1920 BUDGET ITEMS

Sum of \$2,423,774.03 Needed by Multnomah County.

LEVY MAY BE 6.15 MILLS

Increase of Five Per Cent Over Cost of Operation in 1919 Shown by New Total.

774.03 during 1920, of which amount it will be necessary to raise \$1.537.751.17 by direct taxation 751.17 by direct taxation, according to figures released by the county commissioners yesterday after a series of budget meetings held behind locked doors, during which the prun-ing knife was applied to early esti-mates of department chiefs. The in-crease amounts to 5 per cent over the cost of operation during 1912.

Though the commissioners might have increased their budget, exclusive of bonded debis and interest, 6 per cent under the limitation law, which would have allowed them \$1,554,199.71 direct taxation, they discovered by could get along with a 5 per at increase, calling for \$1.539,527.46. d still have left \$1786.29 above the budget estimates.

Library Expense Separate.

The amount required can be raised on a tax of 5.4 mills, announced County Assessor Read, on a county valuation of \$525,754,863. The 5.4 levy would cover general county expenses, market roads, and bonded debt and interest, but not the county library expenses. The library requires a special tax of .75 mills, and if included in the county figures, would raise the levy to 6.5 mills.

For the payment of \$125,000 principal and \$59,375 interest on a road bond issue, \$184,375 is added to the general county budget. For the payment of \$50,000 bond principal and \$56,250 interest on the interstate bridge bonds, the money will be taken, it is expected, from the county's share of bridge carnings. The special

Mt. Hood loop road was one of the projects to be discarded by the comprojects to be discarded by the com-missioners so far as any considera-tion during 1920 is concerned. It was planned originally to spend at least \$150,000 from this county's share of automobile license receipts on the loop road but the project was aban-doned. Lack of government funds for the construction of that part of the road projected through the federal forest reserve during the next year, without which section the re-mainder of the road would be of little value, is said to have led to

Other cuts from the road budget in-cluded \$159,730 for the Marquam hill road, which project has been aban-doned; \$125,000 from the \$166,500 asked for improvement of Fairmount

doned; \$125,000 from the \$166,500 asked for improvement of Fairmount boulevard; \$122,000 from the \$155,000 requested for the St. Johns road; \$55,000 from the \$75,970 asked for the St. Johns road; \$55,000 from the \$75,970 asked for the St. Johns road; \$55,000 from the \$58,000 desired for Montgomery drive; and discontinuance of the \$150,000 Boone's Ferry road project.

Because of the intention of the pommissioners to put the Morrison.

Burnside and Hawthorne bridges across the Willamette in as good condition as possible, thus postponing the necessity for an early bond issue for new bridges, more than \$35,000 was added to the request of the department of bridges and ferries, bringing the total appropriation for this work to \$482,358,19. The 1919 appropriation was \$287,554.73.

For registration and election purposes \$57,500 is set aside in the budget. The 1919 budget provided only \$3505 for this work, but special elections made the expenditures reach \$50,532,50.

Most of the department increases dining-room to pay tribute to the fa-

rided in the 1919 budget, but the 1920 one will have \$25,000 set aside for emergencies.

The Rose Festival, which received no assistance from the 1919 budget, is appropriated \$20,306.84 in the 1920 estimates, which is the amount it is

mates, which is the amount it is ight will be raised by the special of .09 mill as provided by the

levy of .09 mill as provided by the 1917 legislature.

The reason that the \$2,423,774.03 requirement need not all be raised by direct taxation, as indeed it could not under the 6 per cent limitation, is because receptits to the county through other sources than taxation reach the estimated figure of \$856.022.86. This includes a balance of about \$200,000 in the general fund on December 31, 1919, \$200,000 from court and other fees, \$85,000 from delinquent taxes, \$150,000 from the motor vehicle fund, \$100,000 from the state market road fund, and \$106,250, earnings from the interestate bridge, applicable to payment of bridge bonds and interest.

The county budget has been turned over to the tax supervising and conservation commission, but the time is so short that it is believed unlikely other important cuts will be made in the estimates.

Discussion of the budget provisions with interested taxpayers has been set by the commissioners for 18 pt the commissioners for 18 pt

MOUS SCOTCH SINGER.

Because of the intention of the gommissioners to put the Morrison, Burnside and Hawthorne bridges across the Williametre in as good condition as possible, thus postponing the necessity for an early bond issue for new bridges, more than \$51,800 was added to the request of the department of bridges and ferries, bringing the total appropriation for this work to \$482,858,19. The 1919 appropriation was \$287,554,750 is set aside in the bundget. The 1919 budget provided only \$2508 for this work provided only \$2508 for this higher cost of materials.

