

RESTRICTIONS UPON ATHLETICS FAVORED

Independent Colleges of Oregon Take Stand.

PAID COACHES OPPOSED

Maintenance of Intercollegiate League and Championship Award Disapproved.

PHILOMATH, Or., Nov. 30.—(Special.)—The 13th annual conference of the presidents and faculties of the independent colleges of Oregon closed here yesterday.

The list of schools is as follows: Albany college, Presbyterian; Eugene Bible university, Disciples; McMinnville college, Baptist; Pacific college, Friends; Pacific university, Congregational; Philomath college, United Brethren; Reed college, Independent; Willamette university, Methodist.

Wallace Howe, president of Albany college, presided in the absence of President Pennington of Pacific college.

Professors Jewell of McMinnville and Bates of Pacific university, gave papers. Professor J. Wooddy of Reed college took up intercollegiate athletics in a way that aroused considerable interest.

Suggestions Are Offered. The suggestions made were as follows: 1. The function of athletics in the college is to offer to every student the opportunity to develop a sound body and such traits of character as are developed by competitive games.

2. Intercollegiate contests should be so conducted as to further rather than hinder intra-annual athletics activities.

3. To insure this result, the following restrictions should be placed upon intercollegiate contests: a) All intercollegiate contests shall be directly under the control of the college faculty or that member of the faculty responsible for the direction of physical education.

b) There shall be no paid coaches. c) No admission shall be charged to games. All expenses incidental thereto shall be provided by the college budget.

Leagues Are Opposed. (d) The number of games in a single season shall be limited. There shall be no intercollegiate leagues involving long series of contests culminating in a championship award.

Professor Franklin of Willamette presented the Wisconsin college drive, and President Ely of Philomath a co-operative drive for Oregon colleges. Steps were taken to bring these colleges into still closer fellowship, to make them better known through the state, and more useful to the state.

Albany, McMinnville, Pacific and Philomath colleges, and Pacific university made arrangements to continue their offer of a free scholarship to the student graduating at the head of the class in any of the high schools of Oregon.

DAIRY INDUSTRY GROWS

KLAMATH COMPANY BUYS 400-ACRE FARM

William Bray, Timberman, to Be Supervisor of Pure-Bred Stock Bought in Portland.

KLAMATH FALLS, Or., Nov. 30.—(Special.)—Tim in the lumber business and the raising of pure-blooded stock is merely a hobby, said William Bray, wealthy timber operator and one of the incorporators of the Premium Dairy company in speaking of his dairying plans.

The Premium Dairy company was recently organized and has purchased 400 acres at a short distance south of this city. Interested with Mr. Bray are H. H. Van Valkenburg, Bert Whitrow, E. P. Reames, C. J. Ferguson and J. C. Zimmerman.

At present the dairy herd consists of 50 head of mixed cows but the company plans to dispose of all the scrub stock and start with pure-bred Holsteins.

Mr. Bray attended the Pacific International Livestock show at Portland, where he arranged for a carload of pure-bred Holstein heifers for delivery next spring. He expects to pick up another carload, making about 50 head to start with.

Mr. Bray, who is to supervise the company's business, during his spare time from the lumber industry, is having plans drawn for up-to-date buildings. The stables will have cement floors and sky-lights will let sunshine into every stall. All the stock will be tuberculin tested.

FUEL, WATER FAMINE FACED IN MISSOURI

Closing of Light Plant at St. Joseph Imminent.

CITIZEN MEETING CALLED

Coal Shortage, Threatening Big Industries, Attributed Mainly to Switchmen's Strike.

ST. JOSEPH, Mo., Nov. 30.—With only three carloads of coal in the railroad yards here tonight and fuel oil practically unobtainable, St. Joseph tonight faces a fuel and water famine which will force the closing of the light and power plant, the water plant and big industries of the city.

A mass meeting of citizens was called tonight for tomorrow morning to consider the situation. Conditions here are said to be mainly the result of the Kansas City switchmen's strike.

SPOKANE, Wash., Nov. 30.—Although a four-inch snowfall has intensified the demand for fuel in the city, local dealers declare that a supply is coming in from Canada which through conservative distribution will prevent serious shortage for home consumption.

Railroads today reported a 30-day supply in the bunkers. The snowfall is expected to be of benefit to woodmen in hauling fuel from the nearby forests to the markets.

ST. LOUIS, Mo., Nov. 30.—All theaters in the southwestern regional district have been notified by the coal committee that no more coal will be supplied to any of them until the output of coal is greatly augmented.

TACOMA, Wash., Nov. 30.—Although the thermometer was dropping rapidly tonight, this city is sufficiently supplied with coal and wood dealers stated, with the exception of bunker coal for vessels, which they described as very low.

CONVICTS ARE GRATEFUL

Thanksgiving Entertainers Thanked in Prison Publication.

