John McCourt for many years," said Governor Olcott today in announcing his selection. "In fact, many years ago and soon after my coming to Oregon in 1891 we were roommates for over a year, while he was a struggling young lawyer and I a cub bank clerk, and our associations and friendships have been close ever since. As a result, I am in a position to know that he will make a strong, virile and admirable addition to the personnel of the bench of the state."

"Mr. McCourt made an exceptionally excellent record as United States attorney, is a highly successful practicing lawyer, well balanced and level headed and of high integrity and standing. During the war period he served under appointment by the war department on the Fossick commission, which had to do with the social hygiene of army camps. In this capacity he served without salary, his jurisdiction extending over the states of Oregon and Washington. He was appointed by me a member of the soldiers' and sailors' civil control commission, was the personal representative of the executive office at the funeral of Governor Ernest Lister of Washington.

"Mr. McCourt was not an applicant for the judgeship and knew nothing of my intention of appointing him until I apprised him of it. In his acceptance, Multnomah county and the state at large, I believe, may have reason for congratulating, securing the services of a man of his ability for the position.

APPOINTMENT IS PRAISED

Selection of Mr. McCourt Lauded by Bar President. "A splendid choice. The county of Multnomah is to be congratulated." The comment of Barge E. Leonard, president of the Multnomah bar association, on the appointment of John McCourt by Governor Olcott to fill the vacancy on the circuit bench of Multnomah county, was echoed throughout the city among lawyers and judges yesterday.

WILSON'S TROUBLE IS ALL OVER NOW

Had Suffered From Rheumatism Most of His Life. Praises Tanlac.

"I had been troubled with rheumatism practically all my life, but when I began taking Tanlac all signs of it disappeared," said S. Wilson, a carpenter, who resides at 80 Elm street, Portland, Or., to a Tanlac representative a few days ago. Continuing, he said:

"Yes, sir, I suffered with rheumatism in practically every part of my body, but it was especially bad in my right leg. It pained me something awful all the time and I had hardly any use of it at all and it was all I could do to get about. It was impossible for me to raise my leg and I could not step up on a curbstone or go upstairs without a great deal of effort. I could get but very little sleep as the pain was so bad it would wake me up at all hours of the night. When I did manage to go to sleep if I happened to turn on my right side my hip would hurt me so I would jump nearly out of the bed. I had suffered so much pain my nerves were completely shattered and I was badly run down.

"After reading so much about Tanlac I decided to try it, and I began to get better after I had taken only a small amount. By the time I had taken six bottles I could go upstairs and use my leg as good as any 15-year-old boy. The rheumatism entirely disappeared and has never bothered me since and I can sleep on my right side or in other position without ever waking up once. I have gained in weight and strength and while I am 59 years of age I feel as good as a man of 35. I take a little Tanlac now every once in awhile, as I believe it will keep me in good health. I never fail to recommend Tanlac for I know what it will do."

"Tanlac is sold in Portland by the Owl Drug company.—Adv.

COURT NAMES ADVISERS

PAROLE BOARD CHOSEN TO PASS ON BOY CASES. Circuit Judge Wilson Says He Needs Help Because of Wave of Crime in County.

HOOD RIVER, Or., Nov. 24.—(Special.)—The prelude to a new chapter of judicial history may have been written here today by Circuit Judge Wilson of The Dalles, who appointed a committee of three prominent citizens to investigate the case of Albert McHenry and Peter G. Alexander, charged with larceny from a dwelling and of whom a parole had been applied.

Judge Wilson, in a statement following the plea of guilty from the open-shop basis, the Spokane Master Builders' association, would make no statement today concerning the contemplated action of the contractors. The Hurley-Mason company is declared to have gone on an open-shop basis on the coast, and is ready to come out for this policy in Spokane.

"The court has to consider measures for the reformation of such prisoners, but it also has resting upon it the responsibility to society, and I have determined that hereafter applications for parole, before being considered by this court, must first have the commendation of the seven men who returned the indictment."