Hospital Fund Grows.

For the new Multnomah county hospital \$250,000 is added to the \$2604. When he related the incident of his gone appropriated, but not spent, last year. No contingency fund was prop.

When he related the incident of his visit to France as an entertainer, going to the front to appear before the British Tommies who had been the comrades of his only son, and stopped to breathe a father's prayer over a fresh mound of earth, there was hardly a dry eye.

Preceded by the pipers clad in their kilts of Scotch plaid, piping an air dear to the highlanders, the distinguished visitor was escorted to his place at the head of the table. Mayor Baker briefly introduced him with reference to the splendid work during the war, for which the British government conferred upon him the honor of knighthood.

It is the duty of all to work and

Beaver Creek. M.

"Your majesty, I feel very difficult in attempting to reply to this toast. When you bade me farewell I felt very proud of the mission you had entrusted to me. I was following your footsteps, setting out to see the emplre for myself, and I meant to do my utmost to be worthy of your confidence.

"It is still a prouder moment for me when I hear from your lips that you are pleased with the way in which I carried out my task and I am deeply grateful for the far too kind words, you have used about me. I have had a wonderful journey, a wonderful experience and can never adequately express my gratitude for the universal kindness and hospitality shown me."

Beaver Creek-Maple Lane section of Clackamas county was filed for record in the recorder's office last Wednesday in which Mary Eggiman conveyed the property to K. and Katrina Schimpf for a consideration of \$20,000. The firm is one of the fine farms of the county and is highly spoken of as a strong producer.

BEND INDORSES HANGING COMMERCIAL CLUB ADOPTS RESOLUTIONS.

BEND HAS UNEMPLOYED

Red Cross and American Legion to Canvass for Positions.

200,000,00 BEND, Or., Dec. 3 .- (Special.) -- For the first time in nearly a year, there are apparently more men in Bend than there are jobs. This condition, it has been ascertained, is due not only to the stopping of much road and construction work in Bend and Deschutes county as the result of bad weather, but because many who have been unable to find work in their home cities have come to Bend in hope of obtaining employment here. In an effort to remedy conditions, the American Red Cross chapter, with the co-operation of the American Legion and the Bend Commercial club today unaniform with the restoration of capital punishment for murder in the first degree, and urging that action be taken by the state chamber of commerce to put the matter before all other commercial club, will open a free employment bureau, and will canvass the county in an attempt to find jobs for the unemployed. than there are jobs. This condition, and Walter Tabor, brother of the dead | ployed.

brother of Miss Maude Tabor, were
in Freewater, Or., up to two weeks
ago werking in a fruit-packing
house. They left by automobile for
The Dalles, intending to go to Callfornia.

"Still," he says, "we find scientists
blindly rummaging through fields of
experimental darkness seeking complicated and high-sounding explanations for diseases that go on defying all
the cross-examinations, all the probings, all the analyses and all the
theories of man. Why," he continues,
"do we neglect the extraordinary tions for diseases that go on defying all the cross-examinations, all the probings, all the analyses and all the theories of man. Why," he continues, "do we neglect the extraordinary medicinal properties of wheat bran in our vain efforts to obtain relief from constipation, a disease that if not corrected leads to many dreadful evils?"

Mr. McCann recently stated: Mr. McCann recently stated:
"There is no further need to neglect bran. W. K. Kellogg, the famous food manufacturer of Battle Creek, has perfected a product that contains all the vitalizing, tiesue-sweetening and laxative properties of the outer layers of the little wheat berry.
"Kellogg's Krumbled Bran is a new food, the importance of which in the regulation of intestinal activity promises to make it one of the most popular dietetic achievements of the time.

LONDON, Dec. 3.—(By the Associated Press.)—Although the welcomehome dinner to the Prince of Wales at Buckingham palace Monday was private, King George greeted his son in a set speech, addressing him as "my dear son" and adding: "I wish you a most hearty welcome on your return home, safe and sound."

ises to make it one of the most popular dietetic achievements of the time. Bran, more than any other food protects the body against the poisonous substances formed in the intestinal tract as the result of sluggish elimination. Not realizing the importance of the saits of phosphorus, iron, potassium and many other indispensable mineral properties found in bran, the American people have allowed themseives to be deprived of this wholesome and healthful food adjunct."

the remarkable enthusiasm with which the prince had been received and because he had forged a new link between Canada and the motherland. Extreme pleasure was expressed by King George that the prince had been able to see President Wilson.

The king proceeded to say how it always had been his earnest wish for the closest and friendliest of relations with the United States and his trust was that the prince's visit had trust was that the prince's visit had
