

\$88,750,000 RELIEF TO BE REPAID U. S.

Hoover Says Europeans Will Issue Treasury Notes.

REPORT IS MADE PUBLIC

Balance of \$100,000,000 Appropriation Devoted to "Charity Without Reimbursement."

NEW YORK, Nov. 30.—The American relief administration will return to the United States government approximately \$88,750,000 of the \$100,000,000 appropriated by congress for relief in Europe, according to the preliminary report of Herbert Hoover on the work of the administration, made public tonight. The money will be returned in the form of treasury notes from the various European governments who shared in the relief work. The remainder of the fund was expended for supplies which were "donated on a charitable basis, for which there will be no reimbursement."

Because of the foreign exchange situation in Europe, Mr. Hoover said, it was impossible at present to "obtain reimbursement in cash." The relief supplies purchased by the administration, according to the report, were all of American origin and practically none of the appropriation was expended outside of the United States. Poland received \$57,000,000 worth of relief supplies, or more than half of the money spent in the appropriation, receiving \$10,000,000 in supplies. Other countries receiving relief were Czechoslovakia, Russia, Estonia, Latvia, Lithuania and Finland. On supplies that were donated for the relief, the administration paid approximately \$250,000 for freight and other expenditures on old clothing contributed by the American Red Cross and commission for relief in Belgium. The report gives the following approximate list of notes of each government to be turned over to the United States treasury: Poland, \$57,000,000; Czechoslovakia, \$6,750,000; Armenia, \$10,000,000; Russia, \$5,000,000; Estonia, \$2,300,000; Latvia, \$3,000,000; Lithuania, \$700,000; Finland, \$4,000,000.

REV. HUTCHISON HONORED

FAREWELL RECEPTION GIVEN BY PIEDMONT CHURCH.

Retiring Presbyterian Pastor Receives Praise, Electric Heater, Thoroughbred Fowls.

Honoring Rev. J. Hutchison, who has just retired from the pulpit of the Piedmont Presbyterian church, members of the congregation rendered the pastor and his wife a farewell reception at the church parlors Friday night. Rev. Hutchison will leave the ministry to take up residence on a small farm he has purchased in the Payallup valley near Tacoma. He was with the Piedmont church four and one-half years. A large gathering of friends attended the reception in the Sunday school room, which was decorated especially for the occasion with ivy and flowers. Here a programme including music and speaking was given and the pastor was presented with a purse of gold, an electric heater and a number of live thoroughbred fowls on behalf of the congregation and Sunday school. Short addresses were made by K. K. Baxter, Miss Haworth and C. A. Williams. The following numbers made up the remainder of the programme: Violin solo, Miss Patsy Nielan; vocal selection, Miss Mae Phelps; recitation, Miss DuBois; vocal solo, Miss Marjorie Asby; piano solo, George Baker.

INSTITUTE OPENS TODAY

Teachers, Parents and Directors to Meet at Hood River.

HOOD RIVER, Or., Nov. 30.—(Special.)—The annual institute of teachers, parents and directors of Hood River county schools will open tomorrow morning at the Hood River high school for a two-day session. Out-of-town educators who will address the meetings will include J. A. Churchill, state superintendent of public instruction; L. P. Gilmore, representing the Oregon normal school; Miss Colia V. Hester, of the University of Oregon; and Ralph D. Coleman, of the Oregon Agricultural college. Mrs. Charles H. Castner, ex-president of the Oregon State Federation of Women's clubs, will talk at the morning session tomorrow on local health measures. Mr. Coleman will give an address on "Physical Education," and Miss Frances Elizabeth Baker, in charge of physical education for girls at the local high school, will be in charge of demonstration work.

BEACH ROAD IS PROMISED

Easy Auto Run From Eugene to Coast Expected Soon.

EUGENE, Or., Nov. 30.—(Special.)—With the setting aside of \$2500 in the county budget for 1920 to build a road from Florence to the beach north of the mouth of the Siuslaw river, automobiles may be able to make the trip from Eugene and other valley points to the ocean without having to transfer by scow as in the past. Florence men who were here Friday attending the budget meeting, and who succeeded in getting this sum transferred from the bridge fund to the coast road fund, are enthusiastic over the prospects for opening the beach to pleasure seekers. Florence has voted a 10-mill tax for a road from the city limits toward the beach and it is estimated that between \$1500 and \$2000 will be derived from this levy. It is believed that the \$2500 will complete the road.

