War-time prohibition vailing side. War-time prohibition has given opportunity to discount many of the gloomy forebodings of the alarmists; high prices for drinks have operated in other quarters to individual consumption; a good many well-meaning but thoughtless young blades have found out that they were all the better off for abstinence; and the country at large has learned that it need not go to the dogs just because its liquor has been cut off. VOICES THREE. Now a flute hath life and a lift to it.

As a blackbird fey with spring,
Shimmer and glitter and glit to it. And country maids in a ring. Merry the lips that are set to it. Nimble the finger-bones, sings with a frolle and fret to it, Like water over stones.

And a viol hath soul and a way with it To grieve or to make glad. That all may be sober or gay with it-Grandsire and stripling lad. Wraith of an olden pain, And the strings of your own heart throb to it. For it bringeth dreams again.

But a trumpet hath voice and a shout That rings in the ears of men.

Vith never a grief nor doubt of it—

Over the hill and fen. livern it cries with an urge to it, Clanging against the sky-And footmen and horsemen surge to it

Where the freed standards fly. My heart is a knave unbridled,
To laugh and to sigh with rest:
But bend ye near, my gossips dear—
He loveth the trumpet best. L'ENVOI -FRIAR TUCK.

By Grace E. Hall, There were two little playmates I used to kflow In the beautiful days of the long ago, Who gave an allegiance most sweetly true That seemed to thrive as they older grew; Each kept a faith in the other's truth, As on they passed from their happy youth, And there came no cloud with its rain of tears
