

SUGAR PROFITEERING ARRESTS MADE HERE

Two Grocers Summoned to Answer to Charges.

ONE IS UNDER \$500 BOND

A. W. Anderson and Joseph Lettiff Accused of Exceeding Scale Set by Equalization Board.

Two retail grocers were arrested yesterday by United States Marshal Alexander on complaints issued by United States Attorney Humphreys charging them with profiteering in the sale of sugar.

Lettiff appeared before United States Commissioner Drake at the federal building yesterday. His bond was fixed at \$500, but he was released last night on his own recognizance pending the filing of a proper bond today.

Mr. Anderson, who was not notified of his arrest until this morning, gave assurance that he would appear at Commissioner Drake's office this morning, where the warrant will be served on him.

Justice Agent Makes Purchases. Evidence against the two men was procured by Tom M. Word, agent of the department of justice, who was said to have made the sugar purchases yesterday. Mr. Word's name was signed on the complaint which accused Mr. Anderson of selling sugar at 14 cents a pound retail, while he likewise appeared as complaining witness against Lettiff, who was accused of exacting 14 cents a pound for sugar.

The retail price for beet sugar in the Portland district has been fixed at 13 cents by the federal sugar equalization board and the United States food administrator, and both merchants against whom complaints were filed yesterday were accused of violating this edict, which was made under authority of the food control act. The food control act provides for an unjust or unreasonable price for any article of necessity.

Short Weight Also Charged. Not only was Mr. Lettiff charging 14 cents a pound, it was alleged, but he also sold short-weight sugar, according to Mr. Humphreys, who said he found a two-pound package 1 1/2 ounces short upon careful weighing.

Complaints against these two grocers were made from the Portland fair-price committee. After the complaints had been made to him, Mr. Humphreys sent Mr. Word to the two stores to purchase the sugar, and as a result of the investigator's purchases the charges of the housewives were in every way verified, said Mr. Humphreys.

Profiteering Hint Proposed. "From the very outset I have given the public positive assurance that this office would prosecute every case of profiteering when the evidence justified this course, and that the first cases where earlier suspicions have been confirmed, and consequently these two grocers are the first to be arrested in this state on profiteering charges."

"But I want to reiterate what I have said before, and that is that I will continue to investigate all charges brought to me by housewives or any other persons, and any profiteering shall be brought to a stop."

Mr. Humphreys said that the two cases which resulted in arrests yesterday will be presented within the next few days to the federal grand jury, which is now in session. Any other complaints by Portland people will be placed before the grand jury if the evidence justifies the action, added Mr. Humphreys.

WRECK BODY IDENTIFIED

Signet Ring Worn by A. R. Smith, Sailor on Chanslor.

BANDON, Or., Jan. 6.—(Special.)—The body found near the scene of the Chanslor wreck has been identified through a signet ring in the possession of A. R. Smith, sailor on the ill-fated vessel. Identification was established by P. J. Sawyer, 102 West Park street, Portland, who owns the ring and who is an Oregonian. The body has been buried near where it was found, but may later be disinterred and sent to relatives.

DEBATE CONTEST LOOMS

OREGON, O. A. C. AND REED COLLEGE PARTICIPANTS.

New Year Series Opens Friday Night on Question of Stopping All Immigration Five Years.

UNIVERSITY OF OREGON, Eugene, Jan. 6.—(Special.)—Intercollegiate debating for the year 1920 will open in Portland tonight with the first of a series of contests in the new league made up of Reed college, Oregon Agricultural college and the University of Oregon. The question to be debated is "Resolved, That the principles of the Chinese exclusion act should be applied to all immigration into the United States for a period of not less than five years."

The Oregon affirmative team will meet the Oregon Agricultural college negative on the campus here, and the negative will go to Portland to meet the speakers from Reed. Oregon's affirmative is made up of Kenneth Armstrong of Portland and Elmer Fendley of Warrenton. The negative negative speakers are Remy Sox of Portland and Ernest Crockett of Spokane, Wash.

In February a triangular debate is to be participated in by teams from the universities of Idaho, British Columbia and Oregon. The subject has not yet been picked. A third triangular debate is to be held by Washington State and Oregon on some phase of the closed-shop question.

Intercollegiate debating for the women of the university is to be developed further than ever before if the efforts of Professor Prescott and the forensic league are successful. Washington's contest has been obtained to bring Stanford into the women's triangular, and the Oregon affirmative is now working with Stanford to complete arrangements to make the proposed extension of the league.

Washington State college, Oregon Agricultural college and the University of Oregon are members.

Meanwhile 12 teams of women debaters are preparing for the tournament in the women's doughnut league.

BOND BIDS TO BE ASKED

Commissioners at Montesano Will Market \$650,000 of Issue.

ABERDEEN, Wash., Jan. 6.—(Special.)—The county commissioners, in session at Montesano, practically have decided to issue a call for tenders on \$650,000 of road bonds. The bonds voted by the county at the recent special election. This would mean that half the amount, which it was thought would be raised in a five-year period, would be spent next year.

Of the proposed amount over half would be spent in construction of arterial roads within the limits of Aberdeen, Hoquiam and Cosmopolis.

LOS ANGELES MAN GAINED 25 POUNDS

Could Hardly Lift Arms and Every Muscle in Body Ached, He Says—Tanlac Restored Him.

"I have not only gained 25 pounds since I commenced taking Tanlac, but I am feeling better than I have in years," was the statement made by Charles J. McLean, a popular decorator living at the Argonaut hotel, corner East First and San Pedro streets, Los Angeles.

"About a year and a half ago I had a severe attack of rheumatism from which I have never been able to recover," continued Mr. McLean. "My arms and shoulders hurt me so bad I could hardly get my arms up and it felt as though my joints were in my body ached. When I went to bed at night I had to lie in one position all night long, for it was agony for me to move. My stomach went back on me and I practically lost my appetite and what I did eat did me more harm than good. Almost before I knew it I had lost something like 20 pounds and felt weak and worn out all the time."

"I tried all kinds of medicine, but I was gradually getting worse until I got hold of Tanlac and started taking it. Well, sir, it hit the spot and I improved so fast that in no time I was feeling like a different man. All traces of the rheumatism left me and when I went to bed I could get in any position I wanted to and sleep as sound as a child. My appetite came back and the indigestion disappeared. My lost weight and strength all came back and I felt built up in every way. This was several months ago that I took Tanlac and was in perfect health until a short time ago when I took a cold. I went straight to my Tanlac and it fixed me just as fine as it did before and now today I could not ask for better health. Tanlac is certainly the greatest of all medicines and with pleasure that I recommend it."

Tanlac is sold in Portland by the Owl Drug company.—Adv.