FRATERNITY MAN LEAVES

University Society Sends Delegate to Eastern Convention.

EUGENE, Or., Nov. 30.—(Special.)—Alexander G. Brown left Eugene yesterday for Champaign, Ill., where he will attend the national convention of the Sigma Delta Chi, the men's journalism fraternity, as a delegate from the local chapter of which he is president.

This is the first time the University of Oregon chapter will have been represented at a national convention of this fraternity. Brown is a junior

The Children's Encyclopedia—10,000 Educational Pictures—In Five Languages—350 Colored Plates

ENGLISH FRENCH SPANISH ITALIAN PORTUGUESE

YOUR CHILD'S CHANCE

In round numbers, what is your child's chance to become successful. If uneducated, he has one chance out of 150,000; with a common school education, 4 chances; with a high school education 87 chances; with a college education, 800 chances. WITH THE BOOK OF KNOWLEDGE in the home, every chance, it is not a luxury, it is an absolute necessity. It is an INVESTMENT in your child's future, which will pay dividends as long as he lives. In over 650,000 homes today the children are being educated with THE BOOK OF KNOWLEDGE. Give your child his chance to compete with them.

Answers Every Question a Child Can Ask

- Why do we grow old?
- Who made the first electric light?
- How did the days get their names?
- Why is a river always running?
- Where does the wind begin?
- Why does the kettle sing?
- Where do thoughts come from?
- What makes coal burn?
- Why has a star five points?

The Nation's Greatest Asset

The children of today are the citizens of tomorrow. They are the nation's greatest asset. No labor so important, no duty so imperative, as that of making the children into 100% American citizens. We do not want bookworms, we want intelligent, well-informed, forceful men and women, who can do their own thinking. Only a small part of this education can be obtained in the schoolroom. Three-fourths of it must be acquired in the daily reading, entertainments and occupations in the home.

THE BOOK OF KNOWLEDGE is a new method of education in the home. Over 10,000 delightful educational pictures and brief intensely interesting articles tell the children everything they need to know in plain and simple language. It is the first work of reference which a child ever really enjoyed reading. It expands every faculty of the child's growing mind and takes care of the outdoor as well as the indoor life of the home.

Curiosity—The Great Teacher

CURIOSITY is the beginning of all knowledge. Do you know any subject about which your child has not asked you a dozen questions? Let him ask as many as he likes, and be sure to answer them correctly. That is the parent's most important and most easily neglected duty. If you discourage your child's curiosity you will injure his mind, and the bright boy or girl becomes stupid or indifferent. Through curiosity Columbus discovered America. THE BOOK OF KNOWLEDGE is the simplest and most natural method of helping the child to educate himself. IT ANSWERS EVERY QUESTION A CHILD CAN ASK IN PLAIN AND SIMPLE LANGUAGE. So captivating is this great original work to the mind of a child that he absorbs with little effort the profound truth and great facts of the world of knowledge while reading its delightful pages and looking at the thousands of striking educational pictures.

Your child is like no other child in the world. He has his own peculiar taste and need for both physical and mental food. Some kinds of food agree with him and some do not. THE BOOK OF KNOWLEDGE is the right kind of nourishing food for the child's mind during the growing years. Give your child this remarkable, original work, and watch carefully which of the 16 great departments interests him most. Nature, Science, History, Biography, Astronomy, Physiology, Art, Literature, Poetry or Manual Training. It will prove THE KEY to his natural bent, and the kind of work or profession in which he will most easily succeed. If You Have Children of School Age Mail This FREE COUPON Today.

YOUR CHILD IS UNIQUE

Oregonian Readers May Obtain Free of Charge the valuable and attractive illustrated book of specimen pages from THE BOOK OF KNOWLEDGE. Let the children decide whether this new method of education interests them. Send for FREE 30-page book, which contains the following subjects: The Sun and His Family; What Our Skin is Like; How the Nail Grows on the Finger; How the Teeth Grow; The Nerves of Smell; The Marvel of Hearing; The Lords of the Wild Kingdom; A Concrete Ship in the Water; The Wonderful Birth of the Wheat; How We Dig Up Sunshine; Making the Desert Blossom; Canada the Wonderful; The Republics of South America; The Boy Carpenter's Box of Tools; West Point and Annapolis, and others.
