ARRESTS POSTPONED IN NEWBERRY CASE

Defendants Spared Possibility of Imprisonment.

SENATOR DUE AT CAPITAL

Friends Eager to Know Whether Prosecution Is to Come. Claim for Immunity From

GRAND RAPIDS, Mich., Nov. 30.—No arrests have been made as a result of warrants issued upon the return of indictments in the federal district court yesterday charging United States Senator Truman H. Newberry of Detroit and more than 125 other men with fraud in the election by which Senator Newberry obtained a seat in the senate.

Assistant Attorney-General Frank C. Dallas of Indianapolis specifically requested that no arrests be made today to obviate the possibility that some of the defendants might have to spend Sunday in jail through lack of ability to furnish bonds today.

It was considered probable that host bonds would be accepted by the court for all the men indicted. It is not expected that any of the defendants will be brought here to perfect arrangements for bail, as they probably will be given an opportunity to deposit bonds before commissioners in the districts wherein they are made. In the event host bonds are not approved by Judge Sessions, United States Marshal Herman O'Connor said tonight that he expected warrants would have been served upon all the defendants by the close of the week.

There is much interest here as to whether Senator Newberry will claim the constitutional immunity from criminal prosecution granted him as a United States senator and an announcement from him on that point is eagerly awaited by politicians and others who have been watching the grand jury investigation closely. Senator Newberry has been spending a vacation at Hot Springs, Va., and it is understood that he is expected to be in Washington tomorrow for the opening of congress.

Should host bonds be accepted by Judge Sessions it would mean that the individual defendants of the necessity of obtaining individual bail. It would be a bond in such sum as the court might approve covering all the defendants in the one instrument and all of them would be released from jail pending their preliminary hearing at least.

RADIO "RACER" DEvised

SPEED OF 300 WORDS MINUTE ATTAINED IN WIRELESS.

Fast Messages to Be Photographed For Transcription on Typewriter; 38 Keys Controlled.

SAVVILLE, N. Y., Nov. 30.—Apparatus for sending 300 words a minute by wireless is to be installed soon at the naval radio here, it was announced today. The present speed of wireless at the Savville station is 10 words a minute. Ordinary conversation seldom exceeds 200 words a minute. Some cable sending machines do 100. The new system at Savville is expected to do much toward relieving the congestion of cables in transmitting news and commercial messages. It has been used successfully at the naval radio oceanic wireless station at Annapolis. The apparatus cost about \$50,000. An automatic sending machine operates a master break key controlling 28 small break keys. In receiving messages air waves are photographed and from the developed film is now printed a strip of paper with letters forming the words indicated by the waves. It is controlled by an operator who translates from the tape for transcription of the messages on a typewriter. The photographs and developing process takes 20 seconds.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.