SALEM, Or., Nov. 30.—(Special.)—Lend A Hand, the official publication of the Oregon state penitentiary, in a lengthy article in its last issue from the pen of Jesse Webb, extends the thanks of the inmates of the institution to Messrs. Elmer B. Salem for the moving picture show staged in the prison auditorium Thanksgiving morning.

Similar thanks are directed to Miss Martha Swart, director and other members of the Salem Symphony orchestra, who gave a concert at the prison in the afternoon. The elaborate dinner provided by Warden Steiner also was one of the pleasing features of the day.

There are two days in the year that are exceptionally blue to the man inside, says Lend A Hand. "They are Thanksgiving and Christmas. On these two days the outside world gives way to rejoicing. Everybody is happy and above all he is united with his loved ones. The man inside, no matter what his caliber, is the same essentially as his more fortunate brothers, and his thoughts are bound to go back to other days when he shared the holiday happiness with those he loved."

NEW SOCIAL THREAD SEEN

War Emergency Effort Is Beneficial, Says Defense Council.

WASHINGTON, Nov. 30.—With the declaration that "the coal and iron being a new vital thread running through the social fabric of the country as the result of an emergency effort born of the war," the third annual report of the Council of National Defense made public today, outlined the diverse activities of the council during the war and described the organization perfected to aid in the work of re-establishing the nation on a peace basis.

The report estimated the total cost of the coal and iron in the winter of 1918 to date at \$1,500,000, an example of economical administration made public which it extremely difficult to find a parallel either in governmental or civil life, considering the council's achievements.

COLUMBIA WANTS ROADS

Sum of \$250,000 May Be Available During 1920.

ST. HELENS, Or., Nov. 30.—(Special.)—Prospects are that Columbia county will have a fund of \$250,000 to expend on its roads during the year 1920. The budget as prepared by the county court calls for a 10-mill levy, which will bring in \$115,000. Twelve cents of the tax will be levied on special taxes which aggregate more than \$100,000. Several of the districts went the full limit and voted 10 mills.

As the timber is removed the logged-off land is being disposed of to settlers and there is more call for roads each year and the taxpayers are endeavoring to provide funds for these needed roads. During the past four years Columbia county has spent approximately \$1,000,000 on its roads.

SCHOOL ELECTION CALLED

St. Helens District Finds Additional Funds Needed.

ST. HELENS, Or., Nov. 30.—(Special.)—School district No. 2, the St. Helens district, will hold a special election in order to authorize the levying of a tax which will provide sufficient funds for the ensuing year. On account of the fire which destroyed the school house last year, the school board was put to unlooked-for expense and the budget as prepared calls for \$10,000.

The previous year the amount was \$15,000. One of the main items of increase is in the teachers' salaries which is raised from \$15,000 to \$20,000. It is thought the taxpayers will approve the budget.

STICKERS THAT LET SUNLIGHT IN READY

Christmas Seal Sale Promises to Be Record One.

CAMPAIN BEGINS TODAY

Public Health Nurses and Others Tell How Little Contributions Help in Combating Affliction.

Good morning! Have you bought your Christmas seals?

This will be a common greeting until after Christmas, for today more than 650,000,000 Christmas seals, the gay little stickers for Christmas letters and packages, are being offered for sale throughout the United States.

Oregon, in common with the entire country, is launching today the greatest Christmas seal sale in its history. The state has been organized through the co-operation of scores of public-spirited men and women who are interested in building up the health of the state. In Portland the sale will be largely handled by the club women, who will be in charge of 15 downtown booths.

Although a check arrived yesterday at the office of the Oregon Tuberculosis association, under whose direction the sale is being conducted, the check was for \$14.50 and was the Thanksgiving offering of the Unity Presbyterian, Rose City Park Presbyterian and Rose City Park Methodist churches.

Ematilla Calls for More. Ematilla county wired Saturday for additional supplies, the original amount not being enough for the county, so well has it been organized. Mrs. Sadie Orr-Dunbar, executive secretary, will spend tomorrow in Newberg, assisting in plans for the sale there, and at a mass meeting in the evening the Newberg sale will be launched.

It is predicted a big sale of Christmas seals in Oswego and Milwaukie, said Mrs. A. J. Smith, Washington county public health nurse. "When Miss Allen and I were making the demon-

stration in Clackamas county we got into those cities just as an epidemic of smallpox broke out, and by quick action—examination of every school, visits to the homes of absentees and other health measures—we checked the epidemic in three days. When the people of those places know that county public health nurses in Oregon are paid out of the proceeds from the sale of Christmas seals, I am sure they will buy generously.

Health Nurse Indispensable. "The public health nurse took her place in American community life about ten years ago, and she has made herself indispensable. Formerly she dealt almost exclusively with sick people. Now she has a wider range. She is the link between the afflicted families and the agencies ready to help them. In cases of tuberculosis it is the nurse who finds the cases, who makes the preliminary selection and gets the suspicious ones to come to the dispensary for examination. When the family funds will not permit anti-tubercular treatment it is the nurse who makes possible his treatment at home by training other members of the family to assist in combating the disease."
