

DR. BERNARD DALY, EX-JUDGE, IS DEAD

Lakeview Resident Succumbs
on Trip for Health.

WORK IN STATE LAUDED

Former Occupant of Lake County
Bench Rated as One of Richest
Men in Southeastern Oregon.

LAKEVIEW, Or., Jan. 5.—(Special.)—Dr. Bernard Daly, formerly circuit judge for Lake county, and one of the wealthiest men in southeastern Oregon, died this morning while en route to Livermore, Cal., for his health. He was 62 years old.

He was president of the Bank of Lakeview, of the Lake County Land and Livestock company and various other large corporations operating in southeastern Oregon.

At one time he was state senator from this district and was the father of the present exemption law for debtors. He was chairman of all of the war loan relief activities during the present war and invested very heavily in government bonds at the time.

WORK FOR LAKEVIEW LAUDED

W. Lair Thompson Expresses Deep
Regret at Death.

W. Lair Thompson, formerly a resident of Lakeview, now of Portland, was one of Dr. Daly's most intimate friends, and when informed of the sudden death, expressed deep regret.

"Dr. Daly was one of Lakeview's most enthusiastic boosters and had done a great deal for the city and that portion of the state," said Mr. Thompson. "He became a resident there about 20 years ago, coming from Texas. He was born in Alabama. When he first settled in Lakeview he practiced medicine and it was some country of distances then. He rode all over the surrounding neighborhood, attending the sick and dying and built up a great circle of friends."

"Dr. Daly was a bachelor. He was for many years on the school board at Lakeview, and it was through his influence that the first school of any pretensions was built. While in the state senate he put over a bill that I think was the only one of its kind ever put through successfully—to appropriate \$5000 for the construction of the Lakeview community public school. It has since been replaced by a fine, modern structure."

"Dr. Daly was a factor in the development of that community and while county judge, built the brick courthouse, which is a splendid building for a comparatively small community. He was a member of the Elks' lodge."

Warner Valley Wants to Import Muskrats.

Game Commission Asked to Help
in Plan to Stock Valley With
Fur-Bearing Animals.

WARNER VALLEY in Lake county is waiting to be planted with muskrats. Although the depression is 60 miles long and covered with a chain of sloughs and lakes from end to the other, a situation generally considered ideal for the culture of these small fur-bearing rodents, not one of them ventured into the district.

A letter was received yesterday by State Game Warden Shoemaker from J. E. Van Keulen, the Warner Valley Mercantile company setting forth the wishes of the community. Trappers and others living at the town of Plush, he says, want the valley stocked with muskrats.

The writer seeks information as to whether the commercial assist in this, where the muskrats could be obtained, which would be the right time of the year to get them and how many should be put in the valley.

Harney valley is the nearest point where the rodents are to be found and it was suggested by Mr. Van Keulen that arrangements might be made with government trappers to get some for Lake county. The people at Plush are willing to give financial assistance, but desire a closed season to be declared for several years if the muskrats are brought in.

LAW SCHOOL IS HONORED

University Admitted to Membership
in Association.

UNIVERSITY OF OREGON, Eugene, Jan. 5.—(Special.)—The University of Oregon school of law has just been recognized by admission to the Association of American Law Schools. News to this effect was contained in a telegram received at the university from Dr. E. W. Hope, dean of the school, who has been in Chicago attending the sessions of the organization, an auxiliary of the American Bar association.

The Oregon school has now completely recovered from its wartime slump. With more than 100 students its enrollment is now greater than ever before.

REGISTRATION IS BEGUN

Students Again Appearing at University After Holidays.

UNIVERSITY OF OREGON, Eugene, Jan. 5.—(Special.)—Registration for the winter term in the University of Oregon began today after the three-weeks' holiday, and classes will open at 8 o'clock tomorrow morning. After Wednesday all students registering will be charged the fee of \$1 for late registration, with an additional 50 cents a day fine for each day after Thursday, under a rule lately adopted.

Two members of the faculty who have been absent on leave for the last quarter will be back for the opening of the term—Dr. E. S. Bates, head of the department of rhetoric and English literature, and Dr. E. L. Packard, professor of geology.

PLANT CONTROL IS TAKEN

Sacramento Company Not to Change
Personnel at Klamath Falls.

KLAMATH FALLS, Or., Jan. 5.—(Special.)—The Earl Fruit company of Sacramento, which purchased the Klamath Manufacturing company's box factory and yard here last October at a reported price of \$700,000, has assumed control. No change has been made in the personnel.

A. G. Krause, manager of the plant for the Johnston estate since the

death of Robert A. Johnston, will retain his position under the new ownership. The name has been changed to the Klamath Lumber & Box company. The output of the factory will go primarily to supply the Earl Fruit company's various packing plants. If there is any surplus it will be marketed.

KLAMATH DRILLING HALTS

Installation of Casing Necessary in
Quest for Oil.

