

### SEATTLE MAYOR IS UP FOR RE-ELECTION

#### Fitzgerald Expected to File Declaration Today.

### 5 COUNCILMEN TO RUN

Three Aldermanic Candidates May Get "Triple Alliance" Backing at Sound City Election.

SEATTLE, Wash., Dec. 18.—(Special)—Mayor Fitzgerald and the five city councilmen who are eligible for re-election in March—Robert B. Hesketh, O. T. Erickson and W. D. Lane, three-year men; A. T. Drake, two-year, and Major John E. Carroll, a one-year candidate—have obtained filing blanks and are expected to deposit their declarations of candidacy tomorrow.

In addition to the city officials who are known to be candidates to succeed themselves and who may file tomorrow, blanks have been taken out by two others who are reported to be William M. Tomlinson, 4223 Thackeray place, and Major Carl H. Reeve, a civil engineer. Major Reeve is the nearest neighbor to Councilman Robert B. Hesketh, who is in the fight to succeed himself.

"Triple Alliance" Man Indorsed. In city hall circles it is anticipated that Councilmen O. T. Erickson and W. D. Lane will be indorsed by the "triple alliance," but it is likely that none of the other city officials will get on that slate. None, it is declared, is seeking such indorsement.

Besides the mayor and the councilmen, voters next spring also elect a corporation counsel. Thus far Walter F. Meier has no opposition for his office and therefore is in no rush to make his formal filing.

Registration Starts January 5. Though declarations of candidates may be filed this month, registration for next year's primaries and elections will not commence until Monday, January 6, when the city books will be opened in the city hall. It is planned to send the registration books into the city precincts on January 15, 16 and 17, and the voters are to be made to register as many as possible of the voters at that time, so as to save congestion at the controller's office.

Registration closes January 27 and more expenditures will have to be shown than ever before to get the voters on the books in time for the municipal election.

The Wells Brothers company of Chicago has been given the contract for the erection of the building.

The new headquarters of the great retail western mail order firm will be located at Twenty-eighth and Uphur streets, upon property purchased a short time ago from the Ladd estate and the Portland Railway, Light & Power company. The plant as planned will cost the ultimate expenditure of more than \$5,000,000, and the unit to be constructed this year will total \$1,350,000 in cost.

The structure to be built this year will be finished and ready for occupancy by late spring or early summer, according to the two men. Bennett, supervisor for the third Oregon district, will be present at the meeting to discuss with the committee plans for attaining in having the work thoroughly done.

The committee was named to take steps to see that the enumerators cover the field in an efficient way, that the count is honestly made and to avert any possibility of inequality for recount or arbitrary action of the census bureau following completion of the tabulations. He was arrested at the home of his Portland wife, suspected of being wife No. 3, Wednesday night by Officers Travers and Simpson. Another wife is said to be in Tacoma and another at Centralia.

When Attorney J. R. Latourette appeared at the meeting in behalf of Mr. Giet, but refused to speak until the issue was formally before the board. Directors George Orton and George B. Thomas unopposed their withdrawal of the name of H. Giet as victor to make their statements before the business of the session is under way.

Mr. Code is one of the contractors of the United States National bank building and had charge of the erection of Liberty temple and the model bungalow on Fourth and Stark streets. He is to receive a salary of \$200 a month, but will be required to supply his own automobile.

Dr. E. A. Sommer, chairman of the board, declined to name any party in the controversy. Giet is to quit on January 15. Code will begin work three days earlier. He is also to be given more power in employing men. Directors did not hesitate in giving their reasons for dismissing the superintendent of construction.

"Giet has been in this country 28 years," said Director Thomas, "and not until last year did he see fit to become a citizen of the United States. He is neither a builder nor an architect and those who figure on our work make no bones about it that work costs us 20 per cent more on account of things put in and taken out to please Giet."

The proposal to secure a kindergarten for the Holman school to care for children now domiciled in the children's home was temporarily abandoned regarding the subject. Attorney Sam Pierce gave it as his opinion that the board has no authority to pay the money.

A motion was passed asking Julius L. Meier and others, who submitted a petition for the kindergarten, to support a movement to have the \$10,000 limitation removed at the special session of the legislature next month.

#### ALLIES TO SIGN INDEPENDENTLY OF AMERICA.

Entente Agrees on Non-Intervention in Russia, Declares Lloyd George in Commons.

LONDON, Dec. 18.—Without any disrespect and without wishing to deprive America of the honor of sharing in the guardianship of Christian communities, the allies have decided to make peace with Turkey at the earliest possible moment. Premier Lloyd George declared in the House of Commons today.

#### RESOLUTION FAVORING FOREST ROAD FUND ADOPTED.

#### Programme Is Arranged for Convention of State Chamber to Open Here December 29.

From new and unexpected sources is coming support for the movement launched by Oregon men for an appropriation of \$100,000,000 by congress to construct highways in forest reserves, which has been taken up by the Oregon state chamber of commerce.

The national association of highway officials at its convention held in Louisville, Ky., adopted a resolution December 11 asking the appropriation of \$10,000,000 per year for ten years for this purpose. It is designed that the fund shall be provided for expenditure without asking that it be matched by funds raised from local sources.

The Greeters yesterday adopted the resolution and pledged co-operation with the state chamber to aid in obtaining the appropriation and also asked the legislature to memorialize congress at its coming special session to make such an appropriation.

Secretary Quayle has mailed to members of the organization the programme for the convention which is to open here December 29, for a two-day session. W. T. Vinton, president of the senate, and Seymour Jones, speaker of the house, are to talk of legislative questions on the opening day. "Out of Doors in Oregon," by William L. Finley, state biologist, with four reels of moving pictures, and a lecture by Frank Branch Ritty on "The Lure of the Great Northwest," will be given in the evening.
