

Kleiber

MOTOR TRUCKS

The Truck With 3-Point Sub Frame

The above picture represents a 3½-ton Kleiber carrying over 12-ton propeller a distance of 50 miles.
 Note the springs—just straight and no blocking. Springs and frame guaranteed for life of truck.
 Most sturdy-built truck in America.
 "The Kleiber Truck has no competition."
 Continuation of service is what counts.

A Happy New Year to You—Wishing You a
 Happy and Prosperous New Year

Let's Make 1920 a GARY Year

CITY OF PORTLAND FIRE TRUCKS

The competitive test was open to all makes of trucks and the Gary Won Over All Competitors in the Speed and Load Hauling Tests. As a result the Six in the above cut were purchased by the City to Fight Fire through the years to come. They are in service in this City.

The Gary Trucks are recognized as the Best wherever they are found and most especially in the Northwest where they fit in all road conditions.

There is a Gary Truck for every purpose. The heavy models are hauling logs in the woods. Sand, gravel and asphalt for Road Construction and on Freight Lines. The lighter models for quick deliveries, such as

Milk Routes and Express Routes. We can make Immediate Deliveries on all sizes. If interested and want to go on Road Construction Place Your Order With Us so as to be ready when Spring Work Opens Up. This Means Money to You. You can pay for your truck in one season.

We have other Contracts Daily to place trucks on. Farmers all over the Northwest are buying Gary Trucks, which they find are Simplest in Operation, Cheapest to Run and Least Cost in Repairs. There is a Full Year Factory Guarantee on these Trucks. We have some good territory open for Live Dealers; if interested write us.

The Gary is made in Five Sizes from the One-ton to the Five-Ton Models.
