Appointments Made to Fill Vacancies at O. A. C.

TWO EX-SOLDIERS NAMED

I. P. Cady, 1911 Graduate, Returns From East as Instructor In Electrical Engineering.

OREGON AGRICULTURAL COL-LEGE, Corvallis, Dec. 21.—(Special.) -Numerous appointments have been made by the college to fill vacancies caused by resignations or because of material increase in enrollment in

certain departments.

Miss Anna M. Turley, well known over Oregon through her work as state leader of home demonstration agents, has been appointed instructor. n household science to succeed Miss Mary Kieffer, who resigned to estab-lish a tea room in Eugene. Miss Turity left the college last February to study at Columbia university. She is a graduate of Purdue university. H. P. Cady, a 1911 graudate of the college, who was with the General Electric company of Schenectady, N. r salesman for the Eastern Pennsylvania Light & Power company at the outbreak of the war, has been made an instructor in the department of electrical engineering. He served in the United States army and was overseas in the air service for 27 months, having the rank of first class sergeant when discharged.

Frederick H. Berns, a graduate of Syracuse university, who specialized at Columbia and New York universities, will succeed Miss Edna M. Flar-ida as instructor in art.

Alfred G. Lunn, a graduate of the college and thoroughly familiar with neultry conditions in Oregon, has been pointed assistant professor of poulthe last two years. Frank L. Knowl-ton of Laurel, Md., has been appoint-ed research assistant in this department. After being discharged from the army as lieutenant, Mr. Knowlton immediately re-entered college and was graduated from Cornell univer-sity last spring. His work will con-sist largely of tabulating and analyzas breeding and incubation records Information gathered from these rec-ords will be published later,

old arts, to take the place of Miss through the whole.

courses, has been appointed instructor in the department of irrigation engineering at the college. He has had ten years of practical experience.

C. C. Ruth, for three years with the United States bureau of markets, has been appointed assistant professor of farm crops, to take the role. farm crops, to take the place of Pro-fessor F. S. Wilkins, who recently resigned to take a position in lows

T. P. HACKLEMAN IS DEAD

cumbs at Age of 68.

ALBANY, Or. Dec. 26—(Special.)—
Thurston P. Hackleman, one of Albany's first native sons and a prominent citizen of this city, died at his home here this afternoon, aged 68 years. Most of the city of Albany is built on the donation land claim of Mr. Hackleman's feet. Mr. Hackleman's father, on which he was born in 1851. He resided all his life in Hackleman's grove, in the vicinity of his hirthplace, and was active for many years in the business life and upbuilding of the city his father helped to found.

After attention of the city his father helped to found.

Tree, Gifts and Plenty of 'Goodies'

After attending the local schools Mr. Hackleman graduated from Albany college. He then took the law course in the University of Michigan and after graduation there returned to Albany, where he bracticed law for many years. He retired about 15 years ago because of partial loss of

Organization to Reach Out to South and East.

410 CAMPS ESTABLISHED

Body Now on Permanent Basis and Growing Stronger Dally, Says Portland Manager.

Within the next two months the oyal Legion of Loggers and Lumber nen, already established with 410 organized camps in Oregon, Washout for recruits and new camp or ganizations in Montana and California, according to T. L. Abbey of Portand, manager of the four "L's"

"There is need and demand for the xtension of the work to these two states, as yet uncanvassed," said Mr. Abbey last night, "and within 60 days, in all likelihood, we will be going n. Ultimately we hope to see the novement, in some general form simi-iar to that of the northwest, take root and grow in the lumbering dis-tricts of the south, of Wisconsin and

"In the northwest we are building up the organization every day, and the future of the big work never looked brighter. Naturally our strength is less than it was during the war period, for membership then was merely a form of enrollment. Now we have actually organized, or a permanent membership basis, 410 camps in the three states of the northwest.

unnecessarily elaborate.

These plans, which later materialized in full, include the construction of an entire city. One scene of the picture shows the destruction of the Many Reds Won Over. "The 'red' cards of the I. W. W. are something we have to battle with city by flood. Four massive electric pumps were installed to supply water for the flood. The locale is in the California Cascades near the Oregon every day. But we are making prog-ress and number among our staunch-est members some who formerly were affiliated with the 'wobblies.

"Since the Centralla murders many nembers of the radical organization have torn up their cards and joined the Loyal Legion, convinced that they were misled. Ours was the first organization on the Pacific coast to fight the I. W. W. Now it is re-inforced by the American Legion, by other organizations and by awakened public consciousness, which at last realizes the full menace of the 'red'

The principles upon which we fight are simple—they are those of true Americanism. And our objectives are two-elimination of the man whose belief does not conform to the con-stitution of the United States and-