KLAMATH FALLS, Or., Jan. 5.—(Special.)—Drilling at the experimental well of the Klamath Oil company, 20 miles south of here, has been temporarily halted by the necessity for installing casing. The well is now down 800 feet. At 700 feet an 18-inch vein of anthracite coal was struck and at 800 feet the drill brought up particles of manganese iron. The iron sand also showed a trace of gold.

Experts say that in Ohio fields oil underlies coal and iron strata. The promoters of the local company have given serious thought to development of the coal deposit if the quest for oil fails.

MANACLED INDIAN FLEES

Prisoner Crosses Icy River and
Mountain Before Recapture.

YAKIMA, Wash., Jan. 5.—With his wrists locked in handcuffs, Charles Boyce, a young Indian arrested here on a forgery charge at The Dalles, Or., escaped from Sheriff Levi Christman today as the latter was buying tickets at the Northern Pacific passenger station for their return to Oregon.

Striking for the western part of the city, Boyce traversed the Nob Hill and Fruitvale districts, forded the icy Naches river, crossed Lookout mountain and was captured near Selah. Officers estimate that the Indian traveled 20 miles before being overhauled.

Lawyer Ordered Disbarred.

OLYMPIA, Wash., Jan. 5.—(Special.)—The supreme court, sustaining the recommendation of the state board of law examiners, ordered the disbarment of A. B. Wiltse, a Ritzville, Wash., lawyer. Wiltse was charged with unprofessional and disloyal conduct in soliciting fees for preparation of questionnaires for men called under the selective service act. He was also charged with assisting clients in preparing false affidavits in order to escape military service.

RED CROSS FUND SPLIT

\$13,750,000 TO BE USED WITH-
IN UNITED STATES.

European Relief to Get \$15,000,000 and \$1,250,000 Allotted to Programme in Serbia.

ASHINGTON, Jan. 5.—Out of a fund of \$30,000,000 available for its work this year, the main Red Cross has set aside \$15,000,000 for European relief, \$13,750,000 for use at home, and \$1,250,000 for completing its programme in Serbia.

In making public Sunday plans for carrying forward peace-time activities Dr. Livingston Farrand, head of the organization, declared that a considerable reserve must be held for emergency calls "incident to such possible events as the opening of Russia to intercourse with the United States."

All allocations to soldiers, sailors and their families must be provided for, Dr. Farrand reported, while the Red Cross must be ready to meet relief demands due to disasters.

To provide disaster relief, the report said, a substantial sum should be available and the public can be asked to replenish the disaster fund after preliminary action has been taken rather than before.

The committee expressed the belief that the home reserve fund would properly protect the Red Cross obligations elsewhere considered of primary importance.

SHERIDAN IN DARKNESS

Steam Pipes at Power Plant Burst
and City Has No Light.

SHERIDAN, Or., Jan. 5.—(Special.)—Owing to lack of fuel the electric light plant has been practically closed except for a short time in the night, when a small current of electricity was maintained.

Now when fuel has become more plentiful, a large number of steam pipes under heavy pressure burst last night and left the city in darkness.

A new plant is being rushed to completion at Willamina, Or., and power will be furnished from that plant by means of a short time in the night. This plant will be completed in about ten days.

MRS. CASTNER INJURED

Hood River Woman Recovers and
Goes On Taking Census.

HOOD RIVER, Or., Jan. 5.—(Special.)—Hood River county's quota of census workers started their campaign Friday and work is progressing rapidly. Among the census takers is Mrs. Charles H. Castner, ex-president of the Oregon Federation of Women's clubs.

Mrs. Castner on the eve of her work slipped on an icy sidewalk, falling and striking the back of her head against the hard pavement. She was unconscious for several hours and friends and relatives were alarmed. However she has recovered and is busy with her work.

COUNTY LIBRARY STARTED

Jackson Inaugurates System for
Rural Districts.

MEDFORD, Or., Jan. 5.—(Special.)—Jackson county is now one of the five counties in the state enjoying a county library system.

The budget, recently passed, gives a much-needed library privilege to many outlying districts throughout the county, as well as to towns near this place.

The books will be sent out from the Medford library.

Fruit Land Brings \$30,000.

EUGENE, Or., Jan. 5.—(Special.)—Everett Turpening, who has been engaged in farming here for many years, has just sold his place of 30

acres of fine fruit and dairy land north of Eugene, across the river, to R. A. McCormack of North Dakota, for \$30,000. This farm contains the oldest English walnut grove in Lane county.

HOOD RIVER FOR WOOD

Republican Sentiment Seems to Be
Strong for General.

HOOD RIVER, Or., Jan. 5.—(Special.)—Judging from popular expression, General Leonard Wood is more favorably thought of here as a possible republican nominee than any other candidate. E. L. Smith, for many years prominent in Republican leadership in Oregon, has given General Wood his unqualified indorsement.
